Project Mayhem 2012 (Part 2)

Nightingale on Tue Aug 30, 2011 1:05 am

Alright! The old topic was getting too image and video heavy. It was impossible to load the "split topic" function to move the troll posts, so please continue the discussion on this topic! Thank you!

Part One: http://www.whatis-theplan.org/t1676-project-mayhem-2012

Please keep this in mind for Part 2:

> While some of you might not agree with what people on this topic are saying, calling people anything like "moonbats" or "conspiracy nuts" is simply a sad way of trying to convince yourselves that you've no need to understand someone else's passionate POV beyond a superficial level. Whether out of fear or out of arrogance, insulting them is only a lame attempt at preserving your own perspective in order to defy the possibility of having to re-assess your own understanding of the world.
>
> People who come on here to mock others for trying to discuss topics that seem unconventional to others are the same people who don't really care about learning. They place a handicap upon themselves when they limit their will to learn about things beyond their current comprehension level and perceived limitations of reality.
>
> I'm not saying that this topic is right or wrong. It is what it is, and what it is is an alternative view of the world. For those of you who are condemning or mocking these people for trying to tackle the world's mysteries from a different angle, go ahead. But you're far more pathetic in your closed-minded outlook on life than those who choose to learn something from every possibility. Who is to say what is strange or unlikely in our world, when we know that our world is one of infinite possibilities?
>
> In the end, mankind doesn't evolve by staying with one understanding or belief of the world, but rather through the introduction of new and often radical ideas that introduce us to new perspectives and, therefore, new avenues of discovery.
>
> So, do yourselves a favor. Try to look at where they're coming from and view the information provided here not as means of conversion but rather as an opportunity for a new avenue of learning. Set aside what you know about reality, because the only thing you could honestly admit to knowing is that you really know fuck-all about it. Start to learn how to be both receptive and analytical of new information.
>
> Because condemning an alternative perspective based upon the grounds that it doesn't fit into your current understanding of reality is a fallacy that will only breed stagnancy and limit your ability to expand your understanding of all possibilities.

If I could get one of the administrators to sticky this topic.

"It is what it is, and what it is is an alternative view of the world." - This was not the case only 80 years ago. 80 years ago, it was common knowledge that powerful groups and individuals love money and power and seek to increase their influence and crimes while keeping the majority in the dark, while contriving ever-deepening conspiracies to retain their power and grow in a worldly sense. The reason why people call us conspiracy "theorists" instead of conspiracy "factists" or "whistle-blowers" or "investigators" is because the establishment has brainwashed them and on that level they cannot help it. TV was a major part of this brainwashing. Another reason is because they are afraid. Terrified of the truth. Trust me, I know first hand.

Good job Nightingale! thanks again for being a good mod.

Just a quick question, can you stick this thread too?

I hope the guys that were active in the other thread posts nice summary and collections of all those massive mind fucking information here!!

I will contribute here with just a documentary about channeling, a lot of you might have seen it before, but it is present in a lot of the theories displayed here and it is very hard for some people to believe or accept such practice, sometimes the theory makes sense but the part of communicating with "spirits/entities" whatever you may, make them not validate the good theories. So here it is

So something peculiar happened to me today after attending the first day of college. (pay attention thelemachaos, as you will probably love to hear it, and the other guy who also wrote his story about being stung by a wasp after he chose to not follow the rules.)

After class i was catching up with this guy who i **know** has a **bad influence** on me and my schoolcareer. After a while during our conversation a wasp suddenly appeared. (now this is quite uncommon/odd because the weather was very cold for a wasp to appear, and the fact that where we were standing was almost no greenery present) It looked like the wasp was watching me, whilst also harassing/taunting me(?) I found it very strange and i remember the story in part 1 of the pm2012 thread that there was someone who chose not to follow the rules of the pm2012 assignment and also got stung by a wasp and receiving other multiple signs.

Shortly thereafter i ended my conversation with him, i found this experience quite peculiar/odd and saw it as a "sign" regarding my "path".

Coincidance or not?

Edit: (Reason: remembered something else)

The day before that incident i was at my girlfriends house and i noticed a book there called "The Arcanum". The ones who were following part 1 of the thread will recognize this word/title and the links it has with the occult. Something tells me that i need to read this book...

Thank you Nightingale!

Follow that coincidance Mr.Razz, check out that book and let us know what do you find out!

About this thread and about Project Mayhem 2012 as an **Alternate Reality Hacking** **GAME**, I'll add this:

MAYBE and just maybe, like Alan Moore explains:

MAYBE WE (as Anonymous) are the ***observable effects?*** of a thousand years old **hypersigil to help the Human species to EVOLVE?**

As **hypothesized**,

Well: who knows.

It's this **HYPOTHESIS** and the possibility of affecting ***Reality*** via alternative ways that we are exploring here.

Still **your brain feels UNABLE to grasp anything remotely interesting and maybe even potentially REVOLUTIONARY going on in this thread?**

Fair enough, you don't need to be interested in magick to be interested in this thread.

In that case, **skip to the extremely rational and sensible ideas that have been coming out of PM2012 as well:**

Is there anyone out there who has any sense whatsoever, and isn't blinded by their own gloriousness - who has eyes to see, ears to hear, a heart, a mind and a soul ????

Thus far, the jury still seems to be out in these regards.

You've all already been told 'multiple times' to look into Martinism & Papus - but nobody seems to be interested in anything contextually.

Hopefully those behind Project Mayhem are looking and listening, since none of you are - you'd rather have me head on out ...

Maybe that's because you continuously **FAIL** to explain what's the relationship of anything that you are trying **to force people to look up** with PM2012 source code?

It's simple, dude: pick up anything withing the PM2012 html pages, or anything in the PM2012 site that serves as **a clue to solve the last enigma**:

Actually, I think I will just leave - you people don't realize that there are those who are already well in advance of what has thus far been outlined upon the PM2012 site - even if not practicing mages.

You all are a bunch of dupes anyways, and not dupes of twirl; but dupes of spin.

I don't need you people, and you don't need me; ""we"" will continue to watch your species be driven off a very steep cliff like a bunch of lemmings.

Good luck with your future world.

I'd be very interested in what you have to say, but you can't simply post a ton of links without any sort of summary or connection to PM2012. Please, give us your insight. We are extremely open minded and I would hate to see someone as passionate as you simply leave because of some miscommunication.

Ive been thinking about the source code of pm2012 and I seems a lot of numberology maybe that the direct we should be looking in.

aswell the number that show up in the source codes seem to be "sacred" such as number 11 , 1111 , 333 , 108, 666.

just some food for thought.

It is not my job to form within the consciousness of each of you the necessary contextual framework, that is the job of each of us; no one else can do it for you - nor can they do it for me.

It is not miscommunication, everything I have posted - one person or another has told me that it was off topic or that it had nothing to do with Project Mayhem 2012 - and so what if there is some duplicity in the discussion ???

This simply is not the case, I am not trying to graft my visionary effort onto this one (as valuable as the components I possess may or may not be); I will stand as a failed visionary until the day I die as far as I am concerned and go to my grave with what I have beheld and know ...

I was trying to help you people to put the pieces together, but there isn't anybody who is willing to become educated in any manner outside the carrot and stick game that Project Mayhem 2012 is playing - I haven't dropped any clues that couldn't (or have not) made the picture clearer for each and all - but this is the way I have consistently been made to feel.

I've waited for 16 years, this obviously is not the place for what I have to share; same as 1998 when people told me that the people of planet earth were not ready for what I had to share.

If those behind Project Mayhem 2012 are looking for "Archon Mages" (Ancient Atlantean Master Soul Extension/Wizard actually); like I said - there is one here ((they already know this)) .. even if one who doesn't practice 'magickal arts'.

Maybe in a month or so you all will catch up, until then; I don't think I should do anything besides stand by as a silent & neutral observer - maybe I will continue to review some of the stuff that has been outlined here-in that I haven't been able to review.

Otherwise, I am done wasting my time and good nature here-in.

Good Luck with your effort,
Regards,
12DnA/Daniel

I will cease participating in this thread, and upon this forum; seeing as you have seen through my eyes as you say - into my heart and soul.

It would do me some good, based on the entirety of information / links / components that I have put forth; if you were to tell me what it is in what I have detailed in my own process of trying to understand things that you do not agree with - pm me in these regards (but I doubt you will).

There is nothing agressive in my tone, frustration and exasperation; yes - but I really don't have any hostile tension towards you or anyone else ...

I do not think that the majority here-in; even though they proclaim to be truth seekers; I see it as being little more than lip service (like PM2012 is looking for, more like drones).

Truth Seekers seek the experiences, not shy away; that is not how the tides are turned ...

That is how the waves crash down upon each of us, all of us ...

... you have to stand up to be stung ...

I have a good day every day,
Daniel

whoa hold on there helix, I Know you not competely gone...
and you will never will be.

There must be some curiousity inside you, like everyone else in this thread.
I'm starting to feel like your fearing project mayhem. Your saying why but theres no evidence to back up your claims on pm2012.

Look, We dont know who's behind this website. Its a bloody mystry. And we dont know it intentions are, but theres **too much** knoweledge here to give up. We're too far down the rabbit hole now.

We are extremely open minded and I would hate to see someone as passionate as you simply leave because of some miscommunication.

The approach you are taking 12DnAHelixis has thus far not been constructive. Though your material is very interesting,and I have taken some time to dive into it, it lacks focus. The material and discussions which have been introduced and developed from pm2012 have followed a linear path with landmark themes to rescue readers/students/passive observers from a total mindfuck. Before diving in you need to learn to swim

Your derogitory abiet personal view that we active participants of this thread are dupes is totally unfounded and clearly a defensive measure to gaurd the validity of your reality. Before exercising your inalienable right to free speech I personally would recommend you take the responsible action of studying sociology and the interconnective traits we as humans use to communicate. Your dense ego seeps through every one of your posts and detracts from any information that could be tangible.

Take this constructively please.

I went outside and listened to the birds and the breeze, and hung out with the ants for a couple of hours. This is one of the luxuries that those who are not confined to automobiles or houses have.

Although I am sure you all have backyards, you should go outside and listen to the birds; you might learn something.

My 'internal guidance' tells me not to flee; and that we are not here to fight; I was hoping I wasn't the only one here who found value in envisioning unlimitedly.

To me there are two types of dupes.

There are 'Dupes of Spin'; and there are 'Dupes of Twirl'.

I like to think of myself as being a dupe of twirl, as opposed to a dupe of spin.

The Golden Mean Spiral begins with a twirl, all spin begins with a twirl.

A figure skater in order to put on an excellent performance requires both twirling and spinning (pirouette).

I do not mean it in a derogatory manner, only because I am trying to point out that there is much more to the picture.

I am sorry if everyone out there has not spent significant time and effort researching and delving into the depths of their very own souls, and the quantum (omni-dimensional) levels of their beings.

Surely some of you out there have done some exploration.

If you all went back and looked through the clues I dropped, and actually reviewed them; you would have a clearer picture. I dropped them in linear / sequential manner in reference to that which was being delved into & discussed.

I told you all to read ""Subversive Movements & Secret Socieities"" by Nesta H. Webster; how many of you read it ????

Had you read it, besides learning that the cirlce with the dot inside of it was the symbol for the illuminati; you would have also seen that Eliphas Levi is also talked about.

Then you would know the connections that exist into Martinism and Papus, you would also know about the Martinites Secret Notebook; and that the true invisibles were not just the inner circle adherents - but 'intelligence from beyond'.

Now, I posted the link to Andrew Gough's Arcadia website - the section about the bees; at first it wasn't noticed - then I posted the forum.

ThelemaChaos picked up on it, and read the article; where-in the Bee was found. I knew the Bee was in the Article, I saw it; but I didn't say anything.

It was from that website, whence Pierre Plantard was also talked about a bit; which then delves into the Priory of Sion.

Now, had any of you read ""The Templar Revelation"" and the ""Sion Revelation"" like I suggested now multiple times you would have known these things:

You would have known that the shroud of turin is not jesus burial shroud and analysis of the last supper painting, the role Leonardo Da Vinci played - you would also know where Dan Brown got some of his ideas for the DiVinci code.

You would also know about the Johannites, who are followers of John the Baptist; and about the upright raised finger - which I think Jean Cocteau may also have portrayed.

You would also know about the Black Madonna and Cult of Isis, and some of the mythos that these people believe regarding Mary of Magdelene.

A whole lot of context that is missing, which is necessary if you people are truly going to grasp where Project Mayhem is coming from and where it is going.

... how many of these lines also lead back to Papus, and how it is all connected and isn't Rosicrucianism / Freemasonry / Illuminati / Martinites / OTO, etc ...

I suggested reading Bart Ehrman's books, which should be read for contextual value also; regarding the origins of Christianity - which "Not in His Image" essentially destroys ...

---

You need to understand who the true enemies are, those who are in cahoots with the "Outer Church"; the Rothschild's for example + Sovereign Military Order of Malta + the whole structure as it is established.

Now, seeing as much of this line of thinking you are all working with deals with Aleister Crowley - who could perhaps essentially be described as being an 'experiencer' of 'interdimensional communications'.

In the characteristics regarding LAM, it says:

Lam is known to be a link between the star systems of Sirius and Andromeda.

Now, I have written from both Andromedan & Sirian perspectives, there are only two other people on the internet who also purport 'Andromedan' - Alex Collier (trufax.org) and Ananda Bosman (Hadronic Mechanics).

I don't know how much more I need to try and get you people to see, what else is there which I have posted that people out there do not understand - which they have looked into and can't see - how it fits into this process ????

---

Now, Thelema Chaos wants to talk about "Witch Hunts" ... both Thelema Chaos & Anonymoose have attempted to barb me.

How many duplicate posts of the same images has Thelema Chaos individual made - over and over and over again ???

Also, you might notice the martinites use the hexagon and the hexagram in their symbology ...

... realize at the apex the secret socieities are all working together towards the same thing, which to me does not appear to be the agenda which is oriented in alignment with the "correction" ...

regarding the unfoldment of timelines within the spatial field ...

I am trying to get you people to be able to visualize to the degree that you realize a direct connection exists between you and the central source of emanation ...

only in this space, with this sacred circuit re-connected should anybody be trying to use their intent and will to shape eventual occurrences.

... and it also helps to strengthen us each, our connections to the source ...

I also think the dynamic with Telemachos was a play, which is anagramatically close to Thelema Chaos but minus a couple letters.

I am not here to play games, and it is stated her-in this thread; that this is a game.

Checkmate was in 2004, that means game over.

Regards,
12DnA

12/21/2012 is the time of the sigil activation of what the collective unconcious of the world believes will happen if the world believes it is the end of all lies the beginning of the world settling it's differences the beginning of human perfection then it will become that we do not need to watch ourselves to make sure we are perfect with god we were created to be one with god god the creator of this universe the most perfect being of all with mankind being his most prized and perfected creation yet how can we not be perfect? we are only imperfect so long as we believe we are not, we are only un-united so long as we believe that to be so let us spread the belief that 12/21/2012 be the time that the world becomes heaven the ultimate form of perfection like it once was that is what I believe project mayem wants us to do... to create that one sigil that the whole world agrees with that is what will represent 12/21/2012 when we once agian become perfection like we were originally intended let this idea come to place we each make our own mark of our own belief of what we see on one giant sigil that comprises all of our beliefs and not a individuals beliefs thus it now comprises not just a power of a individual but of several people making it a even more powerful sigil I think that is what we should be looking into a unified project between all of us to put our own magickal touch to rather then just one persons view

I shall, and like I said; I won't intrude into your virtual reality game with any more depth.

I am not going to run off and leave, but I am also not going to have a battle of egos or a battle of wills with anyone - and more than one person has made it clear that they do not welcome my presence or what I have to offer.

I can not force anyone to delve into territory that is beyond the scope of their belief system, experience base or perceptual framework.

I want it to be known that I did not ask for any of this shit, and like I tried to illustrate it has ruined my life.

But, if you people are interested in Aleister Crowley, and his Archonic experiences; I don't see why one would not take the time to review the information I deposited - even if just the Andromedan Perspectives out of my Andromedan-Orion-Drac writings.

... but most important is the 'Foundation for Omni-Dimensional Science & Spirituality' and the Solarworld Chronicles ...

You all might gain a few clues, but I would take it with a grain of salt; just as I would take what Aleister Crowley had going on as well.

I can't say that I totally understand any of it - but the 'ETs' are not the good guys - even the benevolent ones; it is solely our very own direct connection to the source that should be relied upon - not that the 'ETs' shouldn't

be taken into consideration - but they generally have not had the highest interests of humanity as their mainstay focus (at least according to ancient gnostics).

In my Sirian/Alpha Centaurian writings they diss on the Andromedan-Orion-Draconian Alliance; but then they say that pointing the blame in any one direction isn't going to solve anything - only cause further tearing to the spatial field within which timelines unfold.

This thread definitely is not ready for what my Alpha Centaurian writings have to say ...

I was hoping that there truly were adept initiates involved in this effort who might recognize -me?-.

We are heading further and further away from the earth, without the sacred ground underneath our feet being held in high esteem first and foremost ...

There will not be a future, please read "Not In His Image" ...

Virtual Realities are the realm of the Archons, not the Aeons; and I am sorry a Anti-Christian / Luciferian NWO is not something you will see me going for.

An NWO which is Earth-Solar-Galaxial-Multi Universal Oriented & Receptive to Aeon Christos & Sophia via our individual NOUS and EPINOIA perhaps though.

This is not the agenda of the secret societies ...

I honestly do not think humanity is going to make it.

Please do put me on your foe list, I am not here for you obviously; but neither am I here for myself solely - and you obviously are not here for me - but perhaps you are for someone else.

Like I said, humanity is not going to make it; at least not the greater majority - this has already been foreseen along one timeline.

Maybe you are not here to see the unfoldment of timelines within the spatial field corrected, some of us are here for that though.

Only you know what you are here for, and that is in between you and the source out of which the entirety emanates.

So all you out there, it won't bother me if you put me on foe.

Please go ahead and put me on foe also, divide yourselves against each other (or away from me); and separate the wheat from the chaff.

Personally, I think it is quite laughable; and they do say that laughter is the best medicine.

All I can say is that with the receptivity and attidues there seem to be here-in; you people are not going to change the world.

... and with my abrasiveness; neither am I; obviously ...

At least with all you people having me on foe, those who are truth seekers; not just drones will be able to view what I have to say.

This effort certainly appears to be the apex of hypocrisy, if you all existed in the real world instead of just online; perhaps you would seek to do as you say ... not just saying that you do.

It is about 'living the way'; being it; not paying lip service and then acting in the opposite manner.

If I were to manifest a troll, it would not be that one.

Get back onto the topic of Project Mayhem 2012, please, and stop feeding the trolls!

12DNAHelix, if what you have to say has relevance to PM2012, then please contribute by clearly explaining the relevance. People seem to enjoy speaking in riddles on here like they're some sort of clairvoyant mystic.

All it is looking like to us is that you're saying: "I know something you don't know, because I 'get it' and you don't. I want to help you understanding, but I really actually don't because it's not my role to explain it to you."

I ~~believe~~ hope that you don't speak using such a round about way when addressing people IRL. So, instead of getting pissy that nobody else can follow your POV, try to start explaining your thoughts and their relevance clearly.

People are on this topic to try to figure things out for themselves. If you want to help people, then do so by removing the confusion...not adding more to it. But don't come on here, post a bunch of links without explaining the relevance, then bitch and threaten to leave when nobody else can follow what you're trying to say. That's just ridiculous.

If 1 person can't follow you, it's their problem. If 2 people can't follow you, it might be their problem. If an entire thread of people can't follow you, then it's your problem.

By the way, threatening to leave is not a threat to us. We could care less if you want to leave.

"Project Mayhem" is a *concept* that's been around since at least 1996, which is when the novel "Fight Club" was written. The movie was filmed in 1999.

http://www.google.com/search?&q=%22project+mayhem%22 throws +940000 results.

Aaanyway, back in track, remember when the source code speaks of Alejandro Jodorowsky as **the "Last Nautonnier" = the last Grand Master of the Priory of Sion?**

Pretty impressive, right?

Ok, so this Holy Blood / Holy Grail is the famous concept of the

SANGRAAL = (french for:) Royal Blood + Holy Grail, right?

Good.

So, what is this Royal "Sang"?

However, the knights hid the documents in a new location before Popes forces captured and executed them. **Only the secret society known as the Priory of Sion knows where they hid them.** In addition, the Sangreal Documents, according to Brown contain the Magdalene Diaries and the Purist Documents.

Ok, so there is a direct link between whatever those documents are, the Royal Blood = SANGREAAL and the supposedly Grand Master of the Priory of Sion, right?

So, if we are playing with the **hypothesis** that, as Project Mahem 2012 is informing us in its source code,

Alejandro Jodorowsky might be the Last Grand Master of the Priory of Sion... and as we have seen that Jodorowsky met the supposedly last Grand Master, Jean Cocteau, then there should be further hints that made us think of Jodorowsky as the last Grand Master of the Priory of Sion, right???

Ok.

Ready to shit some more bricks again?

We know that Jodorowsky, other than a film director is mainly known for being a comic writer that, as we already saw, our dear **Alan Moore admires**, right?

Well...so... **if Alejandro Jodorowsky was really the last Grand Master of the Priory of Sion, there might be other subtle hints in his Works that pointed the "Initiated" eyes towards this possibility, right?**

Well, I found this in Jodorowsky's bibliography!

Sangre real (drama antiguo) (2007)

Full comics bibliography:

http://www.europeancomics.net/index.html?a=a&b=Alexandro_Jodorowsky

Tango down!

Shitting bricks already?

Well, wait to see this. He has ALSO directed a movie, titled...:

SANTA SANGRE = HOLY BLOOD!!!

He has even drawn a comic about the movie with the great artist Moebius!

The trailer:

"The official emblem of the Priory of Sion is partly based on the **fleur-de-lis**"
http://en.wikipedia.org/wiki/Priory_of_Sion

Jean Cocteau (worked with Jodorowsky), supposedly, **Grand Master of the Priory of Sion** **(http://en.wikipedia.org/wiki/Priory_of_Sion#Alleged_Grand_Masters)** , with **White Lilies.**

http://twitter.com/#!/alejodorowsky/status/40786134166409216

Translation:

"With a kind smile, accept the shadow of the WHITE LILY."

Just **ANOTHER coincidance moar?**

So, YES, there are not only one, but several links that *rationally* follow from the PM2012 hint towards us confirming the possibility that **Alejandro Jodorowsky might *bee* the last Grand Master of the Priory of Sion/ZION!?!**

If such is his role, then...

...WTF is PM2012 role in all this?

ok I'll briefly sum up what I've learned about 12DnA through this thread and reading through his posts on GLP. In the late nineties whilst tripping on a psychedlic substance (can't remember if it was peyote or mushrooms) he had a Close encounter with a UFO. The occupants of said UFO shared with him a "secret". He then was able to "summon" craft aswell.

He claims to be able to view the true nature of the human soul and that DNA is not meant to be just a double helix but is meant to have 12 strands which if we believe him we can unlock, also there is some mumbo jumbo of the 144,000 faceted earth soul omni directional matrix something or other, which 12 DNA likes bringing up. If you haven't been able to see it like he has, you really know nothing (misdirection perhaps?)...at least that's what I've garnered from some of his posts.

He tried sharing that with the world everywhere he went.

He claims he became homeless and lost everything as a result of his endeavours to uncover this "truth".

He searched far and wide for meaning for his vision. Posted huge threads on GLP (GodLikeProductions) of his "converse" with sirians, andromedans etc outlining various stellar alliances...draconians etc. If you look at GLP by and large his threads and posts get ignored, and he spends much of his time replying to himself coming from GLP that's saying something (I do feel sorry for him in this regard)...I'm also sorry but I think with

12DnA we are in ashtar command territory

Everyone who will not swallow his red pill he claims are "blind" or not "real" truth seekers. He took it upon himself then to get $150 million dollars from the rothschild family to set up his omni directional soul spiritual univercity or what ever it is. After obviously not getting the cash he believed that the Rothschild were "unsavable" and out to get him. He believes however that they have been outfoxed (not sure if by him or his intergalactic brethren) and it was game over "checkmate" as he calls it back in 2004.

Like any "out there" conspiracy theorists he has looked into many things of an occult/spiritual/secret society nature and has found connections between them ALL so as to validate his reality tunnel to himself. He is now using this thread in an attempt to validate himself even more and to try convince others of his "vision" of reality before it is "too late".

12DnA likes to carry himself off as someone who knows more then you do... and that's something that irks me because I for one have read and researched most of the info he has posted here before but I won't be so arrogant as to tell you what the "true" interpretation of any of that info is.

One of 12DnA's favourite "tactics" to use in his arguementative stance is that if you haven't read a book he has referenced then you don't have a right it seems to comment...the "I've read more better books then you stance" blah blah blah heard it all before and maybe you haven't

12DnA also believes that the people behind projectmayhem must be aware of all he speaks of and has now also incorporated them into his belief system thus validating it more for himself...Although as of yet he doesn't seem to have fully decided if they are on the side good or evil in his universal construct.

Whilst some of the links 12DnA has posted you will find info within them related to the projectmayhem site 12DnA gives no context for his posts, so basically picking any occult, esoteric site you will find shared images/people/philospohies.

He claims to have done everything in a linear fashion. This is true but it is a linear fashion to his world view and doesn't really do anything as far as I'm concerned to shed more light on projectmayhem2012 rather muddy the waters...if you truely know what is really going on 12DnA answer the second enigma "what is the cipher that is not a cypher?"...or at least make an attempt at it.

To sum up I feel that 12DnA's posts may just be derailing this thread further and his whole "We Are Right" - WAR stance is beginning to give me a headache.

I will not Foe him however as this is just the internet and I have encountered many of his type before.

That's right 12DnA you are not alone, there are 1,000's of people with "out there" beliefs that they are 100% convinced they are right...you are not alone.

About fishermen places... Villefranche-sur-mer, in France! Cocteau's place!

The Jules Rimet Trophy was the original prize for winning the Football World Cup. **Originally called "Victory",** but generally known simply as the World Cup or Coupe du Monde, it was officially renamed in 1946 to honour the FIFA President Jules Rimet who in 1929 passed a vote to initiate the competition. **Designed by Abel Lafleur and made of gold plated sterling silver on a white/yellow marble base. Since 1958 this base has been replaced with a high base made of lapis lazuli, it stood 35 centimetres (14 in) high and weighed 3.8 kilograms (8.4 lb).[1] It comprised an decagonal cup, supported by a winged figure representing Nike, the ancient Greek goddess of victory.** The Jules Rimet Trophy was taken to Uruguay for the first FIFA World Cup aboard the Conte Verde, which set **sail from Villefranche-sur-Mer**, just south of Nice, on 21 June 1930.

> **"The original octagonal world cup with the title of ‘Victory’ and retired in 1974, was made of gold-plated sterling silver and lapis lazuli, depicting the female figure of the Greek goddess Nike, its replacement now depicts a male and female holding up the earth.** After its incredible arrival in Lincoln, the trophy co- incidentally travelled to Paris where Dan

> Brown placed the Magdalene under the inverted pyramid at the Louvre. To explain the consequent synchronicities of this trophy arriving at Sincil Bank, we must take a look at the visiting team, Hereford United. Hereford Cathedral is the home of the 158cm x 133cm golden 13thC Mappa Mundi or 'Map of the world'. It is attributed to Richard de Bello, Prebend of Lafford in Lincoln Cathedral but what also connects Lincoln Cathedral with Hereford is a medieval writer with an appropriate surname, Walter Map (1140-1210), chancellor of the diocese of Lincoln, later becoming Precentor and then later canon of Hereford. Map was long considered to be author of a lost prose version of the Lancelot story entitled **'Quest of the Holy Grail'** on which later accounts of the Arthurian legacy were based. In the centre of the Mappa Mundi is placed Jerusalem. Three miles to the west of Lincoln Cathedral we have the uniquely named small village of Jerusalem. Curiously, the labels for Africa, host to this year's World Cup, and Europe are in reverse.
>
> The connections deepen when we learn that the favoured nickname of Hereford United is **'The Lilywhites', the white lily being the emblem of Mary Magdalene.** Lincoln City's football ground, Sincil Bank, was built in 1895 **the very year that Berenger Sauniere began his construction of the Villa Bethany. So, that's clearly the image of the archetypal Goddess.

The Goddess has gone under many different names all along the history of humankind.

One of them is Tanit. Observe the position of the **arms.**

http://en.wikipedia.org/wiki/Tanit

Also as Astarte:

http://en.wikipedia.org/wiki/Astarte

Also, as Inanna/Ishtar:

> Inanna, also spelled Inana (Sumerian DINA NA; Akkadian DINANA) is the Sumerian goddess of sexual love, fertility, and warfare. Alternative Sumerian names include Innin, Ennin, Ninnin, Ninni, Ninanna, Ninnar, Innina, Ennina, Irnina, Innini, Nana and Nin. These names are commonly derived from an earlier Nin-ana "lady of the sky", although Gelb (1960) presented the suggestion that the oldest form is Innin (DINNIN) and that Ninni, Nin-anna and Irnina are independent goddesses in origin.[1] Her Akkadian counterpart is Ishtar.

No, it was not rage; but yes - you all did hurt my feelings and you have.

You preach "divided by zero" or "nothing" yet you neither listen nor are the participants within this thread operating in such a mode.

ThelemaChaos is using Holy Blood Holy Grail (which has mostly been discredited) as a reference instead of the book which I have suggested be checked out now multiple times:

""The Sion Revelation"".

Also, I wanted to say one last thing; my written / visual information has had nothing to do with an "Ashtar Command".

It has had to do with an Andromedan-Orion-Draconian Alliance, a Sirian Embassy of the Stars, and the Alpha Centaurians.

... and not a 'Galactic Federation' but an 'Interdimensional Association of Civilized Star Systems & Free / Sovereign Homeworlds' ...

I am sorry if you and everyone else out there are incapable of seeing a connection between the fact that Aleister Crowley's LAM was supposedly a link between Andromeda and Sirius - both 'identities' I have writings from.

I am also sorry that you all are keen onto the "INVISIBLES"; yet you do not listen when I have put forth and now linked multiple times to where the "Invisibles" are originating out of: MARTINISM.

I thought you people would see the hexagram and hexagon they utilize, and understand that the symbolism I was given overlays the Martinites Hexagram as well as Rothschild's ..

You all have talked about "A.A"; but not one single one of you has sought to look into the Rite of Memphis-

Misraim - which I have now posted a site about earlier in this part 2 thread.

I don't need to be hurt anymore by people who are neither experiencers nor truth seekers, but only perpetrating an agenda which ultimately may not even be in the best interests of either their own selves or the greater majority.

Also, it is 'Omni-Dimensional Science & Spirituality' not the term you used to mockingly describe my view.

Human cognitive and perceptual capabilities are not "multi-dimensional"; yes there are multiple dimensions ...

But ...

The concept or notion of "multi-dimensionality" is a thoughtform loophole and lock on consciousness, language creates the contour through which our views are formed (actually it sort-of works in both directions).

""Multi"" is a linear concept, how many gods and or ancients are viewed as being "multiscient" ???

None, always "omniscient".

Human cognitive and perceptual capabilities are omni-dimensional in characteristic and scope.

Also, regarding the 144,000 faceted core; it exists inside of us - but you have to be able to perceive the entirety of your body .. which is an omni-dimensional multi-universal cosmosphere that mirrors the base creational geometry of the seed of life (6 around 1 & also 12 around 1) ... the 144,000 faceted core is at it's central axis; the source out of which everything emanates.

Now had you read the Rothschild thread I posted; in addition to the individual links I posted before part 1 was closed; this all would have been very clear.

If some people could actually make these connections, then there might be some hope for our future; it is not looking that way to me these days.

If you all want to be dupes for the french branch of the secret societies; and the same people who are ultimately behind the Libyan Rebels ...

Why Gaddafi Got A Red Card From The Illuminati
godlikeproductions.com/forum1/message1619300/pg1

That is the choice of you each.

Please don't cease your efforts because of me, I know you will not; but I have no qualms over not participating here-in - especially if nobody is going to seek the context; just allow themselves to be conditioned.

Maybe you all might actually wake up, and initiate the changes needed upon this world; or perhaps you will be co-opted into an effort being orchestrated from beyond where you are allowed to see - towards ends which you know not ...

You have all made it clear that you are unwilling to do the internal exploration, or look into anything beyond what Project Mayhem 2012 is putting forth other than what ThelemaChaos has to say & obviously this individual is playing the "Gatekeeper" role.

You have made it clear that I am not welcome here; even if I do have major components which could counter-rotate this whole thing.

That's all I have to say.

Good Luck

Hello fellow anons, I was invited into this thread by someone who read some post of me.

Since this thread has become really long, and I am not the kind of guy for riddles and symbolism, I could not put myself to reading all of this thread entirely. (thus I skimmed thru a large part of it)

We seem to have this project mayhem site (I stumbled upon it before and was quite intrigued) and somehow there are riddles to be solved. This seems like an awesome Dan Brown kind of adventure to me, and I am sorry I wasn't taking part in this from the beginning.

As I've said, I am not the kind of guy for riddles or symbolism since I mostly get lost in all the possibility's. (A symbol can potentially have any kind of meaning from my perspective)

I do however suspect that I can be of assistance, since I consider myself to be a really bad ass Alchemist/philosopher. And I know I come of a bit like a 12DnA kind of guy, and maybe I just need professional help, but I think there is a chance I am the baddest Alchemist out there. (I'm talking full enlightenment here) But of course I cant really know that. (One can always ask me anything btw. I really live for that kind of shit.)

I do feel it could be benefical to contriboot to this wonderful adventure.

As stated I am not really good with symbolism and stuff, but there is one thing I would like to add about the line from the Tabula smaragdina: "That which is below is as that which is above, and that which is above is as that which is below" (to perform the miracles of the one thing.)

I am quite confident that our good friend Hermes was aiming at the simple, but most divine, acknowledgement that one is aware/conscious. Thus being aware that you are aware. (I've read somewhere That Siddarta once said all of his wisdom emanated from this awareness, and to my knowledge Plato also referred to this as an 'unspeakable, most important lesson of all') I really believe this since I have a childhood experience/awakening, long before I could read, wherein I realized this lesson and felt its power in every fiber in my body.

'Above' is a word for the realm of the mind, and 'below' is a word for the material realm.

Note that he says it in both ways: As below is as above, and as above is as below. One can both induce knowledge, (as below is as above) and deduce knowledge. (as above is as below)

I could elaborate endlessly about how this lesson is related to about anything, but i will spare you. I hope This can be of help.

(btw what are the thoughts about the people behind the site?)

I havent read into this thread to far, I just wonder if this is any help?

THE HOLY GRAIL

"Like the sapphire Schethiyâ, the Lapis Exilis, crown jewel of the Archangel Lucifer, fell from heaven. Michael, archangel of the sun and the Hidden God of Israel, at the head of the angelic hosts swooped down upon Lucifer and his legions of rebellious spirits. During the conflict, Michael with his flaming sword struck the flashing Lapis Exilis from the coronet of his adversary, and the green stone fell through all the celestial rings into the dark and immeasurable Abyss. Out of Lucifer's radiant gem was fashioned the Sangreal, or Holy Grail, from which Christ is said to have drunk at the Last Supper."

Hi trismegistus and DUKEofYORK, welcome!

Out of curiosity, what's that post of yours that someone read to you?

Back to PM2012,

I don't know if/in what way PM2012 might or might not be related with the Holy Grail. As we have seen, there seem to be references to the Priory of Sion, via Jean Cocteau and Jodorowsky as "The Last Nautonnier" within PM2012 source code. The Priory of Sion, with its inherent link -or not- to the myth/legend/history of the Holy Grail.

So maybe PM2012 is trying to tell us where the Holy Grail might be?

So, following this hypothetical line of research, about "emerald" and "malachite", I've found this:

"The word rendered "emerald" could also be translated as "malachite" and sometimes is."

> The Prisse Papyrus contains two treatises on morality. The relevant one for us is the "Maxims of Ptahhotep. Ptahhotep was a vizier to the fifth-dynasty Pharaoh Isesi. Ptahhotep is full of good advice, such as "Never let anyone know you know more than they do." His reference to emeralds was simply, "Good words are harder to obtain than emeralds," an astute remark on the scarcity of both commodities. **However, the word rendered as "emerald" could aslo be translated as "malachite" and sometimes is. One of the problems in dealing with most ancient sources is the term "emerald" itself.** Many green stones, including quartz, peridot, feldspar, or even glass, were simply called emeralds, whether they met the contemporary mineralogical standards for that stone or not. But I am sure Ptahhotep was talking about emeralds, even if he didn't know it. Malachite has no cachet whatever. And it's not that rare."

http://books.google.es/books?id=wb3ySfyMArUC&lpg=PA157&ots=AbKQw9Vbog&dq=emerald%20malachite%20grail&hl=en&pg=PA45#v=o

There is also something common to both the Emerald and the Malachite:

GREEN colour.

Inside http://projectmayhem2012.org/00README-001.txt we find this:

> The shortest and most powerful way to get from "Malkuth" to "Kether" is to DARE to CREATE the "Tiferet" (=Beauty) energy all around you and within yourself, all the time.

You mean the post some one read of me? (sorry I don't know if my English is proper here. is the past tense of read also read?)

It was called: 'conspiracies possibly positive' but I think it is deleted.

here is a link where you can read it: http://webcache.googleusercontent.com/search?q=cache:8eBpjcuo6oEJ:www.whatis-theplan.org/t12298-conspiracies-possibly-positive+conspiracies+possibly+positive&cd=1&hl=nl&ct=clnk&gl=nl&client=firefox-a

to me the emerald tablet, or at least what is in it, seems like quite a holy thing. At least it felt like that when I experienced the 'awakening'. (that's how I would describe learning it)

Btw, does it happen often here that people hack each other? I was just trying to fap and suddenly, to my frustration, my connection started troubeling me. I just kept rebouting my pc, router and modem till it stopped cause I suspected a hack. (I don't really know much about that stuff) Then some guy send me the following personal message:

Oh, ok, I get the full context now, thanks.

Good question.

Considering the hypothesis that this might be "true" -whatever the word "true" is supposed to "mean"-, then maybe -and just maybe- PM2012 role as an **Alternate Reality Hacking Game**, just by playing it and participating in the assignments is **to teach us how to "find" our inner Holy Grail**, meaning, first, to identify it, and then how to **"activate"** it...for the coming -or is it **already happening**? - ***"WAR"*?**

Again, as suggested to do inside PM2012 *Dangerous Idea #2?*

> |=--------------------------------------=|
> |=--------=[Dangerous Idea #2]=--------=|
> |=--------------------------------------=|
>
> We cannot and won't expect to 'mutate the World' until we have begun

The inner teachings of PM2012 are not a 'numbers game':
to 'hack Reality', the Hive Mind does not need quantity but QUALITY
MagiciArtists: that is, totally commited and COURAGEOUS ones, sure.

In the words of Robert Anton Wilson:

"There is no governor anywhere; YOU ARE ALL ABSOLUTELY FREE. There is no
restraint that cannot be escaped. WE ARE ALL ABSOLUTELY FREE. If
everybody could go into dhyana at will, nobody could be controlled — by
FEAR of prison, by FEAR of whips or electroshock, by FEAR of death,
even. ALL EXISTING SOCIETY IS BASED ON KEEPING THOSE FEARS ALIVE, to
control the masses.
***** TEN PEOPLE WHO KNOW WOULD BE MORE DANGEROUS
THAN A MILLION ARMED ANARCHISTS ***** ."

Here's a quick HOWTO:

|=---=|
|=---=|
|=-------------=[Terence McKenna: NATURE LOVES COURAGE]=--------------=|
|=---=|
|=---=|

If there's only ONE last video you can watch in your lifetime, be it this one:

http://www.youtube.com/watch_popup?v=_5GUvaitm_c&hl=en - english
http://www.youtube.com/watch_popup?v=zun5aPy-OWo&hl=en - spanish subtitles
http://www.youtube.com/watch_popup?v=3J2O9GTMK7I&hl=en - french subtitles

If you DARE to put its extremely simple wisdom into ACTIONS, then
you can TOTALLY FORGET about PM2012 after you have watched it.

Alchemy, Kabbalah & Magick accelerated course:

Stop being a passive lurker in life. Start being an ACTIVE ARTIST.
Stop being a user. Start being a Programmer.

Use youre IMAGINATION and start to Bee CREATIVE:

STOP feeding negativity into your life: that which you feed, grows.
That's a magickal "law".

STOP poisoning your mind with bad news/TV/bad outlooks/etc:
we ALL know the world is pretty much fucked up, yeah, but tuning your
brain into that sort of negativity is going to help NO ONE.

START feeding Consciousness, Beauty and Truth within yourself, towards
the people closest to you and into the world.

The shortest and most powerful way to hack from "Illusion" into
"Reality" is to DARE to see Beauty all around you and within yourself,
all the time: LOVE things and persons for what they ARE *JUST THE WAY
THEY ARE*, and not for what they "look like".

Once you have done this, you'll be FREE to decide which kind of things
you would like to SEE CHANGING.

The shortest and most powerful way to get from "Malkuth" to "Kether" is
to DARE to CREATE the "Tiferet" (=Beauty) energy all around you and
within yourself, all the time.

The most advanced brain scientists in the world have experimentally and
experientially known this for 10.000 years: meditating anons in the
Eastern traditions, of course.

FEEL that Beauty in your body: feel it as a tiny warm and glowing point of green vibrations in the center of your chest, besides your heart.

You don't need to follow any "New Age-for-hipsters"

teachings, but if you would like to learn more, know that this center is called ANAHATA.

It is also associated with Love, Compassion and charity to others.

And lastly, START to SHARE your experiences and your Artwork with The Others: this is the single MOST important skill of the MagiciArtist: to SHARE Creations with The Others.

The Four Powers of the XXIth Century CyberMagus are these:

* TO DARE to CREATE the SEEDS of something Beautiful: be that a wallpaper, a stencil, a game, a beautifully positive and enlightening video explaining to fellow anons what is Project Mayhem 2012 for you, what would you like to see it happening 12.21.2012 11:11 worldwide... YOU are completely FREE to choose what to CREATE. Use this social media tag: #pm2012art
* TO KNOW that you can ALREADY begin to Create: you have ALREADY all the tools and CREATIVITY that you need to do "MAGICK" within yourself: passion to CREATE and SHARE beautiful things to embellish the world. You don't need to do "big" things: you just have to START NOW.
* TO WILL to become a Reality Hacker by ACTIVELY CREATING your personal transformation from a passive user to an active Programmer of 'Reality'.
* and, lastly, do NOT Keep SILENT anymore: TO SHARE the experiences that you have lived and the Beauty that you have Created. To keep silent has been required for "Initiates" for ages, but, as we are going through an EMERGENCY situation, this last veil over Magick has been lifted during our times.

Once you have found yourself, you will Find The Others.
Once you have found The Others, you will be finding yourself.

As simple as that, yes.

Don't try to "convince" others: very specially, DON'T WORRY ABOUT "results".

You just keep on injecting Beauty, with the obsesiveness, patience and commitment of a warrior, AT YOUR OWN PACE, with 0% effort (and hence, 100% joyfulness) but don't PUSH it. The Golden Rule is this: if it FEELS good, KEEP ON DOING IT. Otherwise, TEST something different.

When you suddenly start observing funny "coincidences" or strong synchronicities happening around you all the time, or interesting people that suddenly appear in your life, or even soulmates that you begin to attract to yourself, LAUGH about them: after all, the Universe might just be a big JOKE, right? 🙂

LULZ kills fear: that's the Spirit!

IGNORE "opposition" or "defiance" to "prove" your newly found "powers" and just KEEP ON SHINING, KEEP ON CREATING and KEEP ON SHARING.

If you IGNORE the so called external and internal "demons" (doubts, fears and disbeliefs) you'll realize that they will soon VANISH into thin air.

Show COURAGE and COMMITMENT to your Inner Path and be 120% sure that if you DARE to DO THIS with all your Mind, Sex, Body and Heart,
*** NATURE will REMOVE IMPOSSIBLE OBSTACLES. ***

Don't just trust us or belief us: *** TEST *** it for YOURSELF.

It's as simple as that, YES.

And always,

Remember: we will NEVER ever suggest you to do anything ILLEGAL and/or anything against your own Consciousness.
Remember: we will NEVER ever DO anything ILLEGAL and/or against our own Consciousness.

1. QUESTION EVERYTHING: don't just believe anything you read on this site, past, present or future.
2. TEST your assumptions.
3. LAUGH about results.
4. SHARE with The Ohers what you have learned/created/discovered.
V. Repeat.

FIAT LVX, anons!

The recently published **English Madwoman of the Sacred Heart** is the second major collaboration between Jodorowsky and Moebius. **Alan Mangel**, a professor of philosophy at the Sorbonne impregnates one of his students **with the second John the Baptist** (or so the student believes) and then finds himself on the run with a bizarre cult. So what you are trying to say is......??

Are you suggesting that the holy grail is that which one finds when one is able to follow the advice given in 'dangerous idea #2' ?

I've been pondering about this text 'dangerousidea#2' for a while now, and some things came to my mind.

It is really a dangerous Idea.

The introduction seems to suggest somewhat, in the words of Robert Anton Wilson, that Dyana (contemplation or meditation) is the subject of the 'quick HOWTO' that follows it. (or perhaps the freedom which emanates from this, but that doesn't really matter) I would certainly agree with that.

Now I have meditated on a HOWTO reach dyana quite a while, and came to the (perhaps same) conclusion that it is not the power of the intellect thru which this is reached. (because the intellect is the goal itself) It is the **experience** that leads our intellect to higher grounds. And as the dangerousidea#2 might suggest, you will learn fast and quality lessons when living your life head on.

But.... (and this sounds probably like the internal deamon fear kind of thing that the text advises you to ignore, and which you should ignore) it is very dangerous! I hope it is evident that letting go of fears and not worrying about results can lead to much trouble. (and thus much valuable lessons) Doing this en-masse will lead to mayhem for sure.

I'm not the one to say people shouldn't just cherish an optimistic mindset. Go ahead jump into it and contribute to the mayhem. But know that the sefirot, the way to higher consciousness, transcends life and death. Hell it thrives on it. For the Sefirot you will be just as valuable when you find your death after a 'wrong' choice. (One valuable example of how not to do it, and one unit of energy ready to be reused)

Perhaps the people behind project mayhem don't fully realize that 'the mayhem' they are striving for will ensure anyhow. There are mechanisms set to place long before we were born. Perhaps it is wise to prepare thoughtfully for troubling times ahead, and try to contribute while alive. Making pictures and art is very cool, but perhaps worrying and making a sustainable source of food will prove even more awesome.

It is not that I disagree with Dangerousidea#2, but know that it is dangerous, and know that you are also free to embrace your deamons, and contribute in that way.

too the above I have felt this fear yet a mild form of it you will know when you feel it, I felt fear when I achieved a very unique form of freedom and livelyness it was nothing short of feeling like I was a god or something I couldn't imagine anything more enjoyable and powerful yet I feared what I could become from possible abuse of the power I found it was my first ego death and most extreme and pronounced one looking back upon it I should've tried to sieze and control that power there is no telling what I could've done short of my imagination I am unsure how exactly to envoke it short of listening to my rants about being able to do whatever I damn well pleased and practicing magi which you can find hints to in part 1 I have no doubt in my mind that this is what Project Mayem is looking for I also have no doubt in my mind that I can('t?) do it agian and from what I've heard others say this is supposedly a extremely advanced form of ego death/chaos magick atleast as far as feeling the enourmous power yet I somehow did it by merely playing around and going on one of my ways of when doing something do it to a whole new level do it to the absalute maximum of human capability forget the easy stuff and what everyone else can fairly easily do just jump to the real stuff such as breaking the laws of physics not just mere sigil magick to effect reality but telling reality to be what you want to be for not just yourself but the universe afterwards I left that extreme control and power and went into more or less nothingness I did not like anything I did not have voices in my head or anything my mind had absalute control over everything every thought was from my true self every want was from my true self I was nothing yet I was everything I could ever imagine and want I personally did not like this feeling of aloneness and nothingness I ended up enacting a ego change from there to a rough sketch of my old self I have to say that with great power such as what I achieved comes with great pain I recall being nothing absalutely nothing non existant but also with the ability to build upon that anything I wanted and I do mean anything I could turn myself into a power nerd I could turn myself into a fanitcal christian or whatever else I wanted but as is I felt horrid it felt so wrong with myself I was in this state for several days and sadly made no use of it who knows what I might have achieved :s

Simple indeed.

Well, I haven't found any Holy Grail yet, so I wouldn't know.

Have you?

Nowhere in the text says that. That's only your personal interpretation.

> trismegistus wrote:

I beg to differ. In my personal interpretation, the intellect is not a goal in itself; it's actually the polar opposite: it's the obstacle to overcome.

In other **words**, these **words** to discuss how to "reach" the "numinous" -yours, ours, mine- are precisely the obstacle towards what PM2012 seems to be suggesting how to overcome: by means of

creative ACTIONS.

In my opinion and according to my very own personal life experiences, that sounds quite plausible and sensible indeed.

> trismegistus wrote:

> I hope it is evident that letting go of fears and not worrying about results can lead to much trouble.

No, it's not evident that letting go of fears can lead to much trouble. At all.

You are confusing concepts -in my opinion-.

You seem to imply -please, correct me if I'm wrong- that the text is suggesting you to live as if you didn't care about the consequences of your actions.

Not worrying about "results" is not a suggestion to act madly. It's an invitation to give up anxiety over your "efforts".

It's in the Bhagavad Gita:

"Be concerned with the deed alone, never with its fruit. Never let the fruit of thy deeds be thy motive, as thou shalt never attach yourself to action."

Bhagavad Gita's most magicKal quotation ever.

Obviously, you or anyone else is free to think of daring to follow your heart via **creative actions** -as I interpret the PM2012 text- as something inherently dangerous or not.

If you want *peace of mind* and consider that daring to ignore your doubts, fears and disbeliefs and following your heart might be dangerous, then I'll tell you what it is NOT going to be dangerous at all:

To fit in the herd.

> trismegistus wrote:

> It is not that I disagree with Dangerousidea#2, but know that it is dangerous

Yes, in this society, **exposing lies and daring to follow your heart ignoring your fears, doubts and disbeliefs towards expressing yourself via creative actions IS dangerous.**

Which, from what I've been able to deduce, looks exactly what PM2012 seems to be proposing, yeah.

Someone stop them before they cause REAL mayhem, please!

Would you like to know what for me, for our society and our species sounds **Really Dangerous©** ?

This:

But yeah, in the end I'm starting to think that PM2012 might work as a kind of **mirror**, where each person projects their very own **inner light or shadows, inner trust or inner fears** towards it, right?

I hear your voice and it makes me feel empathy. I believe you reached a point that showed you your true flaw. We are all flawed in one way or another. The ones who dont see that are the truly blind. Yes, as I have implied, I think I found/experienced something which seems very holy to me. In fact I cannot Imagine anything holier then that for us to find. But of course I cannot know weather it is that which 'they' (whoever they are) mean with 'holy grail'. It doesn't seem to ad up with the 'holy blood' thing.

Well the writer must have had some kind of subject in mind. And some kind of message to convey. And to me that message seemed very obvious. I'm curious about your interpretation now.

'Kether' is highest divine above intellect. (means unconscious intellect)

You are right about that, that's what PM2012 suggests. And I am telling that that isn't the only way.

I Really do agree with this. Emotional detachment from your actions. Except I believe Mr Bhagavan Gita reached this by means of embracing his fears. This emotional detachment is quite a holy grail in itself, and a long way from the start of creative actions.

No, Im talking about a positive mindset v.s. a negative mindset. What the text called 'IGNORE the so called external and internal "demons"' I think will cause a more positive mindset. And, as stated, I believe on shouldn't be more positive or negative, but in between.

When the world will turn his back on us,
when the money will de-valuate,
when suffering will reach us,
when people around you die....
These deamons will find us,
no matter what you try.
It is befriending them,
what Bhagavan Gita implies.

A recent interpretation I have come accross of the emerald tablet of Hermes is that it was an instruction of how to make the philosphers stone. I refer people once again to the book of Aquarius by Anonymous **here**

Trismegistus since you are interested in Alchemy I think it amy be a book that you would be very interested in.

Here is the authors interpretation of The Emerald Tablet and how it maybe an "instruction manual" if you will to create the philosphers stone. There are two types of stone The White Stone (silver) and the Red stone (Gold).

What should also be noted is that the word "emerald" in alchemy was often used to denote any colour stone. Alchemist were experts as misdirection infact often calling the material they were using, no matter what it was Mercury (this I imagine lead to a lot of deaths)...so "emerald" could also mean ruby red for instance.

Is the Holy Blood actually not meant to reference the bloodline of Jesus but rather referencing the colour of the Gold philosphers stone (red)?, and the Holy Grail the Emerald Tablet itself possibly being made out of malachite?

Sangreal = **Santa Sangre** **= philosphers Stone?**

Jodorowsky does seem to hint at the constituents of the philosphers stone in "The Holy Mountain" and looking at his work there does seem to be a linear connectiveness through his movies...

Thank you for your consideration! But I am not as interested in reading about alchemy like I am interested in experiencing it. In stead of talking the talk I'm more about walking the walk.

Here is my own interpretation of the emerald tablet :

The Emerald Tablet of Hermes Trismegiste

It is true, without error, certain and most true,
That which is below is as that which is above, and that which is above is as that which is below, to perform the miracles of the one thing.
And as all things were from the one, by means of the meditation of the one, thus all things were born from the one, by means of adaptation.
Its father is the Sun, its mother is the Moon, the Wind carried it in its belly, its nurse is the earth.
The father of the whole world [or "of all of the initiates"?] is here.
Its power is whole if it has been turned into earth.
You will separate the earth from the fire, the subtle from the dense, sweetly, with great skill.
It ascends from earth into heaven and again it descends to the earth, and receives the power of higher and of lower things.Thus you will have the Glory of the whole world.
Therefore will all obscurity flee from you.
Of all strength this is true strength, because it will conquer all that is subtle, and penetrate all that is solid.
Thus was the world created.
From this were wonderful adaptations, of which this is the means.
Therefore am I named Thrice-Great Hermes, having the three parts of the philosophy of the whole world.

It is finished, what I have said about the working[s] of the Sun.

Explanation:

It is true, without error, certain and most true,

That which is below is as that which is above, and that which is above is as that which is below, to perform the miracles of the one thing.

Lower and higher are metaphors for the material reality and the reality of mind. Loosely translated its says: What is, is what you think, and what you think, is what is, when performing the miracles of the one.

This doesn't mean that by definition the mind resembles reality and vise versa, but, that it is so when performing the miracles of the one. Partly this is the simple acknowledgment that the mind is capable of resembling reality, and vise versa. This might sound very obvious and simple, but realizing this for the first time, as a person, can be the greatest treasure of all. It is a very special, and sacred moment, when the evolution of life reaches the turning point of becoming aware that its aware. This is the foundation of all philosophy and religion, wherever those two may differ. Of course, every body knows to a certain degree that he or she is aware, but not many have fully realized this in respect to themselves. Really knowing this implies that what you think also should be real, and that before you knew this, thoughts weren't necessarily real, as long as they satisfied the ego. Knowing this gives birth to a desire of better understanding, unchained from the shackles of a satisfied ego. It give birth to the transformation of ones self, which will ultimately lead to the greatest conceivable satisfaction of ones ego.

"That which is below, and that which is above" is supplemented with its counterpart ("and that which is above, is as that which is below") for a reason. This is because we must remember that what we see affects how we are aware of things, and that how we are aware of things affects how we experience things, or act upon things.

Think of the mind as a barrel with awareness. This barrel can be further filled trough perception. (induction, or, as below is as above) And, like there are laws governing nature, these laws also exist in the mind. This enables us to deduce things. We can further fill our barrel with these deductions, or we can put these deductions into practice and see if they are right. In the latter way we can check if the awareness, which the deduction was based upon was pure, and, if not, learn why it was not pure. (and thereby purify it) Hence that what is above, must also be as below.

As mentioned, not many people have really awoken to the fact that they are conscious beings. Many people, seduced by their ego's, are easily satisfied with the level and (im)purity of their awareness. And, if not easily satisfied, their ego's follow authority in shaping their awareness, simply because this is much easier then experiencing and purifying yourself. In this way they fill their heads with visions they haven't seen, experiences they haven't experienced, and thoughts they haven't thought. This shouldn't be such a problem if only a few people did this. But in reality most people aren't really aware and fill their (and others) heads with everything that suits them. (their ego) You can see how this fills a lot of barrels very effectively with impure (incomplete) awareness, making real purity quickly an unreachable goal. It isn't strange that in this modern information era, mankind has reached this post modern philosophical dumbstruck which will rapidly lead to our downfall. (to earth) And thus also a rapid, unpleasant, awakening.

And as all things were from the one, by means of the meditation of the one, thus all things were born from the one, by means of adaptation.

Everything, death, alive, body and mind, is part of the same physical nature, behaving according to the same physical laws. So in fact, when someone becomes aware that he is aware, it is the universe becoming aware that its aware. Physical law and physical nature are also one. The laws are a manifestation of nature, and nature is a manifestation of its laws. Remember this when working on your transformation. Remember that just as every fragment of nature fits perfectly in the whole, You should strive for every fragment of your awareness to fit perfectly in your awareness as a whole. After all, as below should be as above.

All to often people are satisfied when a perception served the purpose of the ego. (Or a boss, or a teacher.) They aren't bothered with the way a perception fits in the big picture, or they aren't bothered how far their perception seems logical. In this manner a person can know a great deal of things without being aware of how these things relate to each other. Or a person can relate many things to each other without being bothered how logical these relations are. There is always a bigger picture to see, and there is always more logic behind it. It is infinite. Ones transformation isn't striving for infinite awareness, but simply that what we are aware of, is related to each other, and related in a logical way. Coming from an animal-like state of being, wherein the ego seeks its easiest gratification, this is an immense work to complete.

Its father is the Sun, its mother is the Moon, the Wind carried it in its belly, its nurse is the earth.

In the closing of this text, Hermes states that the subject of this text is the working of 'the sun'. (Symbol for awareness) But the first line of this part goes: "its father is the sun" This might be because the subject of this text is the awakened state of awareness. Of which 'awareness' can easily be called 'its father'. Awareness has much to do with perception, perception has much to do with vision, and vision has much to do with light. (and thus the sun)

But there is more to the mind then just conscious awareness. A great deal of our dealings are caused by instincts, intuitions and feelings. (symbolized by the moon) Patterns shaped by the force of millions of years of conditioning and experience. One could call these dark forces an entirely different form of awareness. And they play a crucial role next to the very limited perceptive awareness.

But these two are just opposites in the realm of consciousness, which is all to often wrongly mistaken by us for the mind in its whole. We must not forget that after we are conscious of something, or when we learn something, we can remember it. We don't have to stay conscious about it in order to remember something. This way we can know things without thinking about it. In fact what we know is of a much greater proportion than what we can be aware of at any given time. Consciousness is just a small part of the much greater mind wherein all that is above, or all that we know, is carried. The wind stands for the mind in its whole, hence that "the Wind carried it in its belly"

But there is more to us then just knowing things and consciousness. There is love and fear for instance. And ultimately it is emotions like love and fear that determine what we are conscious about. Just like a hunger that makes us think about food, the love of power for instance can make us think of a scheme to acquire it. Now these parts of our mind, our soul, are the most deeply rooted. Just like a human being can't live without the neural circuits that govern the beating of the hart, the breathing, or the feeding, it can't live without the neural circuits that make them love and procreate.

"The earth" stands for the living nature in its whole. And while we perceive ourselves to be a separate entity, we are very much a part of the living nature, just as the living nature is a part of ourselves.

The further one transforms and looks upon nature as a whole, the better one perceives himself to be a part of nature, and nature a part of him. And it is this nature, the ongoing circle of life and the love, that not nourishes us. It is from this force that the sacred awareness rises.

The father of the whole world [or "of all of the initiates"?] is here.

Its power is whole if it has been turned into earth.

You will separate the earth from the fire, the subtle from the dense, sweetly, with great skill.

Now the father of the world, or nature, is assimilated with the awakened awareness.

When 'understanding' is turned into the earth, or directed to the soul, its power becomes whole.

About separating the earth from the fire:'The fire' in alchemy, almost literally means fire. Chemically speaking, almost all of our actions and movements are the result of oxidation, and our body is one big chemical reaction. Life is in a certain way an ever lasting fire. 'Fire' stands for 'action' and 'change'. The opposite is 'water'. This means passive and it is also the original state and tranquility. While fire is the change, the water is the unchanged or that which has been changed.

> As told the earth stands for our nature, our soul. Separating the earth from fire thus means separating our actions from our desires. The unawakened mind just follows his emotional impulses. When we become conscious we must devide every thought into two: what do we want, and how do I get it. One can use his mind to think about a specific task to complete.(this is the subtle) One can also use his mind for planning a variety of tasks, so that together they form a plan. Further extrapolated, one can use his mind to try and order all of his plans so that in his live his desires are served in the best way possible. (the dense) Desire and action are in that way the same, only one is dense and the other subtle.
>
> In order to accomplish one mustn't mix them up. A wise person not just thinks about the subtle details of his life, but also about how these fit in the dense big picture. All to often a person involves himself into great details without thinking about how these serve his desires in the big picture. (he mistakes them for desires) Often he worries about something he doesn't have to worry about, or he doesn't worry about things he should worry about.
>
> This practice, of worrying the right way, is very much the same as the Buddhist enlightenment wherein one realizes the feelings must be tuned, like the snare of an instrument.
>
> **It ascends from earth into heaven and again it descends to the earth, and receives the power of higher and of lower things.**
>
> When a person has transformed himself into a unity, when as above is as below, the power of the earth rises into the heaven, from where its power can be brought into practice. (Also to be put into the mind back agian) If a person forms a unity like that, both sun and moon, conscious and unconscious, mind and soul, will cooperate into achieving the desires of the earth, our father. This is when the real work can begin.
>
> **Thus you will have the Glory of the whole world.**
>
> **Therefore will all obscurity flee from you.**
>
> **Of all strength this is true strength, because it will conquer all that is subtle, and penetrate all that is solid.**
>
> **Thus was the world created.**
>
> **From this were wonderful adaptations, of which this is the means.**
>
> **Therefore am I named Thrice-Great Hermes, having the three parts of the philosophy of the whole world.**
>
> **It is finished, what I have said about the working[s] of the Sun.**

This interpretation differs from that in the book of Aquarius of the anonymous author. And I believe there is more practical sense in it also.

I hope it is of help, and know that this is merely a reflection of my old childhood experiences. To me these experiences are for more important then writing about it here. It is the experience that matters, and i doubt that you can induce that easily by reading this, or anything else.

Thanks for your interpretation of Hermes Emerald Tablet, an interesting read.

> Thank you for your consideration! But I am not as interested in reading about alchemy like I am interested in experiencing it

Since you consider yourself a "Badass Alchemist" is your idea of alchemy a Metaphysical/metaphorical one or a physical one? i.e. Are you involved in the physical "great work" of alchemy atempting to chemically produce the alchemists "philosphers Stone" or are you working on the philosophical self?

Since as you say

I am curious why you would not want to read it as the Book Of Aquarius thesis seems to suggest physically creating the philosphers stone (infact it contains precise instructions on how to do so) and if for anything else it's interpretation of the ancient text is an interesting one. So I thought you as a alchemist using scientific principals in your great work you might be interested in another hypthesis and interpretation of the ancient text?

I'm just curious to ask a self proclaimed alchemist (as I am not one) and after reading other texts about alchemy I found this one quite a refreshing read...I'd really be interested in hearing your thoughts on the book as a practicing alchemist if you can find the time to read it?

Have you finished yet?

I ask this question because we need you. MAD as it may seem.

Your personal beliefs are clouding the true agenda.

Can 'You' think outside this "Box" that 'You' have made?

The latter. I consider Alchemy to be a Spiritual/Philosophical refinement of ones self. There is much confusion about Alchemy being a means of creating material gold out of material lead, by means of chemical processes. But these chemical processes, if they were even really conducted by the true alchemists, where probably a means to the spiritual development of the Alchemist. I figure the practical experience somehow paralleled and interacted with the spiritual experience. Just as it goes with practical assignments in modern freemasonry. (You could easily call masonry Alchemy in a modern jacket)

In fact, when properly understood, the tabula smaragdina is all there is to alchemy.

You could summarize it in three steps:
-becoming aware of awareness
-refining this awareness
-using this awareness

In this way all of the teachings in the world, from science to philosophy and religion and anything in between, could be placed somewhere in these three steps. Alchemists distinguish themselves because they take on this task as one whole package.

(With most of the work to be done in step 2: refining the awareness. Creating a consistent mental image of the world and its workings. i.a.w recreating the creation. (in your head))

This unlike modern scientists who aren't concerned with the metaphysical foundations of their ways, Politicians not concerned with philosophy and spirit, and so on. I would dare to say that the one and only true ailment of modern humanity could be described as a disintegration of this package.

But one shouldn't speak of ailments, but rather of humanity in the making. (Judaism teaches that one should always know where his is, where he is coming from, and where he is going.) And this is what I think Alchemist were also about.
I figure all the communication, disguised by symbolism, was not only a means of describing different stages one can reach in his development, but also the stages humanity can reach in its development. I dare not to speculate about the influence Alchemy has had on the development of mankind, thru religious movements (I find Judaism particularly interesting in this light) and secret initiation society's. (and not to forget the efforts of single individuals)

Firstly you should understand that, as I tried to explain, I already think I fully experience Alchemy. The first memory I carry (probable the first because of its significance) is about me discovering alchemy myself. Understanding what its power was and what I was supposed to do. And so I did. Later on, i think inspired by the fairy tale about an ugly duck becoming a swan (A most beautiful alchemical allegory) or some other fairytale, (i don't know for sure its just that I really liked that one because I related so much to it) I learned the principle of the fire and earth separation. And about four years ago I achieved enlightenment. Which could best be described as seeing things for what they are. (see the part of 'related in a logical way' in my explanation.) This is what I think is meant with the philosophers stone.

This was a most influential experience, and in hindsight it was the beginning of true learning. Besides beautiful it was also unsettling, because I truly started to see god. (while before the experience I was heavily against religion in most of its forms) It felt like a heavy weight on my shoulders. Somehow It had to be really 'important' what I knew. But at the same time I had to deal with my inability to share this experience with anybody. You can not simply put a life's work of recreated creation into someone's head. And that is truly something. To experience the ultimate, in the face of god, but not be able to share it with anyone. It was quite a lonesome trip, and still is. Thats why I hope you understand that my only worry/hope is to share my alchemy with others, if you could say it like that.

I hope you understand that when I hear about people purchasing material gold, silver or healing or whatever it is, I feel sorry for their misguidance. Because all the material richness in the world cannot even compare to the inner richness brought by the spiritual philosophers stone. (this inner richness is at the same time also the best means to outer richness) As for my personal opinion on the book, i could best refer to my own interpretation of the tabula smaragdina. And know that I would not only be happy to answer specific questions about the book, or anything else, but also that I live for it.

Love

I think I'll just leave this here

It seems to be a request to the hacker magazine Phrack back in 2010 for an article to be published (which it seems the Phrack staff were keen to publish), it appears to come from the creators of projectmayhem2012 themselves...more proof that PM2012 ain't all dungeons and dragons 🙂 ...and also would lend credance to why it seems the DHS are now considering project mayhem a cyber security threat 😐

here's a little snippet...

> In a project like WikiLeaks.org, the role of the Editor is in great personal danger and in risk of being 'totally incapacitated' —CIA's phrase to refer to the act of presumably killing the 'Pentagon Papers' whistleblower, Daniel Ellsberg— by potential enemies while it dramatically slows down the release process.

I wonder how far down the road the PM2012 people are in creating this **"Massively Distributed Uncensorable Collaborative Wiki-P2P Cipherspace Structure"**??? sounds interesting though coupled with PM2012's

…otro rock: “Somos ratas de alcantarilla…’ de F. Arrabal

Somos ratas de alcantarilla…
con recuerdos jodidos
con escuelas sin maestros
con palabras sin substancia
con mentiras de siempre

Somos ratas de alcantarilla…
con presentes pretéritos
con placeres equívocos
con destinos bestiales
con records inexistentes

Somos ratas de alcantarilla…
con vidas de miseria
con el dolor de estar
con el tormento de ser
con el eterno odio

Somos ratas de alcantarilla…
con imposibles acuerdos
con jaulas de tinieblas
con triunfos podridos
con cercanías cotidianas

Somos ratas de alcantarilla…
con ilusiones castradas
con desgracias inútiles
con “buenasnoches” sin sueño
con templos sin milagros.

Non Nunca seremos
escarabajos de oro
libélulas sagradas
rocío de primavera
gaviotas planeando

Cuando olfateamos los ‘micros’
Conspiramos con el Mal.
Sí Somos ratas de alcantarilla…

“Som rates de claveguera…” de F.Arrabal

Som rates de claveguera…

Som rates de claveguera…
amb presents pretèrits
amb plaers errívols
amb destins bestials
amb records inconsistents

Som rates de claveguera…
amb vides de misèria
amb el dolor d’estar
amb el turment de ser
com l’etern odi

Som rates de claveguera…
amb impossibles acords
amb gàbies de tenebres
amb triomfs podrits
amb proximitats quotidianes

Som rates de claveguera…
amb il·lusions castrades
amb desgràcies inútils
amb “bonanit” sense son
amb temples sense miracles

No. Mai no serem
escarabats d’or
libèl·lules sagrades
rosada de primavera
gavines planant

Quan ensumem els “micros”
Conspirem amb el Mal.
Sí. Som rates de claveguera…
Som rates de claveguera…
Som rates de claveguera…

1 -

2 - If you would have read the beginning of that text, you would have found out that ***Phrack High Council*** denies having anything to do with that message posted by **someone pretending to be them**:

+1!

There are like a zillion people and wannabes who have been calling themselves "project mayhem" since 1996, when "Fight Club" was originally written, but PM2012 sounds like **THE *Old School Real Shit©* indeed!**

When ever I think of the project mayhem though I do think of Fight Club..

Well my guess would be that the people behind the project mayhem site have been in touch with a lot of artists, graphic designers, filmakers, musicians etc and they have agreed to seed their work with images/symbolism that references what is contained in pm2012...at least that seems to be what is being discussed in the dox I posted here yesterday...that or it's just another cool coincidance...or magick?

LOL!

Can you help a hapless fool.Can you explain in simple english the gist of this idea or enlightened thought? I apologise for my ignorance, I just ask for a simple explaination for a simple kind of man.

You may reach more minds.

I'm afraid not Duke I'm just bumbling along like a hapless fool myself...but maybe that could be the path to enlightenment (whatever that may be)...who knows? 🙂

but as for myself I try to remember not to believe my own bullshit or other peoples bullshit and I think that leaves your mind open to recieve new ideas...I learned that mega bullshit years ago 🙂

If however the above question is with regards to what projectmayhem2012 is. This is currently my understanding.

I am thinking the aim of the website and all the reference material in the source code maybe designed to "hack brains" with art, not too dissimilar to adbusting, subvertising or culture jamming. The desired effect would be to re-programme people in a way (or at least introduce them to something other then television programming). The purpose for this they claim is that for societal revolution to occur an inner revolution must first occur in the individual. IN PM2012's own words

> **Please do not let the word 'mayhem' frighten you**.
>
> We considered the possibility that the idea be misunderstood with this name. Yet, at the same time, **it plays with a powerful emotional response aimed at arising one what is in our opinion of the strongest means to 'hack' the human brain: curiosity.** Machines are usually hacked via 'interlink bugs', while **humans are usually hacked via 'limbic system' bugs, if you allow us the metaphore.**
>
> This curiosity leads to attention. And this takes us to the next phase in the project <#>: **Art**.
>
> You will see that it's not just a technical article but more like a 'mind virus'. As Julian says, **'people need to show COURAGE, not just technology. In a way, technology is often just a cipher to get people to drop their existing understandings, which are based on illusory fears. Illusory fear is enough for control**.'
>
> We have thought intensely about this as well, as **we truly believe that a social revolution that seriously aims at hacking the society and all of its systems <#> at the global scale cannot take place unless a personal inner (r)evolution has taken place first.**

or as they quote Joeseph Beuys

> "**Art is now the only evolutionary-revolutionary power**. Only art is capable of dismantling in order to build â??A SOCIAL ORGANISM AS A WORK OF ARTâ??. **EVERY HUMAN BEING IS AN ARTIST who from his state of freedom the position of freedom that he experiences at first- hand learns to determine the other positions of the TOTAL ART WORK OF THE FUTURE SOCIAL ORDER.**" - Joseph Beuys

The creators of the website I think are also working on a p2p file sharing site that will operate as a kind of "wikileaks". One that is secure, encrypted and allows the public to post files there.

This will be used in tandem with their **"dangerous idea No.1"**...in which they suggest that ordinary everyday people take USB sticks into the workplace and catalogue and file any misconduct/illegal activity/coruption. Then on the same time and date 11:11 am 21/12/2012 everyone uploads the evidence they have accumulated to PM2012 "Massively Distributed Uncensorable Collaborative Wiki-P2P Cipherspace Structure"...to create the mother of all Leaks, to **LEAK IT ALL**...to end all secrets...as they state again...

> We honestly believe that this project and cryptography have the potential to completely turn upside down the role of citizen journalism in our society while helping to dramatically improve Justice and Freedom in the World.

I think through the art, music, films, philosphy, science, mathematics, magick, political theory referenced in the source code and "The Game" we are playing here the creators of PM2012 are hoping to make the idea of inner revolution go viral and to instill in the public the courage to carry out their "dangerous Idea No.1"..as they say...

> We see Artists as the pioneers of new realms of Consciousness: **in our mind there's NO difference whatsoever between an Artist that breaks boundaries and a hacker, a scientist or a philosopher** like yourself who pushes the systems <#> to their limits and way beyond what is seen as 'possible'.
>
> We see Art as hijacked by the market: **in every human being sleeps an artist waiting to arise**.
>
> **Project Mayhem aims to bring out the Artist in all of us as a way to breed the Courage needed to pursue our Freedom in the wider realms.**

I hope that gives you the gist of some of what appears to be going on with projectmayhem2012 Duke...

In the meantime...

How would they know the pm2012 quote if the image/quote was just released by them and the video/Op was made months ago?

(The video is mirrored by many)

"we will NEVER ever suggest you to do anything ILLEGAL and/or anything against your own Consciousness.
we will NEVER ever DO anything ILLEGAL and/or against our own Consciousness." ?

*****RUMOR*****

Actually I've know about project mayhem for about a year or so now from 4chan.
No one would talk (Question?) about it because it was supposed to be a secret. (Everyone Said)
(hint why I never said anything about it.)
Anyways there was talk on a pm2012 post after someone actually said something about it.
What they where saying was PM was a project in the 1990's or early 2000's (idk) but all the members got raided/arrested so therefor unable to complete this Project Mayhem.
They were saying that these people might have picked up where they left off (or so they believed)
That could have been a bunch of BS.
Just some more thoughts.

My advise?
Go to the roots of pm2012 and ask people what they know.

*****Back to PM2012*****
Although I do not think there is much more to this yet. (Seems like we are just going in circles)
It really doesn't even matter.
Other than seeing whats up with OpIcarus just for fun, I'm sure we know what to do.
We all declared ourselves "magicians" and have discovered ourselves.
We might not have taken everything we've learned in the same, but we have the same goal.
We know what tools/weapon we have on our side.
So lets come together & work our magick. 😃
Start making/spreading your art.
I've already started. 🙂

I don't know if anyone would be able to do so but it would be great to have somewhere to speak to each other Anonymously about the activities we are up to or to share our art.
WITP is not a very safe place.
I'm not saying for illegal activities but just a safe playground 😈

Dooooooh! Does it mean that if I upload a video saying I'm Youme2 playing with my poo everybody has to believe I'm really Youme2?

You Sir, don't get it or want us to believe that you don't.

First of all, that image has been circulating around 4chan threads since at least last February, which is when I personally knew first about PM2012.

Dude, what's exactly that you fail to understand from this very explicit and crystal clear PM2012 quote?

> **"we will NEVER ever suggest you to do anything ILLEGAL and/or anything against your own Consciousness.**
> **we will NEVER ever DO anything ILLEGAL and/or against our own Consciousness."**

From that very same 00README-001.txt:

> **Groups or pages labeled 'Project Mayhem 2012' at FB are not pm2012 creation.**
> **Our ONLY PRESENCE IN SOCIAL MEDIA is:**

The very same warning is written in http://projectmayhem2012.org/latestmirror.txt

hehe thelemachaos I think you did jump down youme2's neck there a bit. He seems to just sharing what he has discovered online not saying that the #Opicarus "IS" from Project Mayhem, just posing the question could it be?. Afterall if we want to beat disinfo, we also need to know where it's coming from 🙂

in reply to this...Who know's maybe the OpIcarus people got info from a Phrack mailing list or something as we don't know where else PM2012 are spreading information, maybe some fo the Art that was on PM2012 was made by other Anons before we started investigating there and the image/quote had already been released to them.

Remember we have very easy way of finding out who "IS" PM2012 and who is "NOT" PM2012 we just have to ask for the poem that is the key to the SHA512 hash...simple. So if anyone wants to verify if icasus is or is not coming from PM2012 you know what to do. I am inclined to think that it is not coming from PM2012 but I am encouraged to see that dangerous idea no.1 is going viral and other anons are spreading it

+1!

Yeah, that pretty much that seems to be the case... I'm sorry for my reaction Youme2, but dude, it's been coming so often in this thread as to look suspicious, for we know that there's a lot of interest in linking Anonymous as a concept with illegal actions and stuff and to present it like that in the media in order to brainwash peoples heads, of course...

So, yeah, know anybody suggesting illegal deeds in the name of pm2012? Ask them to cryptographically sign their suggestions with PM2012 GnuPG key or ask them for the SHA-512 poem!

Dangerous Idea 1 might have been spreading for some time now and there might already be many different anons spreading the mind virus or **their personal interpretations** of it everywhere! Which doesn't necessarily mean that they all get it right -after all, what's *right*, right? - , of course, either unpurposefull or plainly on purpose...

you might remember what happened among "christians" with a certain ***Love Thy Neighbour as Yourself Jesus Project***, right?

Fando y Lis is a film adaptation of a Fernando Arrabal play by the same name, and it is Alejandro Jodorowsky's first feature length film.
Arrabal was working with Jodorowsky on performance art at the time. The film was done in black and white on the weekends with a small budget.

http://en.wikipedia.org/wiki/Fando_y_Lis

Fando y Lis, 1968. http://www.imdb.com/title/tt0061643/ Intro:

Once upon a time long long time ago there was a mystical city called Tar.. And at that time all the cities were intact and flourishing, there were no ruins, BECAUSE THE FINAL WAR HAD NOT YET BEGUN.

When the great catastrophe occurred, ALL THE CITIES CRUMBLED...

EXCEPT TAR...

TAR STILL EXISTS.

If you know where to look for it you will find it. And when you get there you will be presented with wine and water and you could play with a gramophone. When you get there, you will help harvest grapes and you will pick up scorpions hidden under white rocks. When you get there, you will know eternity. You’ll see a bird that drinks one drop of water from the ocean every hundred years. When you get there, you’ll understand life. You’ll become a cat, phoenix, swan, elephant, baby and an old man. You’ll be alone and accompanied. You’ll love and be loved, you’ll be everywhere, and yours will be the seal of seals. As you approach the future, you’ll find ecstasy, and it will never abandon you.”

After 24h, a full workday, Jaikumar Vijayan, the author of the following article, hasn't answered our request for comments yet:

DHS warns of planned Anonymous attacks
Bulletin from feds highlights group's Occupy Wall Street, Operation Facebook, Project Mayhem campaigns
http://www.computerworld.com/s/article/9219711/DHS_warns_of_planned_Anonymous_attacks

For the record and total transparency on our behalf, we are pasting the email that we have sent him:

Dear Mr. Vijayan,

It has come to our attention that our artistic project at http://projectmayhem2012.org has been cited in your article:

DHS warns of planned Anonymous attacks
http://www.computerworld.com/s/article/9219711/DHS_warns_of_planned_Anonymous_attacks

In the article, you say:

"Though there has been little dialogue or hints about the specific tactics, techniques and procedures that Anonymous plans to employ for Project Mayhem there are indications that it could involve physical disruption and targeting of information systems."

Though we have tried to look for the original DHS bulletin, we haven't been able to find it.

Could you please inform us where this DHS bulletin can be found?

Also, we kindly request you to clarify to us how have you concluded that "there are indications that it could involve physical disruption and targeting of information systems." or if, on the contrary, those are literal words taken from the DHS bulletin.

Project Mayhem 2012 goes back to 2010. As an independent artistic project, it is not in any way controlled or "employed" by "Anonymous" for "Anonymous" is not a corporation or a formal organization but an idea that anybody can assume.

Project Mayhem 2012 has never ever involved either suggesting people to commit illegal deeds or involved physical disruption in the very least.

Inside http://projectmayhem2012.org/00README-001.txt it can be read in no uncertain terms the following statement:

And always,

Remember: we will NEVER ever suggest you to do anything ILLEGAL and/or anything against your own Consciousness.
Remember: we will NEVER ever DO anything ILLEGAL and/or against our own Consciousness.

You might want to complement your information with this thread, that dates back to August 2010:

http://answerpot.com/showthread.php?839071-Fwd%3A+Article+in+the+next+issue+of+the+hacking+magazine+Phrack.+Request.

We kindly demand you that, in the best interest of your journalist ethic, you clarify your article to your readers, for otherwise you are misdirecting them.

We remain at your disposal for any further questions you might have about this.

Regards,

PM2012 team

We would like to add that Project Mayhem 2012 is NOT in ANY way related to any other group that have been calling themselves "Project Mayhem",
or that have called themselves "Project Mayhem" in the past or that will ever be called "Project Mayhem" or any phonetical/grammatical variations of it.

We would like to state that we have NO Facebook group or page anywhere else other than at http://projectmayhem2012.org and that our ONLY and exclusive presence in social media is
the Twitter account: http://twitter.com/#!/pm2012org

As you can imagine, ANYBODY can pretend to be us, as anybody can pretend to be anyone: that's disinformation tactics 101, of course.

The ONLY artwork that we will ever produce will be published in this page. Obviously other people can feel free to post it anywhere else.

We haven't uploaded ANY video to ANY site, such as YouTube or any other.

If and when we do, you will know for certain that we take responsibility of
its authorship because the url address will be CRYPTOGRAPHICALLY SIGNED by us.

And always,

Remember: we will NEVER ever suggest you to do anything ILLEGAL and/or anything against your own Consciousness.
Remember: we will NEVER ever DO anything ILLEGAL and/or against our own Consciousness.

As stated here http://projectmayhem2012.org/00README-001.txt

We LIVE by these words and we totally refuse to support ANY kind of violent and/or illegal actions towards achieving ANY kind of goals.

If some entity wants to link Project Mayhem 2012 with calling for illegal deeds to be committed,
then KNOW that they are simply DISINFORMING you.

ALWAYS demand that they PROVE their assertions and back them up with FACTUAL DATA found inside the literature found at Project Mayhem 2012 site,
for they will find NONE.

Our Public GnuPG can be found here:

http://projectmayhem2012.org/pm2012-publickey.asc

We will be cryptographically signing special communications to prove our identity whenever we deem it necessary.

If the site is taken down and/or our GnuPG key is compromised
and we wish to communicate any more information, we will include
the poem which will prove that the new information came from PM2012.

Also, if anyone else tries to write and pretend to be PM2012, they will
not have the GnuPG key or know the poem, so don't believe them.

SHOUT-OUTs to anons at: http://www.whatis-theplan.org/t1676p600-project-mayhem-2012#150279

"I went to my first Hempfest in Seattle yesterday with a friend, and as we were leaving another friend called me up and asked if I would want to hit up a rave with him in Seattle. I had never been to a rave before and had never experienced the raver culture before yesterday, but it was absolutely amazing. Usually I'm very reserved and don't express myself through dance or anything like that, so I wasn't sure if I was going to enjoy it or not. BUT I DECIDED WHAT THE HELL WHY SHOULDN'T I AT LEAST TRY IT ONCE?

Anyways we got to the rave and I was standing on the side observing all the pretty lights and sweat drenched people, AND I FINALLY DECIDED "FUCK IT" AND JUST WENT LOOSE. My friend introduced me to Molly, an old friend of his, and we danced til the sweat was dripping from the ceiling. I HAD THE MOST AMAZING NIGHT OF MY LIFE AND I DON'T REGRET ANYTHING. I GOT A TASTE OF WHAT TRUE FREEDOM WAS LIKE AND I FEEL LIKE A TOTALLY DIFFERENT PERSON NOW. I also met some amazingly awesome ravers who helped take care of me and I'm definitely looking forward to seeing them again.

I didn't realize it til my friend was driving us home and we were talking about the rave; apparently THE NAME OF THE RAVE WAS 'MAYHEM.' Coincidence? I dunno. But my mind was fucking blown when he told me that, and then it all made sense. It was beautiful."

"Dangerous ideas are likely to confront us at an increasing rate and we are ill equipped to deal with them. When done right, science (together with other truth-seeking institutions, such as history and journalism) characterizes the world as it is, without regard to whose feelings get hurt.

Also, it's hard to imagine any aspect of public life where ignorance or delusion is better than an awareness of the truth, even an unpleasant one."

Mr. PZ:

Dignity consists not in possessing honors, but in the CONSCIOUSNESS that we deserve them.
Aristotle (384 BC - 322 BC)

Where is there dignity unless there is honesty?
Cicero

Be mild with the mild, shrewd with the crafty, confiding to the honest, rough to the ruffian, and A THUNDERBOLT TO THE LIAR.
But in all this, never be unmindful of your own dignity.
John Brown

Dignity and love do not blend well, nor do they continue long together.
Ovid (43 BC - 17 AD)

Let not a man guard his dignity, but let his dignity guard him.
Ralph Waldo Emerson (1803 - 1882)

You can still earn some dignity back and join Project Mayhem 2012, dear PZ.

Vi veri universum vivus vici (also written as "Vi veri veniversum vivus vici") is a Latin phrase meaning: "By the power of truth, I, while living, have conquered the universe".

This quote is often attributed to Christopher Marlowe's Doctor FAUSTUS, where it appeared supposedly as 'Vi Veri ueniversum Vivus Vici'; HOWEVER, NO DIRECT CITATION HAS BEEN FOUND in the original book.

ALEISTER CROWLEY took this phrase as his magickal motto as a "Magister Templi" in the Astrum Argentum (A.:A.🙂 magickal brotherhood.

The phrase has been made popular with the graphic novel V for Vendetta, where it appears embossed in an arch of V's hideout the "Shadow Gallery", and this phrase also appears on a mirror in the movie version, also inside V's Shadow Gallery (in addition to prominently featuring the letter 'V', the phrase contains five words, which in Roman numerals is represented as 'V').

"Use of the name "Lucifer" for the devil stems from a particular interpretation of Isaiah 14:3–20, a passage that does not speak of any fallen angel but of the defeat of a particular Babylonian King, to whom it gives a title, Helel (הֵילֵל, Shining One), a Hebrew word that refers the Day Star or MORNING STAR (hence, in Latin, Lucifer)."

http://en.wikipedia.org/wiki/Lucifer

"In Latin, the name Lucifer (Light-Bringer) corresponds exactly to the Greek term Φωσφόρος. In Isaiah 14:12, the Septuagint version uses the word "Εωσφόρος" (Heosphoros) and the Vulgate "Lucifer" to translate Hebrew "Helel" (Venus as the brilliant, bright or shining one), "son of Shahar (Dawn)"

In the book of Revelation 22:16,
JESUS ALSO SPEAKS OF HIMSELF AS THE BRIGHT MORNING STAR:

"I, Jesus, have sent my angel to give you this testimony for the churches. I am the Root and the Offspring of David, and the bright Morning Star."

THE HOLY GRAIL

"Like the sapphire Schethiyâ, the Lapis Exilis, CROWN JEWEL OF THE ARCHANGEL LUCIFER, fell from heaven. MICHAEL, ARCHANGEL OF THE SUN AND THE HIDDEN GOD OF ISRAEL, AT THE HEAD OF THE ANGELIC HOSTS SWOOPED DOWN UPON LUCIFER AND HIS LEGIONS OF REBELLIOUS SPIRITS. During the conflict, Michael with his flaming sword struck the flashing Lapis Exilis from the coronet of his adversary, and the green stone fell through all the celestial rings into the dark and immeasurable Abyss. Pick someone at random & convince them they're the heir to an enormous, useless & amazing fortune--say 5000 square miles of Antarctica, or an aging circus elephant, or an orphanage in Bombay, or a collection of alchemical mss.

Later they will come to realize that for a few moments they believed in
something extraordinary, & will perhaps be driven as a result to seek
out some more intense mode of existence. Bolt up brass commemorative

THE NEXT BUDDHA WILL BE A COLLECTIVE Spiritual expression in the Peer to Peer era
by MICHEL BAUWENS

"Known under the various names of “CHAOS MAGICK”, POP MAGIC,
POSTMODERN MAGIC, this current is in fact THE DECONSTRUCTION OF
TRADITIONAL ESOTERIC THOUGHT. It is also ONE OF THE FIRST EGALITARIAN,
NON-AUTHORITARIAN SPIRITUAL MOVEMENTS. The emphasis put on “CHAOS”
in this movement tends to prove that IT IS NOT ONLY HIERARCHICAL
SPIRITUALITY THAT IS QUESTIONED, BUT REALLY THE VERY NOTION OF
“ORDER”. One of the latest manifestations of that trend is the
ULTRACULTURE MOVEMENT, promoted by Jason Louv of Disinfo.com:

It is “a cultural movement based around the mass interest in magic and
the concordent need to apply it to improving our thoroughly disturbed
world."

<!--

Michel Bauwens:

Ultraculture specifically means two things:

"It is the name of a social networking system. Specifically, the idea
behind “Ultraculture” is to APPLY THE INDYMEDIA MODEL TO MAGIC, AND
ESTABLISH OPEN CITY-BASED “SCENES” BASED AROUND MAILING LISTS AND
WEB PAGES WHERE PEOPLE CAN LINK UP WITH PEOPLE IN THEIR AREA INTERESTED
IN MAGIC, ESOTERICISM, CONSCIOUSNESS EVOLUTION, etc., discuss it in
terms of how it applies to both their own experiences and their
communities, and then determine their level of activity and involvement
within that growing network.

Ultraculture is NOT another magical order, group or hierarchy, nor is it
just another discussion forum; IN THIS CAPACITY IT IS ONLY A SOCIAL
CONNECTING SYSTEM ON BOTH A LOCAL AND GLOBAL SCALE. Occultism has
traditionally been the pursuit of the “Outsider” figure;
Ultraculture then aims to situate magic more firmly as an activity of
communities.”

1. "Errorism"
Concept and action are based on the idea that "error" is reality's principle of order.

2. "Errorism"
is a philosophically erroneous position, a ritual of negation, a disorganised organisation: failure as perfection, error as appropriate move.

3. The field of action of "Errorism"
contains all those practices that aim at the LIBERATION of the human being and language.

4. Confusion and surprise, black humour and absurdity are the favourite tools of the "errorists".

5. "Lapses" and failed acts are an "errorist" delight.

(extracts from the international errorists' manifesto)

ERRORISM AND POLITICS:

For "Errorism" POLITICS is LIFE

Errorism is Re-EVOLUTIONARY, the practices r-evolutionize the search for autonomy and social self-sufficiency.

Capitalism is the most insidious error that has been successfully dissimulated

ERRORISM AND SEXUALITY

In errorist lust eroticism is the key to the game of the love We read what we must not. We touch what we cannot

Errorist LOVE is LOVE FREE of error

The errorists-we-claim masturbation as a possibility for autonomy and self-knowledge

ERRORISM AND LANGUAGE

Let's look at a clear example for the effect of applying errorism in an everyday life situation: someone writes using a
PC and any text-editing program. These programs are designed to avoid "errors" by means of "proofreaders": if the word,
the concept or the idea is not recognised, an alternative is immediately suggested. The suggestion indicates that we are
committing an Error. Take the example of the word "ERRORISM": the program does not recognise this word and suggests two
other options ("terrorism", "eroticism"). This is an "errorist" example, since what we wanted to say was "errorism" or
"errorist", but apparently it is an error since "errorism" does not exist.

But having assumed errorism as the existence of error as the base of everything, we discover that communication must be
errorist. We therefore claim the metaphor as the favourite and most refined weapon for errorists.

ERRORIST & (T)ERRORIST

The new figure of "terrorism" is used to justify war, genocide and repression against the people. Terrorism is a concept; it creates an image which gives visibility to the offence of being "suspected of everything", and uniformly
criminalizes non-western societies, the opponents of a regime, the poor, the others, foreigners in a generalising way.

In the so-called "Global War Against Terrorism" everything is allowed: devastating homes, despising religious worship,
torturing and humiliating the "enemy".

Assassinating somebody for "the appearance of their face": shoot first, then see who it is, in order to create an image
later.

The Terror disseminated by mass media makes us part of the strategy of Global War. From week to week the mass media
identify a new territory of war, a new potentially "dangerous" subject; whether it be the attacks that are carried out,
the fear of those, or possible threats, we see ourselves confined to living in a world in a state of alert and paranoia.

An example of the errors we are opposed to is the recent case of the murder of an alleged "terrorist" by "error" in the
London underground. "It was an error", said the policemen who assassinated the young Brazilian, to justify the death. A
mix-up? Then ... anyone can be a terrorist?

WE ARE ALL ERRORISTS!

Yes, Project Mayhem 2012 was born as an article to be published in Phrack Magazine in order to build TYLER:

a Massively Distributed Uncensorable Collaborative Wiki-P2P Cipherspace Structure to finally unveil all

Governmental and Corporate lies.

Worldwide.

"In a project like WikiLeaks.org, the role of the Editor is in great
personal danger and in risk of being 'totally incapacitated'
—CIA's phrase to refer to the act of presumably killing the
'Pentagon Papers' whistleblower, Daniel Ellsberg— by potential
enemies while it dramatically slows down the release process.

The article aims to solve this, by proposing the creation of a
Massively Distributed Uncensorable Collaborative Wiki-P2P
Cipherspace Structure that will implement a distributed and
crowdsourced karma-based TRUST 'Authority' in order to maximize
leaks visibility while minimizing information poisoning."

Oppression

‘Has it already been four years?’ asks Thumb.

‘I wonder whose turn it is this time’ grumbles Legs.

Legs was hit the hardest this year, due to the economic down-turn he has had to walk more than any man ought to for his slice of bread. ‘God forbid Back doesn’t crash under the extra load we’ve had this year otherwise we’d all be up shit street.

‘Nah’ replies Thumb, ‘there’s always some mug who’ll step up and replace us’.

‘Yeah! And don’t you forget’ only one part of this unit needs to fail and we’ll out be of the job before you know it’ says Brains with a typically pessimistic moan of the beaten down.

‘I’d like you all to remember we don’t need to be here’ interrupts Heart, ‘we have got a choice you know’.

‘Like heck do we’ shouts Brains, ‘I know your type, take on the world, revolt. Where will that get us? I say it would get us out of a job and even more hard-up’.

‘What would you know anyways?’ mumbles Heart.

Just as things were about to get out of hand five morbidly obese men entered the work area, dressed in nicely tailored suit showing their up most professionalism. They started to bring about order with their monotone speech and everything about them was different to the attire of the rest of the workplace.

‘The United Kingdom Corporation… has finished another term …and today a new company director …must be elected’ says one of the large men.

‘Here we go, more bullshit’ says Heart ‘look at them they don’t look like they’ve ever gone a day without food and all they do is delegate, while us poor bastards carried them through this recession while half damn starved’.

The round faced gentle man, as if knowing glowed slightly as he ripped open the election envelope. ‘I am happy to announce… this terms Director is … for the third time’

Before the speaker could finish reading the envelopes contents a roar from the Director and his team interrupted the speaker.

‘My Father would be so proud of what I am doing for this company’ the Director thought to himself as he steps forward. ‘Come forth employees of the United Kingdom Corporation…It is time for you all…to support me again…for another term’ announced the Director.

Then Thumb, Brains, heart and the rest of the body of workers stepped forward, crouched forward and waited for their master to mount.

‘I assure you all…employees of the United Kingdom Corporation… I am deeply sorry for your suffering… I know it has been a difficult couple of years… I will do my best… to improve working conditions… in our wonderful company… but it is essential for our company to progress… that you keep strong and carry us through hardship.

I sit on a man's back; choking him and making him carry me, and yet assure
myself and others that I am very sorry for him and wish to ease his lot by all possible
means - except by getting off his back. (What Then Do We Do?, 1886, Leo Tolstoy)

ABSTRACT

Quantum phase transitions take place between distinct phases of matter
at zero temperature. Near the transition point, exotic quantum
symmetries can emerge that govern the excitation spectrum of the system.
A symmetry described by the E8 Lie group with a spectrum of eight
particles was long predicted to appear near the critical point of an
Ising chain. We realize this system experimentally by using strong
transverse magnetic fields to tune the quasi–one-dimensional Ising
ferromagnet CoNb2O6 (cobalt niobate) through its critical point. Spin
excitations are observed to change character from pairs of kinks in the
ordered phase to spin-flips in the paramagnetic phase. Just below the
critical field, the spin dynamics shows a fine structure with two sharp
modes at low energies, IN A RATIO THAT APPROACHES THE GOLDEN MEAN
predicted for the first two meson particles of the E8 spectrum. Our
results demonstrate the power of symmetry to describe complex quantum
behaviors

137: Jung, Pauli, and the Pursuit of a Scientific Obsession

W. W. Norton & Company, 2010 - Body, Mind & Spirit - 336 pages
Is there a number at the root of the universe? A primal number that everything in the world hinges on? This question exercised many great minds of the twentieth century, among them the groundbreaking physicist Wolfgang Pauli and the famous psychoanalyst Carl Jung. Their obsession with the power of certain numbers--including 137, which describes the atom's fine-structure constant and has great Kabbalistic significance--led them to develop an unlikely friendship and to embark on a joint mystical quest reaching deep into medieval alchemy, dream interpretation, and the Chinese Book of Changes. 137 explores the profound intersection of modern science with the occult, but above all it is the tale of an extraordinary, fruitful friendship between two of the greatest thinkers of our times. Before I even get into looking at the third enigma since it seems the second enigma was solved!!!

"What is the cipher that is not a cypher"

Lucipher/Lucypher of course!

Funny but I was just having a conversation with my friend this weekend how lucipher was infact Jesus and then I see in the source code these quotes

> "Use of the name "Lucifer" for the devil stems from a particular interpretation of Isaiah 14:3–20, a passage that does not speak of any fallen angel but of the defeat of a particular Babylonian King, to whom it gives a title, Helel (הֵילֵל, Shining One), a Hebrew word that refers the Day Star or MORNING STAR (hence, in Latin, Lucifer)."

> "In Latin, the name Lucifer (Light-Bringer) corresponds exactly to the Greek term Φωσφόρος. In Isaiah 14:12, the Septuagint version uses the word "Εωσφόρος" (Heosphoros) and the Vulgate "Lucifer" to translate Hebrew "Helel" (Venus as the brilliant, bright or shining one), "son of Shahar (Dawn)"

Now a very important part of the source code maybe the

- - - - - --------[2.- WikiLeaks and Julian Assange in great danger

At the time of writing this (June 15, 2010), WikiLeaks Founder Julian Assange is being hunted by Pentagon over a possibly massive 260.000 diplomatic cables leak, after ex-'hacker' Adrian Lamo turned the supposed whistleblower to the FBI and ex-'hacker' Kevin Poulsen broke the very 1st rule of journalism on Wired by revealing his name.

Daniel Ellsberg, who gained fame when he leaked the Pentagon Papers in 1971 in hopes of ending the Vietnam War, told MSNBC's Dylan Ratigan that he not only sees a parallel between himself and the person who recently leaked a video of an assault by US forces on Iraqi civilians but also fears for the safety of WikiLeaks founder Julian Assange, who published the video.

“What if WikiLeaks was a sort of Wiki-BitTorrent, served by thousands of people around the world running a background process on their computers,” mused Edward Benson, a Ph.D. student at the MIT Computer Science and Artificial Intelligence Laboratory.

“No fundraising needed here, it’s all P2P. And if the Wiki is maintained Wikipedia style, then we no longer need to pay for a centralized staff to curate it. Plus, there’s no centralized staff to kill or jail. It can be a decentralized, collaborative process.”

WikiLeaks has started to serve Magnet links, yet the role of the Editor (Julian) is maintained in order to supervise and to assign priorities to what is leaked and what is not.

Unfortunately, this puts the role of the Editor in great personal danger and in risk of being 'totally incapacitated' —CIA's term to refer to Daniel Ellsberg— by potential enemies while it dramatically slows down the release process.

By its own nature, WikiLeaks mirror servers are limited in numbers, and very much resource-hungry during media peaks.

Being limited in numbers means that they are prone to attack, DDoS, international IP bans, governmental inclusion in blacklists... etc. etc. These are single point of failure that threaten the infrastructure of the whole system.

Project Mayhem 2012 aims to circumvent these issues.

Project Mayhem 2012 turns into a real uncensorable Superorganism that predates the net:

an uncensorable civil cipherspace ontop the cyberspace.

In other words, we would like to help Mr. Obama to fulfill his promises
and to make them extensible to the whole of society. World. Wide.

Protect Whistleblowers:

"Often the best source of information about waste, fraud, and abuse in government is an existing government employee committed to public integrity and willing to speak out. Such acts of courage and patriotism, which can sometimes save lives and often save taxpayer dollars, should be encouraged rather than stifled. We need to empower federal employees as watchdogs of wrongdoing and partners in performance. Barack Obama will strengthen whistleblower laws to protect federal workers who expose waste, fraud, and abuse of authority in government. Obama will ensure that federal agencies expedite the process for reviewing whistleblower claims and whistleblowers have full access to courts and due process."

>:PROJECT MAYHEM 2012

Time has come to encourage COURAGE and to issue a CALL TO HACKZION for PROJECT MAYHEM 2012.

Project Mayhem 2012 is a Mutant Egregor Reality-Hacking Wargame.

Reality Hacking is any phenomenon which EMERGES from the nonviolent use of legally ambiguous digital tools in pursuit of politically, socially or culturally subversive ends.

An Egregor (also "Egregore") is an occult concept representing a "thoughtform" or "collective group mind", an autonomous psychic entity made up of, and influencing, the thoughts of a group of people. The symbiotic relationship between an Egregor and its group has been compared to the more recent, non-occult concepts of the CORPORATION (AS A LEGAL ENTITY) and the meme.

No 'perfectly ideal' p2p darknet design is going to be explained here.

Instead, we are going to do something WAY BETTER:

Project Mayhem 2012 is a [Metaheuristically/Hyper-heuristic] self-actualizing self-repairable IDEAS GENERATOR:

TYLER, its 'problem child', paraphrasing Albert Hoffman.

Project Mayhem 2012 is a passionated Swarm Intelligence Egregor, iMAGInaCKtive, ants/locusts/bees-colony alike, hard workingly playful, creative, Groucho Marxist, joy free and quasi-fnord free, fully open to friends and foes, transparent, independent, non-profit, apolitical but chaotically fnOrdered while dynamically Sampo-Adhocratic, non-violent though more than 'strike hard' capable, autonomous, self-sustained and sharing community to brainstorm ideas and coordinate volunteers everywhere in the development of TYLER.

Project Mayhem 2012 will be the biggest HACKARTISTIC joint challenge ever for the very top hacktivists, coders, cryptoanarchists, cypherpunks and non-violent Civil Rights, Internet Censorship and Freedom of Speech activists everywhere to collaborate to jointly BRAINSTORM IDEAS and to develop TYLER.

To avoid stalling, we won't aim at 'perfection': errors happen...
Everything is OK!

Any big problem is only a META-PROBLEM: a problem about solving problems: a microcosm SPIRAL that mimics the growth of a Macrocosmic SPIRAL.

'Almost good enough' might be MORE than a 'good enough' mentality.
Less Syntactics, More Semantics.

Nobody knows everything that is known, but all together, we know it ALL.

'Evolutionary Computing', 'Adaptative Thinking', 'Dynamically Adhocratic' and 'Mutating problem solving' are key elements here.

We don't aim to find the 'best' solution, as there might be infinite ways to achieve a single goal: we aim to MOVE UPWARDS the spiral.

Or, in Herman Hesse's words:

"We have learned a lot, Siddhartha, there is still much to learn. We are not going around in circles, we are moving UP, the circle is a SPIRAL, we have already ascended many a level."

Obviously Project Mayhem 2012 will ALWAYS respect the Law:

we don't fight against ANYTHING: we will simply ADAPT around it,
and then make it CHANGE to fit our Swarm Intelligence NEEDS of Peace, Justice, Freedom, Beauty and Truth.

Project Mayhem 2012 is a Worldwide GrouchoMarxist Re-Evolution Party celebration of Freedom.

Party not as in as in ['Black vs. White'/'Red vs. Gold'] but as in
'DOING IT 4 TEH LULZ'.

"There's nothing more dangerous than sometone who wants to make the world a better place.
If you want to say something and have people listen then you have to wear a MASK.
If you want to be HONEST then you have to live a LIE.
I like to think I have the guts to stand up anonymously in a western democracy and call for things no-one else believes in - like Peace and Justice and Freedom."

1. ERRORISM: Concept and action are based on the idea that "error" is reality's principle of order.

2. ERRORISM is a philosophically erroneous position, a ritual of negation, a disorganized organization: failure as perfection, error as appropriate move.

3. The field of action of ERRORISM contains all those practices that aim at the LIBERATION of the human being and language.

4. CONFUSION and SURPRISE, black humour and ABSURDITY are the favorite tools of the errorists.

5. Lapses and failed acts are an ERRORIST delight.

- - - - - --------[3.2 - TYLER. 'Ordo ab KOH.' Use soap.

Narrator: What are we doing tonight?
Tyler Durden: Tonight? We make soap.

— 'Ordo ab KOH.'

The saponification of fats with KOH is used to prepare the corresponding "potassium SOAPS," which are softer than the more common sodium hydroxide-derived soaps. Because of their softness and greater solubility, potassium soaps require less water to liquefy, and can thus contain MORE CLEANING AGENT than liquefied sodium soaps.

TYLER is a massively distributed and decentralized Wikipedia-style P2P cipherspace structure impregnable to censorship.

TYLER will avoid single point of failures by implementing a distributed and crowdsourced karma-based TRUST 'Authority' in order to prioritize leaks relevance and visibility while minimizing information poisoning.
This solution successfully solves the single point of failure inherent to the role of an Editor.

TYLER will gather an unprecedented number of the best hackers and coders ever to develop its structure from scratch, from the lessons learned from the Freenet, TOR, GNUnet, eMule, BitTorrent, I2P, Tribler and related projects.

TYLER will end its betatesting phase the 5th of noVember, 2012.
TYLER will go wild on the net on 12-12-2012, massively flashmob style.

Machines are usually hacked via 'interlink bugs'.
Humans are usually hacked via 'limbic system bugs'.
This date has been purposely chosen to PLAY with the 2012 meme.
As everybody knows, it's OBVIOUS that prophecies & MagicK do **NOT exist:**

The best way to predict the future is to CREATE IT.

On the 10 days that go from 12-12-2012 to 12-21-2012, the World will see an unprecedented amount of Corporate, Financial, Military and State leaks that will have been secretly gathered by millions of CONSCIENTIOUS citizens, vigilants, whistleblowers and insiders worldwide, dormant cells of a global 'Fight Club' from all countries, patiently waiting for the time to SWARM the Egregor's Consciousness in perfect synchrony.

Once TYLER be on the wild and Truths be revealed:

1. You DO ask questions.

"We have to create culture, don't watch TV, don't read magazines, don't even listen to NPR. Create your own roadshow. The nexus of space and time where you are now is the most immediate sector of your universe, and if you're worrying about Michael Jackson or Bill Clinton or somebody else, then you are disempowered, you're giving it all away to icons, icons which are maintained by an electronic media so that you want to dress like X or have lips like Y. This is shit-brained, this kind of thinking. That is all cultural diversion, and what is real is you and your friends and your associations, your highs, your orgasms, your hopes, your plans, your fears. And we are told 'no', we're unimportant, we're peripheral. 'Get a degree, get a job, get a this, get a that.' And then you're a player, you don't want to even play in that game. You want to reclaim your mind and get it out of the hands of the cultural engineers who want to turn you into a half-baked moron consuming all this trash that's being manufactured out of the bones of a dying world."

— Terence McKenna

"The syntactical nature of reality, the real secret of magic, is that the world is made of words. And if you know the words that the world is made of, you can make of it whatever you wish."

— Terence McKenna

"The creative act is a letting down of the net of human imagination into the ocean of chaos on which we are suspended, and the attempt to bring out of it ideas.

It is the night sea journey, the lone fisherman on a tropical sea with his nets, and you let these nets down - sometimes, something tears through them that leaves them in shreds and you just row for shore, and put your head under your bed and pray.

At other times what slips through are the minutiae, the minnows of this ichthyological metaphor of idea chasing. But, sometimes, you can actually bring home something that is food, food for the human community that we can sustain ourselves on and go forward."

— Terence McKenna

"You are an explorer, and you represent our species, AND THE GREATEST GOOD YOU CAN DO IS TO BRING BACK A NEW IDEA, because our world is endangered by the absence of good ideas. Our world is in crisis because of the absence of consciousness."

— Terence McKenna

"Chaos is what we've lost touch with. This is why it is given a bad name. It is feared by the dominant archetype of our world, which is Ego, which clenches because its existance is defined in terms of control."

- - - - - --------[V.- Epilogue

"How much can you know thyself, you've never been in a fight?
I don't wanna die without any scars.
So come on: hit me before I lose my nerve!"
— Tyler Durden.

"I believe in the right of the people to rule. I believe the majority of the plain people of the United States will, day in and day out, make fewer mistakes in governing themselves than any smaller class or body of men, no matter what their training, will make in trying to govern them.

Friends, our task as Americans is to strive for social and industrial justice, achieved through the genuine rule of the people. This is our end, our purpose. The methods for achieving the end are merely expedients, to be finally accepted or rejected according as actual experience shows that they work well or ill. But in our hearts we must have this lofty purpose, and we must strive for it in all earnestness and sincerity, or our work will come to nothing.

In order to succeed we need leaders of inspired idealism, leaders to whom are granted great visions, who dream greatly and strive to make their dreams come true; who can kindle the people with the fire from their own burning souls. The leader for the time being, whoever he may be, is but an instrument, to be used until broken and then to be cast aside; and if he is worth his salt he will care no more when he is broken than a soldier cares when he is sent where his life is forfeit in order that the victory may be won. In the long fight for righteousness the watchword for all of us is spend and be spent. It is of little matter whether any one man fails or succeeds; but the cause shall not fail, for it is the cause of mankind."

— 'The Right of the People to Rule' by Theodore Roosevelt. March 20, 1912.

"Don't give yourselves to these unnatural men, machine men, with machine minds and machine hearts.
You are not machines! You are not cattle! You are men!
You have the love of humanity in your hearts!
You don't hate - only the unloved hate. Only the unloved and the unnatural.

Soldiers! - don't fight for slavery, fight for liberty!

YOU THE PEOPLE HAVE THE POWER, the power to CREATE MACHINES, the power to create happiness!

SOLDIERS! in the name of democracy, LET US ALL UNITE!"

— Final Speech of "The Great Dictator".
Charlie Chaplin, 1940.

“When the power of Love overcomes the love of Power,
the world will know Peace."

I didn't know about **Freddy Mercury being a Zaratustrian!?!** Maybe all this -Arrabal's pic as a King and Freddie Mercury's pic- is related???

The QUEEN has arrived.

QUEEN (bee), Fleur-de-Lis, Throne, Holy Grail, left eyebrow RISEN UP...

Soooo much new info and mindfucks to research and digest! :lol!

For now I think that the **most exciting thing** is that **no other than the surrealist Fernando Arrabal from the http://en.wikipedia.org/wiki/Panic_Movement is personally showing his support to PM2012! AMAZING!**

> Panic Movement (Mouvement panique) was a collective formed by Fernando Arrabal, Alejandro Jodorowsky and Roland Topor in Paris, France in 1962. Inspired by and named after the god Pan, and influenced by Luis Buñuel and Antonin Artaud's Theatre of Cruelty, the group concentrated on chaotic performance art and surreal imagery.
> The Panic Movement performed theatrical events designed to be shocking, as a response to surrealism becoming petite bourgeoisie and to release destructive energies in search of peace and beauty. One four-hour performance known as Sacramental Melodrama was staged in May 1965 at the Paris Festival of Free Expression. The "happening" starred Jodorowsky dressed in motorcyclist leather and featured him slitting the throats of two geese, taping two snakes to his chest and having himself stripped and whipped. Other scenes included a staged murder of a rabbi, a crucified chicken, a giant vagina giving birth to Jodorowsky, naked women covered in honey and the throwing of live turtles into the audience.
> Arrabal and Jodorowsky later started to work also on film. Arrabal is well-known for his 1971 film Viva la muerte and 1973 film I Will Walk Like a Crazy Horse. Jodorowsky achieved even greater popularity and a cult status with Fando y Lis, El Topo and The Holy Mountain.
> Jodorowsky dissolved the Panic Movement in 1973, after the release of Arrabal's book Le panique.

and:

> Fernando Arrabal Terán (born August 11, 1932 in Melilla, Spain) is a Spanish playwright, screenwriter, film director, novelist and poet. He settled in France in 1955, he describes himself as “desterrado,” or “half-expatriate, half-exiled.”
>
> **Arrabal has directed seven full-length feature films; he has published over 100 plays, 14 novels, 800 poetry collections, chapbooks, and artist’s books; several essays, and his notorious “Letter to General Franco” during the dictator’s lifetime.** His complete plays have been published in a number of languages, in a two-volume edition totaling over two thousand pages. **The New York Times theatre critic Mel Gussow has called Arrabal the last survivor among the “three avatars of modernism.”**
>
> **In 1962 Arrabal co-founded the Panic Movement with Alejandro Jodorowsky and Roland Topor, inspired by the god Pan, and was elected Transcendent Satrap of the Collège de Pataphysique in 1990.**
>
> **Forty other Transcendent Satraps have been elected over the past half-century, including Marcel Duchamp, Eugène Ionesco, Man Ray, Boris Vian, Dario Fo, Umberto Eco and Jean Baudrillard.**
>
> **A friend of Andy Warhol and Tristan Tzara, Arrabal spent three years as a member of André Breton’s surrealist group.**
>
> ‘’Arrabal’s theatre is a wild, brutal, cacophonous, and joyously provocative world. It is a dramatic carnival in which the carcass of our “advanced” civilizations is barbecued over the spits of a permanent revolution. He is the artistic heir of Kafka’s lucidity and Jarry’s humor; in his violence, Arrabal is related to Sade and Artaud. Yet he is doubtless the only writer to have pushed derision as far as he did. Deeply political and merrily playful, **both revolutionary and bohemian,** his work is the syndrome of our century of barbed wire and Gulags, a manner of finding a reprieve.’’
>
> **Prizes**
>
> Although he is one of the most controversial writers of his time, Arrabal’s work has been recognized throughout the world, with honors including the Grand Prize for Theatre of the Académie Française, the Premio Mariano de Cavia for journalism, the Nabokov Prize for novel writing, the Espasa Prize for Essay Writing, the World Theater Prize, etc.

So what's that http://i.imgur.com/fFUsT.jpg pic?? 😳

Well, they explain this:

So, **the V.V.V.V.V. magickal motto is said to be taken from FAUSTUS, ok?**

So imgur.com randomizes filenames, yeah?

So they uploaded a certain pic and **the original filename (i.e. magickalpicture.jpg) is automatically randomized by the imgur.com servers as fFUsT.jpg**, ok?

So... What's this http://i.imgur.com/fFUsT.jpg pic?

Well, well, well... ready to shit some bricks???

Lucipher/Lucypher, eh ...

At the beginning of 'Holy Mountain'; the 'EyE' is surrounded by 'Peacock Feathers'; although I already tried to draw attention to the Yezidi & their 'Luciferian' views previously.

In Robert Shea and Robert Anton Wilson's 1975 The Illuminatus! Trilogy, "Order of the Peacock Angel" appears in letterhead as the title of an organization taking part in the Discordian "Operation Mindfuck" project outlined in "Appendix Yod".

I have created an #Op in the operations staging area in support of Dangerous Idea No.1 and Tyler. Pop on over and have a look and if you think it's a good idea give it a thumbs up in the poll. Also any suggestions on how to make it a better #op video/media content etc would be appreciated.

Or it could point to the Emerald Tablet, REI UNIOUS is Latin:

Emerald Tablet
en.wikipedia.org/wiki/Emerald_Tablet

The Emerald Tablet has to do with the two pillars of FreeMasonry (Boaz & Joachin, aka Marbell/Latarus).

Some people say the knowledge can be traced all the way back to Methuselah; and his son's Jabal - Jubal & Tubal Cain ... then Enoch.

But then it's interesting, because Fu Xi & Nu Wa also have the Square & Compass.

I wonder how long ago Methuselah lived ?

Regards, I am not going to give up on seeing a turning of the tides; even if everyone wants to hide behind masks - or put me on ignore 🙂

I am probably looking in the wrong direction, but what I posted above is not quite correct.

Freemasonry can only be traced back to the early 1700's ... but it supposedly can be traced back to the 'Wisdom of Lamech'.

This is from another forum, where-upon someone had typed "All Hail Jabulon"; the second part is an excerpt from Genesis of the Grail Kings which is in my Rothschild thread on GLP.

Who is Jabulon ?

I thought it was Jabul, Jubal & Tubal Cain ... ?

Who were the sons of Lamech, who was the son of Methuselah ?

Supposedly the foundations of masonry trace back to 'The Wisdom of Lamech', where-upon there were two pillars ***Marbell*** *& Latarus (aka boaz & Jachin) upon which all the knowledge and wisdom that mankind had ever known, as well as the way to understand all that shall ever be known were inscribed upon them.*

Boaz & Jachin
en.wikipedia.org/wiki/Boaz_and_Jachin

Jahbulon
en.wikipedia.org/wiki/Jahbulon

---

*If the origins of 'Freemasonry' can be tied back to the 'Wisdom of Lamech' which was recorded upon two pillars (****Marbell*** *& Latarus),; and his sons Jabal, Jubal and Tubal Cain.*

Genesis of the Grail Kings
Chapter: Vulcan & Pentagram
Page 199

""The Pillars of Wisdom""

It is a tenet of the very oldest mystery lore that Lamech was the father of Masonic symbolism and that his son Jabal was the master geometrician.

Early Masonic manuscripts (such as the Harleian, Sloane, Lansdowne, Edinburgh and Kilwinning) all relate that the Craft evolved in the most ancient of biblical times and many early Lodge constitutions cite the founders as being the sons and daughters of Lamech, namely Jabal, Jubal, Tubal-cain and Namaah.

They wrote their various sciences it is said, upon two pillars - one called ***Marbell****, which would resist fire, and the other called Latarus, which would resist water ((Boaz & Joachin??).*

This recorded information (the Wisdom of Lamech) was based on the Anunnaki (Ayuvwa[ki]?) testament known as the 'Table of Destiny' which, as we saw earlier contained 'all that humankind had ever known, and all that would ever be known'.

There are many differing accounts of the precise nature of these pillars of wisdom, but it is generally agreed that, in time, their content was translated to an emerald tablet by Tubal-cain's grandson, Ham who was known to the Egyptians as Khem or Thoth."

Lamech's father was Methuselah, supposedly the oldest man who ever lived.

Baalzevuv is Hebrew for "Lord of the Flies", also root of the modern beelzebub.

Beelzebub
en.wikipedia.org/wiki/Beelzebub

Baal

I've also had the thought that Jesus Christ & Lucifer were related somehow; perhaps 'Lucifer' might be equated with the Aeon Christos & Mesotes of John Lash. But then, where does Aeon Sophia fit in ...

... The 'God' of the bible, being equated with the demi-urge; yaldaboath - the Serpent being the good guy; etc.

Demiurge

Pataphysics
http://en.wikipedia.org/wiki/'Pataphysics

'Pataphysics (French: 'pataphysique) is a philosophy dedicated to studying what lies beyond the realm of metaphysics. The term was coined and the concept created by French writer **Alfred Jarry**

Unpublished until after his death, his fiction Exploits and Opinions of **Dr. Faust**roll, pataphysician (Gestes et opinions du docteur Faustroll, pataphysicien) describes the exploits and teachings of a sort of **anti**philosopher who, born at age 63, travels through a hallucinatory Paris in a sieve and subscribes to the tenets of 'pataphysics. 'Pataphysics deals with "the laws which govern exceptions and will explain the universe supplementary to this one". In 'pataphysics, **every event in the universe is accepted as an extraordinary event**.

http://en.wikipedia.org/wiki/Exploits_and_Opinions_of_Dr._Faustroll,_pataphysician

So the clues pataphysics, Dr Faust and this book (wich pm2012 also linked to in their newest update) is tied to a man called **Alfred Jarry** 3 clues that point to 1 man, coincidance?

Alfred Jarry is most famous for his play called Ubu Roi

http://www.enotes.com/ubu-roi
http://nl.wikipedia.org/wiki/Ubu_Roi

> critics condemned the play and its performance as the theatrical equivalent of an ‘‘anarchist’’ bomb attack and as an act of political subversion.

Not sure where im going with this and whats next i was just brainstorming 😃

Edit after more lurking:

Alfred Jarry was born in Paris
Paris has the famous Notre Dame

Notre Dame has 5 bells with 1 called "The Great Bourbon bell, Emmanuel"

http://en.wikipedia.org/wiki/Notre_Dame_de_Paris#Bells

> Bells
>
> There are five bells at Notre Dame. The great bourdon bell, Emmanuel, is located in the South Tower, weighs just over 13 tons, and is tolled to mark the hours of the day and for various occasions and services. There are four additional bells on wheels in the North Tower, which are swing chimed. These bells are rung for various services and festivals. The bells were once rung manually, but are currently rung by electric motors. When it was discovered that the size of the bells could cause the entire building to vibrate, threatening its structural integrity, they were taken out of use. The bells also have external hammers for tune playing from a small clavier.
> In the night of 24 August 1944, as the Île de la Cité was taken by an advance column of French and Allied armoured troops and elements of the Resistance, **it was the tolling of the Emmanuel that announced to the city that its liberation was under way.**

May it be? Or maybe not?

Next update:

http://en.wikipedia.org/wiki/Immanuel

> **Emmanuel means "God with us"**
> Immanuel or Emmanuel or Imanu'el (Hebrew עִמָּנוּאֵל "God [is] with us" consists of two Hebrew words: אֵל (’El, meaning 'God') and עִמָּנוּ (‘Immānū, meaning 'with us'); Standard Hebrew ‘Immanu’el, Tiberian

> Hebrew ‘Immānû’ēl). It is a theophoric name used in the Bible in Isaiah 7:14 and Isaiah 8:8. It appears once in the Christian New Testament: in Matthew's quotation of Isaiah 7:14.
>
> In Matthew "an angel of the Lord" appears to Mary's betrothed husband Joseph in a dream and tells him: "she will bear a son, and you shall call his name Immanuel (**also spelled Emmanuel**), for he will save his people from their sins". The text continues with the comment: "All this happened to fulfill what the Lord had spoken by the prophet: 'Behold the virgin shall conceive and bear a son, and his name shall be called Immanuel, which being interpreted is God with us'"

Immanuel(Emmanuel) = Jesus/God

> In Isaiah 8:8, Canaan is called the land of Immanuel, though in other passages it is termed the land or the inheritance of God,[1] so that Immanuel and God are identified. Again, in the Hebrew text of Isaiah 8:9-10, the Prophet predicts the futility of all the enemies' schemes against Canaan, because of Immanuel. The characteristics of the child Immanuel as described in 9:6-7, are viewed by Christians as indicating his Messianic mission, and the eleventh chapter pictures the Messianic blessings which the child Immanuel will bring upon the earth. Moreover, the Gospel of Matthew (1:23) expressly identifies the Immanuel with Jesus the Messiah, and Christian tradition has constantly taught the same doctrine.

> Spelled in English as "Emanu-El," "Emanu El," or "Emanuel," Emanu-El is a common name for Jewish synagogues.

Or maybe Taco Bell is the most beautifull bell

I also crudely translated these french phrases from the pm2012 update

please if there are any french anons can you perhaps translate it better for us? But this seems a bit like it though:

> Faut-il prendre
> la ’Pataphysique
> au sérieux ?
> Qu’est-ce que la ’Pataphysique
>
> À un moment ou l’autre de sa vie, même s’il n’en a pas
> conscience ou s’il ne se les formule pas clairement, le vrai
> pataphysicien est confronté dans le plus intime de son être avec les
> deux propositions suivantes :

> Proposition A
> LE VRAI PATAPHYSICIEN NE PREND RIEN AU SÉRIEUX, SAUF LA ’PATAPHYSIQUE ... QUI CONSISTE À NE RIEN PRENDRE AU SÉRIEUX.
>
> Proposition B
> LA ’PATAPHYSIQUE CONSISTANT À NE RIEN PRENDRE AU SÉRIEUX, LE VRAI PATAPHYSICIEN NE PEUT RIEN PRENDRE AU SÉRIEUX, MÊME PAS LA ’PATAPHYSIQUE.
>
> [...]
>
> Le vrai pataphysicien ne doit pas se prendre soi-même au sérieux. Elle le met ainsi à l’abri d’une tentation à laquelle cèdent tant, hélas, de ses contemporains !

This is what i got translated:

> is it necessary to take
> Pataphysics
> seriously?
>
> What is pataphysics
>
> At one moment or the other of one's life, even if it does not have any conscience
> or if it hasn't developed them yet properly, the true pataphysicien is
> confronted in the most intimate one of his being with the two following suggestions:
>
> Suggestion A
> THE TRUE PATAPHYSICIEN TAKES NOTHING SERIOUSLY,
> EXCEPT THE ’ PATAPHYSIQUE... WHICH CONSISTS IN TAKING NOTHING SERIOUSLY.
>
> Suggestion B
> THE 'CONSISTENT PATAPHYSIQUE TAKES NOTHING SERIOUSLY,
> THE TRUE PATAPHYSICIEN CAN NOT TAKE NOTHING SERIOUSLY, EVEN NOT THE 'PATAPHYSIQUE
>
> The true pataphysician should not be caught oneself with the serious one.
> It thus puts it safe from one temptation to which yield so much, alas, of its contemporaries!

ok then Alfred Jarry and...**Bells!!!**

> From rainer ganahl
>
> "In the winter of 1893 Alfred Jarry had a vision of **bells that could awaken the world anew!** In the after match of this vision Jarry, the famous writer and bicyclist ordered four heavy bronze bells with his initials that miraculously mirrored phalluses **but still producing divine sounds**".

the most beautiful bell...or bellend?

Jarry's Bells

Jarry was also a famous absinthe drinker along with Oscar Wilde, Van Gogh, Marilyn Manson and

Ernest Hemingway (who by coincidance in this instance wrote "For whom the **BELL** tolls", about an absinthe drinker)

...anyway just throwing those finds out there...

or maybe the sound that comes out of it...you know that little tinkling sound hitting the bowl

A wondrous sound when you've had too much absinthe

Urine after all may be the Alchemical "mercury" (Ref:The Book Of Aquarius

remember the german Dr Faustuss whom Goethes Faust is based upon was an Alchemist.

and if we look at one of our clues

REI UNIUS

VNIᴙƎZ10N

> **REI UNIUS** is an anagram of I USE URIN (well it almost works)

REI UNIUS in latin translates as "of one thing" which may be a reference to the "life Force" in Alchemy, The one thing from where all else comes?

from the Emerald Tablet

> Verum, sine Mendacio, certum et verissimum: Quod est Inferius est sicut quod est Superius, et quod est Superius est sicut quod est Inferius, ad perpetranda Miracula Rei Unius

I do not know if the Priory of Sion symbol can be equated with the Heart, although it is an interesting notion.

It is also good to see ThelemaChaos (even if I be on ignore) coming around to the heart.

Now, when you all can visualize yourself in the center of 12 dna strand heart-soul-star cosmic mandala; we will really be flying - as it does line up perfectly with the Anahata (Heart Chakra) Yantra (12 petals) - and the 6 around 1 notion is also mirrored in the Buddhist Wheel of Life.

I wanted to share some thoughts I have had last night and this morning.

I have not seen 'Fight Club, but when I think about "Project Mayhem"; I think about "Ensuing Chaos".

Language is important, both "Mayhem" and "Ensuing Chaos"; when I think in my mind and listen to the words - Hemming and Sewing both have to do with 'weaving'.

... weavers of energetics, perhaps - which is actually taking us beyond 'magicK' into sorcery & wizardry ...

Previously, I stated that the focus must be from the heart & higher; I also stated that one should not be practicing any type of magick until they have a very strong and direct connection to the source (which can only occur hyperspatially via fields within fields within fields through the heart / higher mind + compassion & reverence for all of creation & it's sentience - up / down the axis mundi) ...

I also want to say that from this point forward, nobody here-in can say that they were not fully conscious that what is being worked towards appears to be 'further enactment' of the age old agenda of a 'Luciferian New World Order'.

Lucifer(christos?) without Shekinah(sophia!) ain't going no where, look where it's gotten us today ...

May the True & Ultimate Unified Source Guide This Process, and the People Here-In ...

The Future World, or Lack There-Of is at Stake ...

We have not done a very good job as stewards and caretakers of our planetary homeworld, without which; all the virtual realities & cipherspaces or skynets are useless ...

Our civilization needs to be entirely re-oriented, along every vector (hence: Neo-Civilization); we need those within the structure as it exists to participate in a turning of the tides.

DHS needs to realize and know that the true threat is in the correction not taking place, as well as serving the agenda which has gotten us to where we are today - which obviously is neither self sustaining - nor is it a structure that shall allow humanity to embody it's role within the scheme of things ...

As far as 'Bells' go, my initial guesses are one of the Pillars of Masonry which represent the wisdom later compiled into the Emerald Tablet of Thoth with my second guess being Beelzebub (Baal).

Sui iuris is a Latin phrase that literally means “of one’s own right”. It is usually spelled "sui juris" in civil law, which uses the phrase to indicate legal competence, the capacity to manage one’s own affairs (Black's Law Dictionary, Oxford English Dictionary). The English word “autonomous” is derived from the Greek words that correspond to Latin "sui iuris". (references)

You can not blame anybody but your own self for your confusion, I am in no way associated with anybody whom goes under the moniker of Rex; or whom purports the notions which this individual does.

I actually don't even know who they are.

I also have had no association with the Cassiopeans, although I have been aware of that website and 'movement' for many years.

My own effort has always been called 'Unlimited Envisions | Neo-Civilization: 2012" (since 1995); and it involved an Andromedan-Orion-Draconian Alliance (Alpha/Omicron Draconian), Alpha Centauri & Sirius + Antares ... towards effecting what I always described as being "Project Homeworld" ...

Which was the evolution of our civilization through a tri-phase approach to planetary transformation; we are in the midst of the second phase having needed to be initiated (actually behind schedule) - which was the creation & establishment of a 'Foundation for Omni-Dimensional Science & Spirituality'.

The third phase was the transformation of the United Nations into a Global Council of Nations & Association of Indigenous Elders; the Elders being the Central Axis of the Councils Decision Making.

The first meeting to take place in Central China.

There were other elements involved, but this thread is about Project Mayhem.

I admit I would like to see the 2012 Mayhem aimed towards both a turning of the tides; and the re-structuralization of the corrupted planetary power pyramid - into the shape of a torsion field & creation of a Neo-Civilization; meanwhile we begin to Envision Unlimitedly.

Towards re-orienting and correcting the unfoldment of timelines within the spatial field, back into alignment with the contour; it may be a straight and narrow path - but it is ultimately curved.

In my Rothschild thread I have identified myself all the way down to my birth certificate; so I am sorry - but the question of who I am should be clear.

I wish I had the power to take down the dupe shields we each carry, that keep us each duped in one direction or another - to one degree or perhaps many more; the pearl or core of knowledge & wisdom corroded by the grime wrought by centuries of calculated misfortune upon the general populace.

... seeing it washed clean & clear ...

There is a fine line that separates what we perceive as being order and our attempts to further institute it, and that which we construe as appearing chaotic; that fine line is perhaps the semi-permeable membrane of our consciousness's sheath itself and our judgements about reality.

--TAKE IT OR LEAVE IT, BUT NEVER IGNORE ANTS - I OFFER THIS DATUM FREELY FOR THOSE WHO MIGHT MAKE USE OF IT FOR SELF EMPOWERMENT--

I also highly suggest this article, and looking into Adam Kadmon; the Divine Androgyne - which Fando y Lis notates:

Xenolinguistics I: Aspects of Alien Art
www(dot)realitysandwich.com/xenolinguistics_i_aspects_alien_art

We feel that at this time it is important to begin to delineate to you a clearer understanding of the mechanisms which allow for your species capabilities to tune into and decipher communications which are being received from hyper spatial and other dimensional sources of intelligence.

In essence we are here to assist you in perceiving the Original Divine Template through which your form has come into manifestation.

Within this moment exists the potential, the capability to discern and conceptualize this truth.

There is a transducer function within your brains. Your current sciences have only begun to understand the ways in which your beings function.

There are parameters of operation that you have not been able to tune into or utilize; due to the matter of fact that your mental framework did not hold the awareness that you possessed those capabilities.

The visualization you could use is almost like the grooves on one of your pre-compact disc records {Vinyl}.

The functioning spectrum of human capability could be likened to the whole record. If the record gets a scratch, then it will start playing the same sequence again and again {always stuck in that groove}.

This would create the inability for the whole recording to be heard.

In this analogy, we are asking you compare humanity to the recording. We would like you to consider these premises:

Premises:

1. 'There exists an original intended blueprint that contains the design specifications for not only the animation, functioning, and operation of your physiological structure; it also contains encoded parameters that give you the capability to utilize a larger percentage of your inherent potential'.

Some of these functions are:

The capability to perceive things on multiple levels or in different spatial time wavelength bandwiths simultaneously.

The capability for the individualized consciousness to become an antennae allowing for more integrated functioning into the human collective.

There are a whole range of extended cognitive and perceptual capabilities which are housed within you - for the most part currently in dormant latent mode.

Within this moment you have the capability to perceive yourself as your physiological vehicle, your consciousness existing as a gyro-spectrum lens scope.

In addition there exists a whole range of empathic, and intuitive characteristics which are now beginning to come on line.

2. 'Backwards in time certain factions of different species who had a hand in the inception and development of the human species made decisions which were not to the highest benefit of all species involved.

In this process the Human Species was de-activated.

Basically the pathways which allowed for the encodement and resonance with the levels of functioning contained within the Original Intended Blueprint were severed.

Essentially all of the pieces were for the most part left in tact, they were just disconnected.'

3. 'There is a process of unprecedented importance underway upon Planet Earth During These Times which has the potential to completely transform and shapeshift the functioning parameters of humanity.

This can be achieved through the embodyment by individuals, awakening into the Original Intended Blueprint and the awesome intricately designed being apparatus which humankind is.'

4. The capability exists to re-orient your entire world view as well as re-direct the structures of your entire developed level of civilization.

There are beings who are integrally related to Earth here at these times to assist you in this process.

It is not necessary for you to believe in their presence, to t those who it matters, it is just 'Known' {their presence is apparent to anyone who uses the correct lenses - the ones which allow for what the other premises disclose to become clear as well}.

5. There are processes underway intertwined on many different levels, scenarios within scenarios {Interlinked like the seed / flower of life pattern}.

Each of these scenarios must be addressed, on all levels. The structures of your entire developed level of civilization are being put into question.

Your World Leaders and Global Governments must breech their shroud of secrecy.

6. The Future World and Potential Destiny which your Species shall manifest upcoming through these critical times is dependant on the decisions which are made today, by individuals and as a collective; the entire Humanity.

There are many changes which must be initiated on levels spanning the whole scope of human affairs upon this planetary homeworld.

Your ignorance and denial of these core truths shall unfold that which is your species greatest fear.

((extinction / destruction of the entirety))

We stress the importance of a balanced view of these opposing polarities and the embodyment of the higher level of integration in between the two.

The Divine Androgyne is secure in his or her 3-d physical embodyment though and understands the role of sexuality and love, does not suffer from Gender Identity Confusion; like is becoming predominant & pushed all around the world (gay, lebian, bisexual, transgender hijacking of the rainbow).

Maybe I am extension of an oversoul which also has had an extention backwards in time as an Ancient Wizard / Grid Engineer in Atlantis, if you understand the concept of 'reincarnation' or multiple simultaneous incarnations of the oversoul along the linear timeline continuum.

Perhaps I work for the true invisibles; whom are (like I attempted to point out) actually "The Other" not just the 'invisible brotherhood' here in the flesh ...

Who are you ????

Make it matter to me, to us each 🙂

Regards,
12DnAHelix

Here we go (I'll try to do it better than G0ogle Translate, haha - natural translation, not literal. Please make the final makeups for me.)

Proposition B is badly redacted, the second comma has to be a point or the phrase has no sense.

Last phrase refers to the tentation of taking oneself seriously, as the majority of the society does.

Hope it is OK for better understanding :S

Let's see you contribute something from yourself, from your center of creativity; your originality as opposed to seeking to silence me - you and any body else.

You don't see me seeking to silence anyone, and regarding myself; if I have something of value I will offer it - freely.

We each have our strengths and weaknesses, areas where we excel and areas where we each could do better.

At the very least, I can say that I am quite well aware of my soul's three main archetypes ...

The true reality is that we each are shapeshifters.

At the very least; this potential exists within the rotational capacity of our consciousness as a gyrospectrum lens scope ...

In these regards, as an aside; I would suggest looking into the tarot card:

The Fool
en.wikipedia.org/wiki/The_Fool_(Tarot_card)

also:

The Feast of Fools
en.wikipedia.org/wiki/Feast_of_Fools

maybe also:

Foolishness for Christ's Sake
en.wikipedia.org/wiki/Foolishness_for_Christ

The Pataphysician sounds like a combination of the mercurial trickster with the fool or court jester ...

The Participants & those observing / backing this Project Mayhem effort, perhaps also might want to consider the notion of "JUBILEE" in tandem with 2012 & beyond ...

Le Mat (The fool) represents the pure energy, the motion without objective, the beginning of it all. Happy coincidance, I'm from Marsella, the city where the only tarot without author was born.

12DnaHelix, I've been reading and I'm aware that your point of view causes stitches on others minds, and I understand why. I think that

Simple is beautiful

If to understand reality I have to have faith in a cosmogony full of chakras, energies, archetypes and so on, then reality is a complex bunch of things that others made me think: to use these complex structures, first I have to interiorize them. To interiorize them I can understand they or have faith in they. However, this is the difficult style. The easy style is: observe yourself without structures, check, apply, rinse, repeat. **Build your own cosmogony.**

I choose to follow my own path, as I think many others here prefer too. Then, as you say, every truth is a valid truth: I choose the simpler effective truth.

You say

> The Pataphysician sounds like a combination of the mercurial trickster with the fool or court jester ...

I say
The Pataphysics sounds like a LULZ philosophy of living.

... we are saying exactly the same thing, but I think mine is more understandable and less likely to piss off people.

I don't want to upset you, I'm saying all this from my best. I can see you want to participate, but, dude, get down a little with the rest of us!

And refering to this whole #pm2012 thing... anyone has the same feelings as me?: we have already gotten what we had to got. We know who we are, we know what to do, we know that we HAVE TO DO RIGHT NOW whatever we know to do. Programmers, to TYLER, artists, spread the word, anyone, act as the magician we are and collect the lulz until D-Day!

I agree and concur with you, I am of the inclination that the heart in conjunction with the higher mind - which occurs via dual hemisphere sychronization is the the correctly oriented pathway.

Language is my paint brush, that is just what there is about me; I am a logosphile ...

There is nothing difficult or complex in visualizing an omni-dimensional multi-universal cosmosphere that mirrors the base creational geometry of the seed of life.

Very simple, it also is very simple to visualize the 144,000 faceted core that exists at it's central axis out of which the entirety emanates.

That is if you have certain specific focal points around which to attune ones consciousness.

I actually think it is a de-evolution in humanity, that which places so much focus solely on the visio-spatial without the living logos ...

I don't believe in being blind, unfeeling, or deaf ...

even if the blind, dumb and deaf kid did play a mean pin ball ...

au revoir and have a good one

Sure, it is true; that you can attune with the emanation through the sound tone aum & it's reverberations ...

But from that seed sylable, that simplicity; complexity in it's myriad of forms becomes birthed.

Chaos indeed may be complex and simple simultaneously, as is the fractal nature of the hierarchially dimensionalized continuum (nested torsion) ...

I am not going anywhere, and even if I do; I may not be around ...

but I will always be a sphere ...

But the living logos, or the word; without it ...

???

It's not hard to look at the seed of life, look at the mandala I was given; have an understanding of the fibonacci spiral - the torsion field, the axis mundi and three world shamanic structure - and to travel up to directly perceive the truly great central sun (which is not at the central axis of our milky way galaxy) but at the central axis of the entirety ...

It's very easy, although without entheogens; and even with them - still haven't found anyone else who has directly perceived the core.

This is what all religions & mysticism has attempted to direct mankind towards ...

The core that exists inside each of ourselves, which is in sympathetic resonance with the core out of which the entirety emanates; the galactic core & sun being step-down tranceivers - us existing within the field structure & schumann resonance of our planetary womb / homeworld ....

An ancient sacred circuit that exists hyperspatially via fields within fields ...

None of this is difficult to understand nor is it even difficult to visualize ...

It is not difficult to synchronize the rhythm of ones heartbeat pulse, with the pulse of the core at the central axis of the entirety ...

This is what 2012 is about, this is why the meso-american long count calendar at one level is based upon 144,000 day time cycles - called 'baktuns' ...

The completion of the 13th said 144,000 day cycle correlating with December 21, 2012 (13.0.0.0.0) ...

You would think people might be interested in the fact that Terence derived his time wave zero / eschaton thinking via the King Wen Sequence of the Iching - and that the 8 original trigrams of the Bagua were given to mankind by Fu Xi ...

I am not as bad as a guy as just about everyone here-in has tried to make me out to be, and in reality; our outward projections are nothing more than a reflection of our own selves.

That goes for each of us, no self excluded.

We are all responsible, and we must each take responsibility for our own self evolution; and in the spirit of true brother-sisterhood - the co-evolution in relation to one another; and this marvelous planet - mother goddess earth ...

All of this we have lost site of.

I don't necessary see how revealing histories dirty laundry is truly going to turn the tides towards a better future world becoming manifest.

I only hope that there are those above who may be of assistance, and that we each will truly step up; not just to see mayhem and ensuing chaos - but the order which does exist become birthed ...

There is nothing but shame that has been wrought upon this planet over the past 2000 years ...

I must depart ...

😎

First of all, GREETINGS ThelemaChaos for having such a fierce and accurate mind. I've been reading you in this thread and sincerely I don't know if you're a fool or a genius, but thank you for share your thoughts (thanks to all other anons too, of course)

About TYLER: to me is very clear that TYLER is the main point on pm2012.org. Until his disclosure, pm2012 seemed to me a "game of preparation", in order to make all of us know the needed information to make the OP work. When the point has been reached (you solved the second question AND know what to do), TYLER appeared. And (happy coincidance?) then all this disinfo from this DHS thing and the communication of the danger that pm2012.org may be in.

Let me share a thought: maybe pm2012.org has been playing with us to reach exactly this point where we know what to do and how to do it? Maybe they are in no danger and this is a method to put us on fire? If yes, I APPLAUSE. If not, I APPLAUSE too. In the two cases, I'll do what I have to do.

I have already created an artwork for PM2012 and I'll let my posts here stand for themselves (they are unique, you won't find them anywhere else 🙂... but regarding my creativity lets just put it this way, that's what I do for a living, for magick, for art, for life and for the love...who knows you might have come accross some of my work before, but I'm not about to share it with you here 🙂

but this isn't to do with creativity it's about you persistently injected your "Unlimited Envisions" into this thread and trying to morph PM2012 to your Belief System - as THE MODS - HIJAQD and NIGHTINGALE and many others on this thread have already pointed out to you. Someone else stated your posts oooze your ego (or something to that affect) which considering you think yourself a "wizard" I really thought you would have in check by now.

When will you realize that your "version" of reality may not be other peoples "version" of reality? and have the humility to admit that you could be wrong. I don't think you can, can you?...If you can't do that, you come across as incredibly condescending, a trait which you may have guessed by now I do not like particularly when you inform us that if we don't accept "your truth" - "The End is Nigh"

Some of your contributions have been on topic and are appreciated insights but to progress I would suggest to you that not mentioning these phrases again in this thread might be a good start

1. omni-dimensional multi-universal cosmosphere
2. The 144,000 faceted core that exists at it's central axis out of which the entirety emanates
3. Unlimited Envisions | Neo-Civilization: 2012
4. 12DnA Strand Heart-Soul-Star Cosmic Mandala
5 Foundation for Omni-Dimensional Science & Spirituality'.

If you wish to discuss your "own effort" start your own thread in the /b/atcave...in the meantime this thread **IS** about - Project Mayhem 2012 and **IS NOT** about - Unlimited Envisions | Neo-Civilization

But if you persist 12DnA remember this.

Hey MichaelPalin! Welcome to the mindfuckfest!

Once a fool, a fool forever, and I've been quite a fool for as long as I can remember, I assure you!

But hey, who around here isn't completely crazy as to think they can change the world?

Yeah, or maybe they released TYLER in an Emergency as soon as they suspected that the DHS was behind them, so that if they fall, the ideas survive?

One thing that is in the latest source code is for sure:

> **Phase 0 “First they ignore you,**
> **Phase 1 then they laugh at you,**
> **Phase 2 then they fight you,**
>

> Everybody please charge a sigil or two to celebrate that Phrase 2 has finally been activated,
> as a mean to send our salutes to Mr. PZ on our behalf! }:-D

Or maybe they actually have been **looking for it**, so that the Project reaches further visibility?

Another thing is sure: if no one speaks about PM2012, it wouldn't become well known.

So maybe PM2012 will use the DHS threat to go viral?

mwuaahahahahh!

So, now that **A NOBEL PRIZE nominee such as Fernando Arrabal no less, mastermind of the Pataphysicians, and he was close friend of Salvador Dali too! has publicly shown his support for PM2012**, **maybe PM2012 team might surprise us with more big names coming in support of PM2012 after that, ready to speak about PM2012 louder than media could ignore and setting peoples rage into flames?**

This is **Arrabal as an ALCHEMIST!**

Looks like the DHS threat is real , but it also looks like the old school guys behind PM2012 seem to know what they are doing...!

Just in case, I have found this TOR mirror listed in the Hidden Wiki!

I add this here to reach as many of us as I can.

InkognitoV showed us a message from G. Edward Griffin that is the most powerful idea I have found so far. I ask us all in Anonymous to take these thoughts shown and put them into your agenda.

Investigate more of this mans ideas and share your thoughts on this forum.

I just wan2 share what has happened to me as this is all I can add for now. i started reading the PM2012 thread a couple weeks ago and i got stuck into it i felt like i had to catch up so started reading day and night until i read most of it. i can honestly say that MY MIND HAD BEEN FUCKED AND HARD!!!!!

I couldn't, don't and probably won't be able to understand this thread in its entirety but wat i have gained from the first part of PM2012 has literally changed my life. i can never be sure of anything as i must always tests idea's to make sure that they are true (wateva truth is), how else will we know what is (true) and what's not, only by testing.

ok so i started to just believe, believe that we create our future to some extent so every morning i start with putting out there what i would like to see happen and every time I'm with this 1 friend of mine we put things out there (by talking and believing) that we would like to see or do or hear or watch it doesn't matter what we try it on, it works my business. It wasn't doing too well the same day we try this i get a call for a 40" tv and then the next day 10 retail Microsoft packs. And then today someone wants an expensive pc, oh while typing this we just got another possible sale for some components. we aren't advertising as we don't have the cash. i watched V for Vendetta for my first time last week he says he doesn't believe in coincidence and that it's an illusion, well I don't believe in coincidence anymore i have started to see amazing changes and (coincidences) happening every day. It's so extreme that it's getting better every day its getting more crazy and blowing my mind even more. I cant even explain it properly that's how crazy it is.

look i may be off on the whole pm2012 thing but nothing will ever change or take away the feeling i now have the happiness i now experience and the freedom to create my own future 😀 PM2012 gave that to me!

I just felt I need to say my piece so its out there

For the ones that didn't read this yet, (i think anonamoose pointed a link to an article where this was stated in)

The following excerpt is taken from the article "Hacking the mind for fun and profit". From the good guys of Phrack magazine. For the whole article (WICH IS MINDBLOWING) i refer you to: http://www.phrack.org/issues.html?issue=67&id=15#article

> We like to think of our brain as a massive data storage for all the experiences we had since our childhood, but is it?! **There is no actual evidence that data is stored in our brain, the only hard evidence existing now is that our brains emit "waves".Our brain is nothing but a big antenna, receiving/emitting electro-magnetical energy,** as waves. There are more types of brain waves, some are easy to measure with instruments, most of them aren't. **Our brains are nothing but wide open wireless access points, emitting signal everywhere around us and receiving signals from our environment**. **Err.. wait.. electro-magnetical brain waves??? WTF man.. But you said** **our Universe is based on electro-magnetism**.. **If humans can emit electro-magnetical energy this means that.. they can actually affect reality? Yes, they do**. But not all antennas have same signal strength: **some have stronger signal, some lesser**. **But all of them modify reality according to what they think of reality;** some modify reality in a substantial way, that is actually noticeable and some others, in a less perceptible way. But **EVERY SPIRITUAL MIND** (let it be human, animal, floral or mineral) **AFFECTS REALITY ACCORDING TO WHAT THEY KNOW ABOUT REALITY AND WHAT THEY THINK REALITY SHOULD BE LIKE**. **If you create an image in your mind, and believe in it strongly and with passion, you will actually make it happen.** No, it's not esoteric stuff, it's very day-to-day stuff -- you don't say any magic spell, you just figure out a way to make that image come true. If you REALLY want something and WORK hard so that you DESERVE that certain something, there are GREAT chances that the Universe will grant you that something.

Back to the 3rd enigma 🙂

"Whats the most beautifull bell?"

Maybe we shouldnt take the word bell literally, its not an obvious clock bell i think. So let's take a look at what bell actually means besides that of a musical instrument.

http://www.thefreedictionary.com/Bell

Take a look over there as its too much to copy paste. 🙂

Posts: 451
Join date: 2011-06-23

Now the next part im just brainstorming, so bare with me i'm not saying that this is the answer. Just going thru several possibilities

This next part is taken from the dictionary

> **Bell**
> **d. The corolla of a flower: "In a cowslip's bell I lie" (Shakespeare).**

--> google shakespeare, "in a cowlip's bell i lie"
http://math.boisestate.edu/gas/other_sullivan/tempest/act0501.html

> Where the **bee** sucks, there lurk I;
> In a cowslip's bell I lie:
> There I couch when owls do cry.
> On the bat's back I do fly
> After summer merrily,
> After summer merrily;
>
> Where the **bee** sucks, there lurk I;
> In a cowslip's bell I lie:
> There I couch when owls do cry.
> On the bat's back I do fly.

Hmm quite a coincidence they mentioned a bee, isn't it? So maybe it's this?

also this is the flower that they're talking about when the phrase: "In a cowslip's bell I lie" is mentioned.

ANOTHER POSSIBILITY IS

Taking the clues into account, "inversion is the name of the game"
Maybe, "**an inverted bell**"?

Wikipedia: http://en.wikipedia.org/wiki/Inverted_bell

> The inverted bell is a metaphorical name for geometric shape that resembles a bell upside down.
> In architecture, the term is applied, e.g., to describe **the shape of the capitals of Corinthian columns**.
> The inverted bell is used in shape classification in pottery[1], often featured in archaeology as well as in modern times.
> The inverted bell curve is sometimes called well curve.

So maybe it's the top of a corinthian collumn? I remember the talk about boaz & joachin earlier in this thread, the two collumns wich are part of solomons temple.

> Freemasons legend of the temple:
>
> For freemasons the Solomonic Temple was an example of divine architecture. Vitruvian ideas and Classical Architecture derived from this structure, and the three orders (**Corinthian**, Doric, Ionic) of the Temple were brought to Greece and the West by Pythagoras. According to the legend, after the flood Pythagoras found the two pillars on which the secrets of Geometry were inscribed and he, together with the great geometer Hermes Trismegistus, told these secrets to the Greeks. These pillars, among others, were set up by Solomon to build his temple. **The right-hand column was called Joachin and it was associated with establishment and legality; the left-hand column was called Boaz and**

> **symbolized strength** (7). Thus the idea of Geometry, the root of Masonry, as an exclusive and secret art and science handed down from the deities to an élite of people, originated from these legends, which in the eighteenth century became influential in shaping the characteristic masonic self-conscious mythology embedded in ritual..

A couple of pictures representing Boaz & Jachin
http://toastedmojo.blogspot.com/2011/01/jachin-and-boaz.html

I'm just throwing it out there! Of course there are way more possibilities
Happy lurking!

Also i have looked for the word "Bell" in the book Dr.Faustroll wich was written by Alfred Jarry wich multiple clues point to.

This is a link to the book where u can search the word Bell up, it's a bit of a pain to read though because this was the only link to the book in wich i could accurately search the word "bell" up.

http://dss-edit.com/ethernity/1.html

These are all sentences from the book with the word "Bell" in it.

> "My colleague F, de Romilly has succeeded in boiling Ilqllids in a bell jar whose base was made of gauze with a fairly wllir mesh."
>
> "I:rom Rabelais, **the little bells to which the devils danced dur**- 1111-\ I he tempest. I'"om Rachilde, Cleopatra, From Regnier, the sorrel plain where the modern centaur III lIJll~d. I:"olll Verhaeren, the cross made by the spade in the horizon's IlltI, h"ows. I,'"olll Verlaine, voices asymptotic toward death. "
>
> "The Beaux and the **Belles** strutted and preened in imitation of fans"
>
> "Seagulls vibrated like the striking hammers of **the sky's blue bell**, or **the embellishments of a gong's libration**."
>
> "CONCERNING THE GREAT CHURCH OF SNOUTFIGS TO LAURENT TAfLHADE We could already hear **bells** as loud as all the Brabantine chimes of ebony, maple, oak, cedar, sorb wood and poplar from Ringing isle"
>
> "And his flock, no longer possessed by the Snout's spirit, were purged of their crass humor and applauded him. As for us, we departed once more toward **the nearby bells of Ringing isle**, and Faustroll did not consult the stars further, for our way was lit by the beams of the great windows, iridescent as words, beams like starry paths leading from the church."
>
> "Now, it is necessary to know that the valve installed at the neck of tne pit's mouth was of thin rubber; and to be familiar with the dis-coveries of Mr. Chichester **Bell**, cousin of Mr. Graham **Bell**, the illustrious inventor of the telephone"

Note: I ignored words like "belly", "embellisment" and others. Feel free to look those up if you want to, just use the search term "Bell". It comes up 27 times in total.

How about if I just put you on ignore.

I think I will listen to PM2012 before I listen to what you have to say, I see you having added very little of any value here-in.

You obviously have 'control issues', if PM2012 can hide behind Anonymous; I can hide within PM2012.

You have absolutely no right, both of us as sovereign beings to tell me what to do; to control me - yes, you all are very welcome to put me on ignore.

You are only closing yourself off, not the other way around.

I am not going to put you on ignore though, but I will ignore what you have to say towards me which seeks to direct me elsewhere.

What is it you fear ???

I don't think you know what Project Mayhem is truly about, nor do you know what the objectives of the invisibles are.

I suggest you silence yourself in reference to me, unless you have something constructive which has value to share.

I am not going to put you on ignore, but don't waste your time - effort and energy directing your thought or energy towards me in an attempt to chase me away or silence me; as I will be disregarding you.

Are you a mainstream RATist too? Would you like to SIRIUSly mindfuck teh World with your iMAGInaCKtion?

As Fernando Arrabal just did, compose a song, record a video, write a poem, an anti-poem or an anti-not-anti-anti-thing-but-MAYBE-NOT and send us your RATwork in support of Project Mayhem 2012.

My effort is in support of project mayhem, I will leave or start a thread when I feel like it.

Buzz off,
Daniel

I won't result to cursing you in 'Alien Tongues'; but it is the sense-feeling that your blind ignorance and utter sheer stupidity raises up from within me.

Here, this was sent to Project Mayhem 2012 in tandem with sending them my Rothschild thread prior to even posting here upon this forum.

They had the heads up on me before I even posted here, to me personally; the ego is a function which seeks to exert it's control upon others.

I thought project mayhem was about the opposite of this mode, you should be much more worried about controlling yourself - or freeing yourself from your attempts to control others.

So now you know who I am, my other two main soul archetypes being: Scribe & High Priest, and like I said I might also be considered as a Rat Lightning Shaman, a Shapeshifter, an Archon Mage (although not formally trained, or even practicing) ...

You are the one attempting to obfuscate and create diversion ..

Perhaps I also am a troll, I did spend the winter outside - occasionally under a bridge when it snowed - slept out in negative -18* ...

You don't have the toll to cross into the realms where I have been.

What are you though, a fool yes indeed; perhaps we each are ...

Perhaps you should change your name from Anonymoose to Anonyflea or Anonytick ...

THE WIZARD

At the beginning of 1997 I set my intentions towards gaining access to another dimension within myself. I vowed to unlock the Sacred Ancestry of the Human Species.

"I intend to transcribe the entire story contained within my deoxy-ribo-nucleic acid ~ access and recall ancestral/multi-incarnational memories encoded into my DNA-SOUL matrix".

I asked to receive the whole truth regarding the stellar ancestry of the human species, and this possibilty:

A Trans-Evolutionary Model of Human Development Through Periodic Guided Intervention.

This intelligence recently has revealed itself to me as another aspect of myself..my soul.

The form he takes is of an aged male...he is wearing a cloak.....he is standing inside of a veil of shadows.....he beckons me with a culling hand gesture.....

he holds:

The Master~Key Template of Divinity.

He tells me: I am an Ancient Atlantean Master Soul.

My name is Ethanacy.

I am your watcher and spirit guide.

I am the multi-incarnational soul level life form of which you are one flame~extension-part thrust into the crysallis of physicallized energy and evolutionary growth: my human being.

Outside the framework of man.

You are a part of me, yet you are also whole and complete within yourself.

THE VISION WILL GROW, YOU WILL PARTICIPATE AS YOU HAVE CHOSEN.

This ancient atlantean master~soul-wizard revealed himself to me 13 days before my 21st birthday.

Here is what I wrote out on February 10, 1997:

The archetype of the Wizard is one of the most appealing and fascinating concepts within the human species' collective memory field.

A Wizard exists within every single human being, although it may not always present itself in this form.

Many people are becoming aware of this inner genious and wisdom. Our true selves lie in our hearts.

This is where our core essences are located.

Within my own consciousness, my inner genious; in order to communicate with me....has taken the form of an aged male....a very powerful Wizard.

He is of the White Light and completely pure. He has lived his entire existence on the physical planet to assist in the manifestation of clear sight and vision within every discipline.

This Wizard knows his role in the world.

I am beginning to either delude myself or realize that I am this wizard, this wizard is me.

It is like sometimes I can go into a relaxed meditative state and establish a connection with my inner teacher.

I can then ask questions and do a sort of automatic handwriting, although I am fully conscious and I direct the flow of information I am receiving to some degree.

I acknowledged this Wizard and stated my willingness to listen, learn, and experience what he had to say.

I asked him to teach me what he knew.....he responded by saying "I will teach you what you already know".

Whenever I wished to establish contact I was instructed to form his image in my mind and he would arise.

A Wizard is fully aware of his abilities as a conscious co-creator inside of his MIND~BODY~SOUL~DNA MATRIX, in partnership with the Universal life force and its' inherent animating intelligence.

A Wizard acknowledges that there is a design or plan underlying the entirety of the created-not yet created realms, all of existence.

What I call the Master-Key Template of Divinity (the schematic model or blueprint underlying meanwhile simultaneously being interwoven throughout the whole multi-universal cosmic Creation - containing all the master programming and subroutines...

Knowing that there is an intelligent design.

A Wizard seeks within himself the union of all polarities and direct crystal clear inner visual imagery regarding WISDOM BASED UPON AND WITHIN AN OMNI~DIMENSIONAL FRAMEWORK.

A Wizard is not a god, although one may take the form of a man or a woman. A Wizard has developed enough self-mastery through multiple incarnations...he lives a life of balance.

This is why many Wizards are EnViSiOnEd as AncienT.

Wizards seek to heal the split apart fragments of the human species into its wholeness.

This Wizard reveals to the Human Species (with regard to our depth of pereception a glimpse of the new model) a previously unacknowledged ability.

The ability (within all individuals and cultures of this species) to transform our everday individualized five sense mind imaging and limited 3-dimensional linguistic~conceptual mental constructs......

into a sort of Holographic Omni-Dimensional inner visual gyro-spectrum sensory guidance instrumentation and scope.

The ability individually to consider\conceive\imagine multiple perspectives simultaneously.

A clear understanding and knowing of our species purpose within the great unfoldment.

This -diatribe- ends here, and that goes for any of you others out there.

If you or anyone else out there - including Thelema Chaos don't want to have to view things from my stance & vantagepoint, or through my eyes - put me on ignore.

Please do.

I would rather have it that way.

It's not my fault that people out there are not functioning very well, who are you going to blame ???

Point the finger outside yourself, and three fingers and a thumb point back at you.

😐

This ones for you Mr.Razz beware the fnords

Whilst searching for some other stuff about bells I also came across these images of bee's creating a hive inside a **Bell** Jar

Now isn't that a most **beautiful bell**

Which brings us back to the **Fibonacci sequence** which can be represented in a **bell** curve **8,5,3,2,1,1,2,3,5,8**

and if drawn looks like half of a sine wave, is the most beautiful bell a wave??? LOL! ...sound itself???,

just throwing it out there as brainstorming...

Once again for those who didn't see it earlier in this thread here is Tools Lateralus whose lyrics syllables are arranged in the ascending descending order of the **fibonacci bell curve**

For instance the opening line of the song

> "**Black**. Then. white are. All I see. In my infancy. **Red** and Yellow then came to be. Reaching out to me. Lets me see."

which coincidently contains the alchemical colours we are so used to seeing here now. However the singer Maynard James Keenan states that

> "I use the archetype stories of North American aboriginals and the themes or colours which appear over and over again in the oral stories handed down through generations. Black, white, red, and yellow play very heavily in aboriginal stories of creation."
>
> The line "As below so above and beyond, I imagine" is a quote from one of the Seven Aphorisms of Summum and is also a direct reference to Hermeticism and the **Emerald Tablet**.

enjoy!

Just having another look at this

> A=1,B=2,C=3,...K=...,V=...
>
> ...tictoctiKtoKtictoc...
>
> http://projectmayhem2012.org/V.wav

ok probably doesn't have anything to do with the current enigma but if you take a=1, b=2, c= 3 **K=11** and **V = 22**

In numerology 11 and 22 are key numbers in numerology

Ok so I took a look at the properties of the V.wav and the date it was modified on was (you'll like this thelemachaos 🙂) 01 April 1932, 13:11:00 le Mat d'avril jour 🙂 (please excuse my french!)

Ok so I'm pretty sure there were no audio recording computer programs back in 1932 LOL! so it's safe to say that someone set their computer back to that exact date and time to modify it (or did they 😐 LOL!).

So in numerology what do we get when we add down the date 1st april 1932

Day – 1
Month – 4
Year – 6 (adding 1+9+3+2 = 15 then add 1+5=6 to get year number)
6 + 4 + 1 = **11**

> ...tictocti**K**to**K**tictoc...
> ....**11**..**11**...........

So is there any other significance to 1st April 1932...

Anyway at least for "the fool" reference another nice coincidance.

"what is the most beautiful bell?"

A synonym for **Bell** is **Buzz**

> Main Entry: bell
> Part of Speech: noun
> Definition: signaling object or sound
> Synonyms: alarm, **buzz**, buzzer, carillon, chime, clapper, curfew, ding-dong, dinger, gong, peal, ringer, siren, tintinnabulum, tocsin, toll, **vesper**

...so is the most beautiful **bell the sound our bee's make?**

Another tangent I've been going on is Bell also having the synonym **Vesper**

Vespers are the evening prayers and it is the **6th** of the seven canonical hours

However **Vesper is also Venus**, the evening star.

> ves·per
> /ˈvɛspər/ Show Spelled[ves-per] Show IPA
> noun
> 1. (initial capital letter) **the evening star, especially Venus**; Hesper.
> 2. Also called vesper bell . a bell rung at evening.

But what do we know of Venus...well I'm sure you've all already guessed, Venus is also **The Bright Morning**

Star

> Both Mercury and Venus are both evening and morning stars. That is because they are nearer to the sun than the earth is, so they can never appear very far from the sun in the sky. In other words, when the sun sets in the evening they might be in the west, near the sun as an evening star. Or they could be in the morning sky before sunrise, again, near the sun. But neither Mercury nor Venus can be opposite the sun in the sky, such as rising at sunset. Hence, they are called the evening and morning stars.
> **Actually, "evening star" or "morning star" nearly always refers to Venus**

ok well I'm sure most of you are aware that **Lucifer is often refered to as "the Morning Star"**

So once again is the answer to our riddle Lucipher/Lucypher?

"what is the most beautiful bell?" = **Vesper?**
Vesper = **Venus**
Venus = **Evening/morning star**
Morning Star = **Lucifer**
"what is the most beautiful bell?" = **Lucipher/Lucypher**

From earlier in the thread (here) discussing the golden ratio/the greek word for pentagram/the number of man etc we learned that 666 could be represented by the pentagram...so in faust we find

> In Goethe's Faust, the pentagram prevents Mephistopheles from leaving a room.
>
> Mephistopheles:
>
> I must confess, my stepping o'er
> **Thy threshold a slight hindrance doth impede;**
> **The wizard-foot doth me retain**.
>
> Faust:
>
> **The pentagram thy peace doth mar?**
> **To me, thou son of hell, explain,**
> **How earnest thou in, if this thine exit bar?**
> **Could such a spirit aught ensnare?**

So then **if the pentagram is evil how could it ensnare a demon?** - seems to be the question being asked here

> **According to Eliphas Levi, the sign of the pentagram is exalted by Goethe in the monologue of Faust:**
>
> "... Ah, how do all my senses leap at this sight! I feel the young and sacred pleasure of life quivering in my nerves and veins. Was it a God who traced this sign which stills the vertigo of my soul, fills my poor heart with joy, and, in a mysterious rapture, unveils the forces of Nature around me? Am I myself a God? All is so clear to me: I behold in these simple line the revelation of active Nature to my soul. I realise for the first time the truth of the wise man's words: The world of spirits is not closed! Thy sense is obtuse, thy heart is dead! Arise! Bathe, O adept of science, thy breast, still enveloped by an unearthly veil, in the splendours of the dawning day!" (Faust, Part i.sc.i).

We have a pentagram, which equals the number 666, which refers to the number of the beast/the number of man, which refers to lucifer, which refers to the bright morning star...**but does the morning star actually refer to Jesus?** from the source code again

> In the book of Revelation 22:16,
> JESUS ALSO SPEAKS OF HIMSELF AS THE BRIGHT MORNING STAR:
>
> "I, Jesus, have sent my angel to give you this testimony for the
> churches. I am the Root and the Offspring of David, and the bright
> Morning Star."

> http://en.wikipedia.org/wiki/Lucifer#.22Lucifer.22_as_Latin_name_for_the_Morning_Star
>
> "How art thou fallen from heaven, O Lucifer, son of the morning! how art
> thou cut down to the ground, which didst weaken the nations!"
> Isaiah 14:12
> http://bible.cc/isaiah/14-12.htm
>
> "I, Jesus, have sent my angel to give you this testimony for the churches.
> I am the Root and the Offspring of David, and the bright Morning Star."
> Revelation 22:16
> http://bible.cc/revelation/22-16.htm

Also the he daily cycle of Canonical hours begins with Vesper (the 6th) at sunset

> Name of service in greek - Hesperinos (Ἑσπερινός) | Name of Service in English - Vespers | The Time of Service - At sunset | Description/purpose - The beginning of the (liturgical) day. **Meditating on Christ as the "Light."**

In all of this I am reminded of the principal of correspondance

"As above, so below"

and **REI UNIUS** in latin translating to **"of the one thing"**

> Verum, sine Mendacio, certum et verissimum: Quod est Inferius est sicut quod est Superius, et quod est Superius est sicut quod est Inferius, ad perpetranda Miracula Rei Unius
>
> That which is below is as that which is above, and that which is above is as that which is below, to perform the miracles of the one thing.

"what is the most beautiful bell?" = **Vesper?**
Vesper = **Venus**
Venus = **Evening/morning star**
Morning Star = **Lucifer/Jesus**
"what is the most beautiful bell?" = **Lucifer/Jesus?**

Just a brief check-in, before the weekend; will be offline until monday.

The Project Mayhem site is obviously still there, mistakenly tried loading projectmayhem.org.

I have also identified with the archetype of the fool - if one were to review my Rothschild thread; they would have seen this.

I am not afraid to make a fool of myself, though I don't really appreciate having my posts moderated.

Last night where I am located was the "Zozobra" festival - or burning of 'Old Man Gloom'.

It is kind of like 'burning man' for an evening, although very heavy police presence ...

We need more kinds of events like this - in my book the kind of 2012 Mayhem we ultimately need is akin to the Feast of Fools as well as a Jubilee.

Zozobra is a pretty good show, quite a spectacle; do a youtube query and watch a clip of it from last year.

Zozobra
http://www.zozobra.com/history.html

I did do about an hour long meditation & ceremony - although no pentagram or hexagram rituals - I kept this thread, effort, and it's participants in mind and heart - with absolutely no ill will towards any of you.

Hopefully as time progresses there will see some vibrational cohesion here-in as well as sympathetic resonance, as much as you people all think I am trying to 'USURP' Project Mayhem.

Just as much as 'ANONYMOUS' is an idea, 'PROJECT MAYHEM' is also; as much as my own effort has been.

From my stance and vantagepoint, a Tyler Cipherspace very well may level the playing field; but it does not insure a turning of the tides.

Here is where I have difficulty with this whole scenario occurring here-in and projected forth ...

One of the main 'tenets' that was always streesed to me going all the back to my initial awakening was that:

""Proper use of the understanding gained is that which was of utmost, supreme and integral importance"".

This was stressed heavily in my interactions with 'draconian intellignece'.

I am not quite sure how this meshes with the ethos of ''Errorism''; as I have always been under the impression that we were here to see a 'Correction' take place (to the unfoldment of timelines within the spatial field) ...

a re-orientation & re-alignment; while I can understand the function of 'dischord' ...

Let's say that through the Tyler Cyperspace, everything is unleashed; that has ever been held secret ...

The reason why the secrets were kept in the first place is because they empower people, also; secret & sacred are root linguistically & conceptually related ...

What is now held secret; was only supposed to be regarded as the most sacred ...

Sacred Knowledge empowers the individual, the group and the collective - it was kept secret because there have been those who sought to control and hold onto all the power ...

This was not a proper use of the understanding which had been gained

We have gone a very long way through the wide gate, as opposed to the narrow gate of the vesica piscis - which can only be gotten to through the heart.

So, the base framework within which the majority of the population of this planet has been operating was formed from the streams of history up until now ...

Proper use of the understanding gained has not been the mode of operation which established the structure (civilization) within which we exist.

So now all the dirty laundry of the entire corporatocracy & secret society intrigue is released; there will be no framework in place which provides the context necessary to form an understanding of how to use properly the knowledge that has been unleashed.

Where does this understanding come from ?????

It comes from ones very direct connection to the source, which exists hyperspatially via resonance of fields within fields within fields - through the heart and higher mind (dual brain hemisphere synchronization) & up/down the axis mundi (the center which exists as a continuum throughout the entirety).

Yet most of the participants who interacting here-in have sought to shut me down, silence me, chase me away - in sequence now - one after the other.

This is an issue that only each can come to terms with; and every single individual on this planet has to come to terms with it - even if only through their own death (de-animation of their physiology).

Every single individual also needs to work on kindling their connection to the source, and dissolving their separation from source issues; which makes overcoming 'polarity' thinking much easier.

Based on the interaction that has occurred thus far because of my presence, I can not say with honesty that here-in "proper use of understanding being gained' is occurring.

Perhaps I am just as guilty in these regards though, but I have not sought to control anyone; only to widen the frame of reference - that is what we each are attempting to do for ourselves and each other.

Yet I don't see me myself trying to tell any of you what you can and can not contribute; yes I have used the term "DUPE" in excess - I will let that drop by the wayside.

The true "cipherspace" is the hyper-intelligence communications network which already exists; and is accessible via the plants ..

People who are similary of aim, even if not in every regard; do not intentionally foment dissent amongst one another - or drive wedges between each other due to differences of indivdiual opinion.

I myself will work on this, and I apologize if I have had this effect; due to my own personality quirks.

The fault can not be placed solely upon myself though, I am an honest person; with a good heart - I think it is healthy to be skeptical and cautious - as well as 'defiant'.

Not only my own self, but a great many from beyond & above are counting on the human species ...

To make the correct decisions, and re-orient not only each of our own selves; but our ways of being & the entire level of civilization we have developed.

To me it seems as if the futureworld and whether or not there will be descendants for many more generations is hanging in the scales of balance.

Sticking with the idea of synonyms for bell...

> Main Entry: bell
> Part of Speech: noun
> Definition: signaling object or sound

> Synonyms: alarm, buzz, buzzer, carillon, chime, clapper, curfew, ding-dong, dinger, gong, peal, ringer, **siren**,

> **si·ren**
> /ˈsaɪrən/ Show Spelled[sahy-ruhn] Show IPA
> noun
> 1.
> Classical Mythology . one of several sea nymphs, part woman and part bird, **who lure mariners to destruction by their seductive singing.**

The sirens are featured in Faust and unsuccesfully try to lure him as he states of them

> Pretty, these charming novel things,
> When from the throats or from the strings
> Each sweet note has counterpart.
> Trills are lost on me, I fear,
> Warbling may caress my ear,
> But then, it doesn't reach the heart.

What is the most beautiful bell? - A **Siren**s song

Which reminds me of the wonderful closing line of Faust

"The eternal feminine draws us upward."

I also just discovered that Kurt Voneguts book **The Sirens of Titan** contains much of the source material for **Alan Moores** **The Watchmen**

source: All The Happy Creatures Blogspot

Jack Faust was the name of a magician in Moore's series **Promethea**

Haven't been able to pay much attention to this thread lately, I have tons of catch-up to see what's been talked about. I've been watching the PM2012 site though. Didn't get to read all the source yet, but I did manage to mirror the site The mirror they provide is old and I've also modified the HTML slightly...On the index page and hivemind pages I've altered the links so that they are relative links, meaning, the graphics and links led to the pm2012 site and now it just grabs the image from the same directory on the site the mirror is. If it was to go down so would the mirror. I've also updated it to include the newer hivemind pages and the TYLER.txt file. Am I missing anything else?

The mirror is at pm2012.galatorg.com. I am having issues loading it in Chrome at that site, but I think that's due to cache issues, if you cannot reach it there, you can go to galatorg.com/pm2012/.

I've zipped up the files to make it easier for others to mirror, but this is NOT officially PM2012's ... release, message, hash proven web site, just the one they provide with the changes mentioned above - pm2012.galatorg.com/pm2012.zip

When I get some more time I'll join in on the discussion again, been pretty busy looking at things and getting things done though. h20nata's channel on youtube is pretty cool. Can't wait to catch up and join back in on this discussion. Has there been any talk of ley lines and biomes? I've found that I live in the Great Lakes Biome, the lines are like a pentagram. There are a number of them around the world all huge sigils on the world controlling flow of energy. Been reading David Wilcock's Source Field Investigations book as well...very interesting. Like I said can't wait to catch up on the discussion, which I'll probably be able to do tomorrow.

The invert transform, Bell numbers, Pascal triangle, permanents, matrix multiplication and matrix inversion, Catalan numbers.
I'm seeing Inverted Bell numbers being used to create an algorithm, maybe this is meant to be somehow incorporated into Tyler? I dunno, it's a far shot I guess.

I don't know what the answer to the third riddle is regarding the most beautiful bell, but you all are doing a pretty good job.

Awakening doesn't have to be difficult or filled with conflict, and can become easier & easier.

This weekend, some interesting thoughts passed through my mindspace.

I was thinking about Adam / Eve & the Serpent.

It seemed to me that the Serpent could not have tempted Eve, but that Adam & Eve probably would have had to have eaten the 'Fruit' from the 'Tree of Knowledge of Good & Evil' before the intelligible & communicative serpent revealed itself.

Whomever created humanity very well may have forbidden his creation from eating certain plants, knowing that because we were of the Earth - that there were plants in the garden that had a wide range of perceptual effects.

It's interesting that this ancient myth seems to be regarding "Diets" and all the blame is placed on both the serpent and the woman.

It made me think that there is a very close connection between the Feminine, the Earth & Divine Wisdom as represented by the serpent...

Because of our so called 'Holy Book' both woman & the divine wisdom of sophia were demonized ...

The Serpent has always been synonymous with wisdom, and the high ancient cultures ...

My own experience with mushrooms, and then knowing of both Jeremy Narby & Michael Harner's experience - it seems that the serpent of wisdom might exist in the plants ...

Query: Jeremy Narby
http://www.google.com/#sclient=psy&hl=en&site=&source=hp&q=jeremy+narby

Twelve Constellations of the Girdle of Gaia
"The Tree of Life bears twelve manner of monthly fruit
and the leaves are for the healing of the nations"- Revelation
http://www.dhushara.com/book/twelve/tw2.htm

For some reason the serpent, divine wisdom (sophia) and women have been made out to be the scapegoats going all the way back to the beginning of the biblical story ...

Anyways, that's the kind of thoughts that circultated throughout my mind this weekend ...

This weekend I read a book by a man named Adam Elenbaas called: ""Fishers of Men: The Gospel of an Ayahuasca Vision Quest".

The Gospel of an Ayahuasca Vision Quest
http://www.evolver.net/user/adam_elenbaas/blog/fishers_men_gospel_ayahuasca_vision_quest
http://www.realitysandwich.com/fishers_men_excerpt

I have not had any experience with Ayahuasca or DMT, only blue mushrooms and some wicked south american cactus brews.

Huachuma
http://www.biopark.org/peru/huachuma.html

I was introduced to the Shamanic Rat via the Cactus of the Four Winds. The Rat is a root language teacher, you can see him standing between the shamans legs in a textile on the page above; scroll down a bit.

In 1999, me and my original co-creative partner experienced a ground zero lightning strike; during the time frame when perfected mandala image was being worked on.

The other thoughts that I had this weekend other than about Eve & the Serpent was that it might be worth it to build bridges with other online communities and within them, for instance: Reality Sandwich / Evolver.net & Tribe.net

There are many other online communities and forums revolving around 2012 notions or entheogens, that bridges potentially could be built with .

In the greater scheme of things; I think the collective consciousness of humanity itself is calling for the sort of things which ideas like ANONYMOUS & Project Mayhem represent (as well as my own ideas, and perhaps some of yours also).

Tribe

Reality Sandwich

2012 Forums
http://2012forum.com/
http://maya12-21-2012.com/2012forum/index.php

There were some videos that we watched earlier in the thread that noted Daniel Pinchbeck, and of course we can never forget Terence McKenna.

It might a good idea to see further bridges built between 'nodes' within the overall emergent cypherspace-noosphere grid.

I think there might be alot of people interested in things along similar lines; there isn't even a thread up on GLP about Project Mayhem and not a very good thread up on ATS, even weaker up on David Icke's forum ...

Anonymous planning a mass uprising? ON 2012??
http://www.abovetopsecret.com/forum/thread704736/pg1

Better than this is going to have to be done to see filamentary tubules woven together with greater cohesion, and massive movements and effects beginning to take place ...

This effort has to become a force of movement with enough momentum to breach the MYSTery that the true story about ourselves, our history and potential destiny has been shrouded in.

I would like to see it be amongst the stars, with our planetary civilization re-integrated back into alignment with an ascendant earth & oversoul of the human species; our understanding re-woven back into the tapestry of creation itself ....

... the signature of the grand architect(s?), which is decipherable; becoming clearly visible for all to behold and perceive internal visually - as well as directly perceive in everything around us each ...

Otherwise, we very well may not make it; and definitely have been and still are barrelling headlong towards the very worse case end times scenarios - schemed up by plotters like Albert Pike - and fomented through the misuses of symbolism & intent (the ends justify the means) ...

When your hearts beating pulse is in synchronous rhythm with the cosmos heart beating pulse, you will know.

You would know if you reviewed the varying points of view posted.

If you focus your own aim towards becoming the 'Bindu Point' (do a query) - a balance between ascension (male/fire) & descension (female/water) that symbols like the Hexagram / Shatkona represent.

Bindu: Pinnacle of the Three Streams of Yoga, Vedanta and Tantra
http://swamij.com/bindu.htm

Shatkona
http://www.aracnet.com/~wpbenz/Site%203/Shatkona.html

I don't feel the need to outline it for you, the Gnostic Templars videos @ gnostic templars website talk some about the Peacock Angel ...

The stuff about the Trinosophia (Maiden, Mother, Crone / Mother, Daughter, Holy Soul) and 'Triangle Book' should be self explanatory ... conjunct Father / Son / Holy Spirit ...

The two triangles, one of the symbols you use for 'Invocation' rituals in 'MagicK' ...

I guess we all have blinders on, I will work on taking my own off further .

It is time for us to each learn and grow; there is more to 'MAYHEM' than Demonology ...

... the 'Bell' which actually interests me the most is Die Glocke; which may have resulted in the Kecksburg UFO Crash Incident; although perhaps not the most beaufitul - it is also information along these lines which needs to be brought forth for all to behold.

Die Glocke
http://en.wikipedia.org/wiki/Die_Glocke
http://discaircraft.greyfalcon.us/DIE%20GLOCKE.htm

Kecksburg
http://en.wikipedia.org/wiki/Kecksburg_UFO_incident

Anyways, I wish people would stop questioning my motives and mode of operation and seek out the utilization of the full spectrum of their consciousness and perceptual capabilities.

Remember, Consciousness is the Key ...

well; or it is at least a useful tool in forming a more complete understanding.

Uprising lyrics

Song Overview:
Release Date: August 4, 2009
Album: The Uprising

The paranoia is in bloom,
The PR, the transmissions, will resume,
They'll try to push drugs to keep us all dumbed down,
And hope that we will never see the TRUTH around,
SO COME ON!

Another promise, another scene,
Another package not to keep us trapped in greed,
With all the green belts wrapped around our minds,
An endless red tape to keep the TRUTH

confined,
SO COME ON!

They will not force us,
They will stop degrading us,
They will not control us,
And we will be victorious!

SO COME ON!

Interchanging mind-control,
Come, let the RE-EVOLUTION take its toll,

If you could flick a switch and

OPEN YOUR THIRD EYE,

☺

You'd see that

WE SHOULD NEVER BE AFRAID TO DIE!

SO COME ON!

Rise up and take the power back,
It's time that the fat cats had a **HEART** attac**k**,
You know that their time's coming to an end,

We have to UNIFY and

http://projectmayhem2012.org/hivemind1010011010.jpg

http://projectmayhem2012.org/hivemind1010011010.html

WATCH OUR FLAG ASCEND!

SO COME ON!

They will not force us,
They will stop degrading us,
They will not control us,
And we will be victorious!

SO COME ON!

OI! OI! OI! OI!

(Solo begins to play)

OI! OI! OI! OI!

(Solo continues)

OI! OI! OI! OI!

(Solo continues)

They will not force us,
They will stop degrading us,
They will not control us,
And we will be victorious!
SO COME ON!

N01ZRƎVNI is the name of the game, right ???

This planet has been dominated by the upward pointing triangle (Father/Son/Holy Spirit), it's inversion is the downward pointing triangle [[trinosophia]] (Mother/Daughter/Holy Soul).

With knowledge of both - one can become the fusion between the two - reprsented by the seal of solomon / shatkona.

The 6 pointed star has a 7th central axis (mundi) / invisible bindu point, by some it is also regarded as a 'merkaba/merkava'; essentially an interdimensional transportation vehicle; which allows travel via the soul matrix.

This mirrors similarly the base creational geometry of the seed of life, the peacock angel & six additional angels of the yezidi mythos, and perhaps the demi-urge creating the earth & the heavens in 6 days while resting on the seventh ...

You all might learn something from Iona Miller, is why I posted the stuff about the Triangle Book and a link to her website ...

A.A. is intertwined into and has to do with the rite of Memphis-Misraim; so it might be useful for people to look into it with further depth.

I tried to get people to look into Martinism regarding the Invisibles, but there wasn't anybody interested.

I tried to point out that the 'Order of the Pecock Angel' fits into the Operation Mindfuck in the words of Robert Anton Wilson himself.

I don't know what the most beautiful bell is, but I am continuing to look at things along parallel avenues and vectors that cross through these territories.

I found an interesting website which looks to be an excellent resource, sorry if it's already been posted:

I wanted to say a few other things regarding N01ZRƎVNI.

Project Mayhem 2012 seems to be at least partially based upon Discordianism, in which the Greek Goddess of Strife Eris is regarded similarly - perhaps as a form of Crazy Wisdom Teaching.

I apologize if some of this is repetitive from the first part of the thread, but we all seem to be at different speeds; with varying levels of connectivity.

Illuminatus Trilogy
http://www.rawilson.com/illuminatus.html

Operation Mindfuck was originally instigated by Ho Chih Zen, of the Erisian Liberation Front, who is the same person but not the same individual as Lord Omar Khayyam Ravenhurst, author of The Honest Book of Truth.

((can't find much about the Honest Book of Truth))
http://jubal.westnet.com/hyperdiscordia/honest_book_of_truth.html

The guiding philosophy is that originally proposed in The Theory of Games and Economic Behavior by von Neumann and Morgenstern: namely, ***that the only strategy which an opponent cannot predict is a random strategy****.*

Theory Of Games And Economic Behavior (1944)
http://www.archive.org/details/theoryofgamesand030098mbp
http://press.princeton.edu/titles/7802.html

The foundation had already been laid by the late Malaclypse the
Younger, K.S.C., when he proclaimed,

*"****We Discordians must stick apart****."*

This radical decentralization of all Discordian enterprises created a built-in random factor even before Operation
Mind-fuck was proposed.

To this day, neither Ho Chih Zen himself nor any other Discordian apostle knows for sure who is or is not involved in any phase of Operation Mindfuck or what activities they are or are not engaged in as part of that project.

Thus, the outsider is immediately trapped in a double-bind:

the only safe assumption is that anything a Discordian does is somehow related to OM, but, since this leads directly to paranoia, this is not a "safe" assumption after all, and the "risky" hypothesis that whatever the Discordians are doing is harmless may be "safer" in the long run, perhaps.

Every aspect of OM follows, or accentuates, this double-bind.

** The double-bind, first defined by anthropologist Gregory Bateson, is a situation in which you must choose between two alternatives both of which are unpleasant.*

A beautiful example, suggested by Mr. William S. Burroughs:

Condition a draftee so that he will immediately obey either the order 'Stand up" or the order "Sit down," if given by a superior officer, then have two officers simultaneously order him to stand up and sit down.

Obeying the first order means disobeying the second, and obeying the second means disobeying the first.

Presumably, the subject would wig out.

OM projects vary from the trivial to the colossal.

Now, I can totally understand the role and necessity of dischord; but seeing as N01ZR∃VNI is the name of the game ...

Eris counterpart, Harmonia needs to be taken into consideration.

To me union of opposites, or acknowledging their mirror inflection is what truly creates openings ...

... but tendrils into the Priory of Sion, Rosicrucian-Martinism, Freemasonry, OTO (A.A/Memphis-Misraim), and at this point who knows where else ...

Hmmm well I for one don't think that this is the case...for one thing PM2012 have a sense of humour and **a sense of humour is something I have found sorely lacking in most of the political/banking/corporate elite.**

Secondly the way I interpret the pages is definately more about them coming from a discordian point of view, which you'll have to take my word on **I KNOW A LOT ABOUT**...in which case also a lot of humour abounds

and finally...**are we reading the same source code?** because from what I percieve **we are playing a "reality hacking" game designed to incept "revolutionary" yet legal ideas of acts of art, errorism, social conciousness to affect a change in the parts of the political, corparate, military, financial, health establishment which are corrupt**

...my proof of this is the **ACTUAL** source code of PM2012 not any wild conjectures that are posted here by any participant in this thread (including myself)...whereupon after each riddle/clue/enigma we solve we are given an assignment or a "dangerous idea" to contemplate

...Now I'm **no wizard** but I do recognize that **the totally legal, revolutionary idea of DANGEROUS IDEA No.1 is something TPTB would be very scared of going viral.**

...so I ask you **why in hell would a "dark hidden hand" if they were in control of PM2012 be performing such a suicidal act?**

Conspiranoid much?

Incidently a sense of humour is something that I have found lacking in many of your posts 12DNA , should I get all conspiranoid and start yelling the cointelporo Mantra? Word to the wise...**Do it for teh LuLz!!!**

Anonamoose is right.

Helix - Im pretty sure you must understand the power of laughter. Just take the mainstream science of laughter; as it realises "happy" chemicals in your brain which cause an "euphoria"

come to think of it, discordism and choas theory fits hand in hand with the anonymous entity, I've been around for a long time when anonymous first started, I was there when the Epic fail guy comic that was made and cause anonymous to equire the meme of the V masks.

I kinda had a realisation of it all, look at the whole idea of anonymous, underneath there absolute choas but when you stand on the outside its perfectly harmonious as it warps and evolve.

Infact when you look at it even futher... look at this website.

1- text is writen - order
2- text is converted into binery in a mess of ones zeros as it travels - choas
3- text is converted into a GUI (visonary output) - order
4- person reads the text ideas are flowing in the readers mind - chaos
5- an final idea is posted - order.
6- repeat of 12345 new ideas are posted - chaos

7- the final idea is acted upon as an Op - order

....I can go on forever. but I hope you can get the point.

But I think anonymous is the outcome when Good/evi and order/chaos are rolled into one.

Lets face it guys we're not angles....nor we're demons.

Mimic Octopus
http://en.wikipedia.org/wiki/Mimic_Octopus

Query: Mimic Octopus
http://www.youtube.com/results?search_query=mimic+octopus

That's the other symbol for the Priory of Sion besides the entwined Fleur de Les.

These are the people who are at least partially responsible for all the clothing out there with skulls, crosses, inverted priory de sion symbols, etc.

Playing both sides against the center, I am not saying that is what Project Mayhem is about in it's entirety; as it appears to seek seeing the playing field leveled.

But thus far, even Project Mayhem is only hinting at the truths which need to be both revealed and told; perhaps in some instances shouted from the roof tops.

I guess it is a very fine line between dischord and harmony, I always thought we were here to see revealed the music & language of the spheres ...

Bells are about sound, and supposedly Lucifer was an Angel of Music; but what good is an orchestra which practices dischord - it would be a cacophany (which I was always instructed "we?" were here to work against, as this is what would lead to grinding de-stablization as the gears went to be shifted) ...

Lucifer, Angel of Music
http://www.turnbacktogod.com/lucifer-angel-of-music/

Is Lucifer an angel of music?
http://answers.yahoo.com/question/index?qid=20070814061851AA2qwR9

Led Zeppelin & Lucifer
http://www.conspirazzi.com/?p=1487

This is why 'Harmonia' is necessary, perhaps in the long term scope of things; more so than 'Discordia' - it is a smooth transition that should be sought IMO ...

There is a higher order which exists, it has always been accessible and available; however anyone wants to look at it

I am just trying to figure out the truth as much as each of us are.

I queried "lucifer" and "bell" and came up with this poem. It may be relevant.. or not

http://quizilla.teennick.com/poems/8603313/lucifer-bell

> Lucifer Bell
>
> There once was a boy called Lucifer Bell
> **Whose idea of heaven was the image of hell** (fits in with the inversion thing?)
> Tormenting people wherever he went,
> His idea of fun was a little bit bent.
> One day Lucifer ran down a hill
> Breathless from torching the flour mill
> He set fire to the wheat and threw it about
> He was pure evil, there was no doubt.
> Now he was happy, he had a high,
> He threw up his head and yelled to the sky
> “I am pure evil, anyone can see!
> No-one on earth is as bad as ME!!”
> After he said this he felt the earth shake
> He fell to his knees and began to quake
> The earth opened up and he fell, fell, fell
> And when he landed he was in a bone cell.
> He struggled and staggered and beat the bone bars
> While approached him a man with a face full of scars
> “Hush, young mortal,” he hissed through his teeth
> “You have not left your home, you are simply beneath”
> Lucifer did not understand this man
> He did not, and WILL not fall for his plan
> He smashed his cage and ran up to this fiend
> He punched the man hard and spat when he screamed;
> “You are a liar, a LIAR I say!
> Will you leave me alone and go away?

> And if you won't go I'll torment your soul
> I'll make your life a hopeless black hole!"
> The man was silent for a moment or two
> "Your actions and words were made taboo"
> He said with a voice full of praise and wonder
> "You have passed the test without even a blunder!"
> Then he explained to a bewildered lad,
> "My name is God and I know you are bad,
> People are miserable because of you
> And I have a job you would love to do!"
> Lucifer was curious; of course he would be,
> He couldn't contain the feeling of glee,
> "O.k. Your "Job" interests me,
> If I took it, what would it be?"
> God's lip curled in a thin smile
> He didn't answer for a little while
> His eyes lit up as he spoke though glad
> "Your job is to torture the maddest of the bad"
> Lucifer was happy, He took the job
> Its been 1000 years, he travels under the globe
> When evil dies he takes its soul under earth level
> He is now known as the devil.

I also found this site after lurking more

http://www.bellshakespeare.com.au/whatson/2011/faustus

On the website look at the top of the page, see the **inverted name?**

> The Bell Shakespeare vision is to create theatre that allows audiences of all walks of life to see themselves reflected and transformed through the prism of great writing.
>
> Shakespeare's legacy to successive generations is his firm faith in human potential. His writing challenges us to reach beyond our grasp and gives us **the wherewithal to imagine our future**. If we can learn anything from Shakespeare and the great writers of our past, it is that **we hold within ourselves the power to make choices about who we want to be3**.
>
> **Bell Shakespeare believes that our greatest resource is our capacity to imagine and to transform: to picture a different world, to know that it can be one of our own making – and that we can be both its creator and a character within it.**
>
> To prove that Shakespeare and the great works are not an end in themselves but a means by which we can explore our most heartfelt concerns and our collective aspirations.
>
> To acknowledge our historical background and embrace our cultural future: to find the point at which our past and future intersect and to hold the gaze of this defining moment.
>
> To value the transcendent beauty and complexity of Shakespeare's ideas, language and imagery: to identify the poetry of our times.
>
> To use Shakespeare as Australians – as a vehicle for self-scrutiny and recognition: to make work that is of us, for us and about us.
>
> To create work that challenges received artistic conventions and tests the elasticity of our practice.
>
> To embody the strongest social values in everything we do.

Another link wich may provide is with more clues?
Its about faust, at the bottom of the page it also includes little fragments from the movie they made about him.
And it's written by Hillary **Bell**

http://www.phillipjohnston.com/faust.htm

I also found this

http://www.amazon.com/Strength-Lord-Teachings-James-Faust/dp/1573455806

A biography of James E. **Faust**
Written by Jim **Bell**

http://en.wikipedia.org/wiki/James_E._Faust

> James Esdras Faust (July 31, 1920 – August 10, 2007) was an American religious leader, lawyer, and politician. Faust was Second Counselor in the First Presidency of The Church of Jesus Christ of Latter-day Saints (LDS Church) from 1995 until his death, an LDS Church apostle for 29 years, and a general authority of the church for 35 years.

Just throwing this all in, as i have absolutely no clue where to search

Mr Razz, the photo is... Lucipher! The fallen angel statue http://www.google.fr/search?tbm=isch&hl=fr&source=hp&biw=1920&bih=939&q=fallen+angel+statue in Madrid. Is the only one statue devoted to the fallen angel in Europe.

The image is ReverseD... so maybe they want us to know they will be back?

I made a little tarot reading about pm2012 (no new age shit, Camoin style), and the Resolution Card is... Le Diable!!!!!! 😵

And in the code we can read:

Yes, fear got us in the end.
For we are only humans.

'To succeed is to learn to fail.'

I don't understand a single bit. They gave us all this McKenna wisdom and then this??? In other posts I stated that maybe they are manipulating us to do and release TYLER. Now, I really think it very hard.

This is all very weird indeed...

I'd say they're just stressed out to bits with the DHS release last week and then saw this news paper article and panicked thinking it was some message or something (afterall dead bodies hanging from a bridge kinda has masonic overtones) but gangsters love to do this shit.

If PM2012 are reading this I'd say you have nothing to fear from these characters as it looks to me very much like a localized "kill the snitch event" which has been happening in ganglands across the world for years.

Afterall Tyler is aimed at exposing corruption in corporate/governmental/economic/financial circles (not that that is not organized crime but it's of a different sort)

I sincerely hope that there is no personal connection to any PM2012 staff and these horrific murders if it is the case my heartfelt thoughts are with them and I wish them safety and security for them and their families.

To Razz and CK I commend your thoughts of taking over TYLER...but I for one don't know the first thing personally about creating a p2p secure cypherspace structure such as TYLER...I am sure there are other Anons who are capable of such a task but organising them and creating it seems like a mammoth exercise to me and PM2012 seemed to already have the nuts and bolts together....Incase they don't come back any ideas on how we can go about trying to make this a reality I'll gladly support as Dangerous Idea No.1 is pure genius.

My thinking on this is that they've been working really hard, are a bit paranoid, need some rest (and hopefully get some) and with some good wishes sent their way they'll be back, fingers crossed anyhow...might be an idea for us all to send them an email from us RATS to wish them the best and encourage them to keep the faith.

Anyway looks like I was pretty close to solving the enigma Got the Lucifer bit right anyway just not the alternate name

A joke?? Let's say Ok to all this discordianism and all, but ThelemaChaos I don't understand you. You seemed one to fully understand all this pm2012 thing, and now you say this may be... a joke? No no no, I think maybe they want us to think it is a joke - maybe they want now all the world to think it is a joke, but definitely it isn't. TYLER will be done for the lulz, sure, but when he go on the wild... there will be no jokes!

I think best that Anonymoose theory, maybe these two people were involved in pm2012 or something (if this is it, my deepest sincere support to the crew and their families) and they're truly scared. Then, we're the next ppl to have TYLER done.

But I repeat myself: I strongly think that *this is just what tey want us to do*. They released what they wanted to do, injected us with the mental poison et voilà, here we come.

I'm after doing a search on Dead bodies hanging from Bridges in Mexico and have found this...and every year there's loads of them

9th Oct 2009 - 1 body found dead hanging from bridge in Mexico
14th July 2010 - 3 bodies found dead hanging from bridge in Mexico
23rd Aug 2010 - 4 bodies found dead hanging from bridge in Mexico
1st march 2011 - 5 bodies found dead hanging from bridge in Mexico
14th June 2011 - 2 bodies found dead hanging from bridge in Mexico
6th Aug 2011 - 2 bodies found dead hanging from bridge in Mexico

that'[s just a snippet, there are more results then that but in all the cases it seems that the victims were in some way related to the cartels activities...

I can't say for 100% that the PM2012 people aren't but my heart tells me they aren't (and I've learned to trust that)

Also from what I can make out reading other news articles here ,here and here it seems that the threats are aimed at mexican civilians reporting of drug violence on social networks and in particular to the activities of two warring clans that has stepped up in recent months. This is all very local and really doesn't have a connection to PM2012 at all

So I would say they have nothing to fear. IF you're reading this PM2012, get some rest and come back even stronger, make something good out of a bad situation.

...or as ThelemaChaos suggested are PM2012 just trying to mindfuck us?

Lurker anon here, I've been reading this since the beginning.
I feel like I needed to write this, in case PM2012 is gone for good:

It may be the official end of PM2012 (that we know of), but it's not the end for us.

We have learned a lot.
We have searched about different, strange, but incredible topics, symbols and people. We have learned that we have to fight against censorship, both inside and outside our minds. That we have to think in a different way, and to follow our heart.

We learned to laugh at ourselves and the world, while we dance like bees.

We learned that we can be magicians, that we can create and paint our way in life.

Remember what Crowley said:
**"Do what thou wilt Is the whole of the Law.
Love is the Law, Love under Will."**

I hope that each anon that read or contributed to these threads got some honey from them, for the journey that is life.
And who knows, perhaps they'll learn to create and share some of it themselves 😎

Also, a Jodorowsky quote:
"What you give to others, you are giving it to yourself. What you do not give to others, you are taking it from you."

About the dangerous ideas thing, There's nothing stopping us to continue to spread the **"take the corruption via USB and leak it"** meme. But I don't know what will happen with TYLER, so who knows.

Still, I'm with MichaelPalin, I think they just want to hide for a while, for whatever reasons. To go **Invisible** again. (I hope, these threads were awesome)

See you guys!

I must apologize for my outburst and screaming for continueing on TYLER. I got caught up in the moment. I would like to thank each and every one of you, for you guys have changed my view of the world forever. If this is the end of pm2012 then it's been a hell of a ride huh 🙂 I'm glad i met all you people and i'm glad i was part of this thread. And if it were just all a joke, its been a good one lol. I can say 1 thing however.

This thread has forever changed my life.

Thank you all, including the pm2012 developers who put so much work in this. I hope someday we'll get the privilege of solving your enigma's again 😁 Like so many have said before me, take a rest and please come back when the time is right.

But for now, you deserve your rest 🙂

Thank you all,
its been a good ride 🙂

this +9000

...but what the hell are we to do with #op stick it to the man?

...should we continue in the hope that they do come back?

We'd look pretty stupid spreading such an idea for it to go viral and no TYLER was ever made, Anonymous would be a laughing stock...

I'll leave #OP thread there for a week or so dormant but if there has been no word from PM2012 by then I'd best get a Mod to remove it from active #ops, what do you guys think?

I hope I don't have to do that though coz I had shit loads of stuff lined up and already in play...

I've managed to post a few of Mr Lennon's videos in this thread at what I thought were appropriate times...and well I found myself singing this one to myself so I thought I'd share...

here's a quote on the meaning behind the song, I hope it resonates with my fellow Anons

> This song is about life itself as a dream. In a particular state of mind, reached by great artists, budists and particularly spititual people, you come to perceive this life as a dream, when you see it from the vantage point of consciousness. Thus Lennon saying : seemed so real to me., as life appears very real to us indeed.Calderon de la Barca, a Spanish writer said: life is but a dream, and dreams remain dreams.a fantastic work of art

One more thing I'd like to say to PM2012 if they are reading, **it ain't over till the Fat Lady Sings!**...**and I ain't heard no Opera yet** 🙂

First of all,

AWESOME thread!

I've also been a lurker since the beginning, and I couldn't stop reading your posts, and I suspect that there's been more people lurking in awe than anons contributing to this thread. Any other passionate lurkers around? say hi!

To all of you guys: THANK YOU! You all have been amazing! I feel really enrichened by this EPIC thread and I agree with previous anons:

as a result, my life has improved for the better! I am learning so much new stuff in relation to all this...

I don't know what that might be, but I really think that this thread and pm2012 site has really triggered something in my mind!

Now, the GOOD news!!! Didn't you noticed PM2012org post from twitter? They have deleted all their twits today, but I managed to go through my browsing history and I found the file!

It's a FULL backup of the site! It just requires minor tweaking, as it's hard linked.

I'm not an expert with HTML, so anyone care to do a 'search and replace' so that it could be installed anywhere and upload it back to mediafire?

There's a ton of amazing information in there! They even posted the .txt for each file, so that it can be read properly, converted to a whole pdf or whatever!

Even more good news! I even found a last page called hivemind11001010010.html + a BEAUTIFUL mp3 which is the one that Anonamoose told us he was working on!

This last hivemind11001010010.html page is fucking MINDBLOWIND!

It's the biggest biggest biggest mindfuck ever, you have to see it!, really, epic extremely lulzy ideas in there!

We haven't been properly mindfucked until we read this page! looooooooolcat is looooooooooooong!

It seems to be PM2012 legacy!

it's in mediafire, but I cannot post links.

just type ' mediafire dot com ' and then: /?re7of8geol4crtd

LET US ALL REMEMBER THEIR LAST MESSAGE: SHINE ON!!

The game may have ended (though I hope not) but what we have learned about our way of thinking, analyzing information and deducing our own conclusions will be prevalent going forward. Keep the discussion alive. The only change I would recommend is that you take what you have learned through pm2012 and live it. Go out and physically solve the problems, make artistic creations to wake the masses up.

Spurred by Anonymous in general and convinced by pm2012 I have begun my own artistic projects. I'm having a lot of fun with it because I travel a lot.

Cool!...I sent them in the audio for the video I want to get made for Dangerous Idea No.1 but never heard back from them so it's nice to see they did at least hear the tune

IF there is new info in this zip file I'd like to think PM2012 will be back...in their own words remember "**A true initiation never ends**"...well Sir Eliah's words anyway

When you spot a fellow PM2012 RAT, repeat the procedure:

****
*************** HOW TO IDENTIFY A FELLOW PM2012 RAT ******************
***** WINK THEM or slightly touch YOUR LEFT EYE with your fingers *****
****
****

Then exchange Facebook / Twitter / emails and remain STEALTHY in contact
until you hear a certain signal that will be revealed soon. When that happens,
ALL PM2012 RATs in spread around the world will DO something in synchrony:

FOR INSTANCE, WE ***ALL*** WILL DO SOMETHING COMPLETELY *** STUPID *** at
11:11 a.m. that day, something that BREAKS the laws of "rationality", something
that looks SO TOTALLY out of place that people around us might think that
we have gone CRAZY!!!!!!!!!!!

When, in REALITY ...WE WILL BE TROLLING THEIR ARSES OFF!!!!!!!!!!!

};-)))

YESSSSSS, IT'S FUCKING EVIL, WE KNOE!!!!

If several people in the same place happen to do the very similar thing at
11:11, it means that you are surrounded by fellow PM2012 RATs.

Again, when that happens,

****
*************** HOW TO IDENTIFY A FELLOW PM2012 RAT ******************
***** WINK THEM or slightly touch YOUR LEFT EYE with your fingers *****
****
****

That's called a http://en.wikipedia.org/wiki/Challenge-response_authentication

};-)

Again, wait for a safe time when you two are alone and not surrounded by
other MATRIX DRONES, and exchange contacts.

LIE to other people about why you have "Liked" that PM2012 page.
Tell them it just looks cool, or it has nice graphics and music, and the
clock seems intriguing and you'd like to find out what's gonna happen that day
but JUST THAT. DO *** NOT *** try to gain other MATRIX DRONES for the PM2012
Hive Mind. Either they resonate by themselves or they are going to slowly
be MINDFUCKED moar and moar as we approach 12.21.2012 11:11!!!

TROLOLOLOLOTROLOLOLOLOTROLOLOLOLOTROLOLOLOLO!!!!!!! };-)

It is ****** VERY IMPORTANT ***** that you do *** NOT *** discuss PM2012
with fellow PM2012 RATs unless you use a particular CODED GLOSSARY that we
will be revealing soon.

It's A SECRET LANGUAGE that only fellow PM2012 RATs will understand.

We will advance you just 3 words:

In the middle of a conversation, or at a big PARTY, if you want to find out
how many PM2012 RATs are around you, you can shout out loud:

****
*************** ANYBODY GOT A RED LIGHTER???? ***************
****

Of course it's a DUMBFUCK question... but you WILL know how many PM2012 RATs
are around you without anybody knowing.

THEN try to spot people touching their LEFT EYES or WINKING their
LEFT EYES at you.

Of course you might have been targetted by a fellow MATRIX DRONE.

To verify that they KNOW about PM2012, ask them the following:

****
***** Hey, I'm curious, what do you know about ZARATHUSTRA? *****
****

If they are another PM2012 RAT, they will answer you back:

****
***** Well, they confounded the POET with the HERO. *****
****

BAAAAAAAAAAAAAAAAAAAAAAM! Another fellow PM2012 RAT.

With this PM2012 RATs Secret Language, you will be able to safely exchange
ÜberLVLZ, for it is ÜberLVLZ that feed the

FOREVER ALL-ONE QUEEN BEE in the HIVE MIND!!!!!!

Imagine you are surrounded by a group of people.
They are UTTER strangers,
yet they have something in common that you don't.
They look suspicious.
They look sirius.
Yet sometimes they do teh lulz for no apparent reason.
You always loved to play it safe.
You always loved to be a grown up.
You always loved to be respected.
You always loved to be feared.

You always loved to be IN CONTROL.
Yet they seem to do...things.
You don't understand why they do those...things.
You are starting to believe that if so many people is acting so weird...
...then, if we define Reality as:

Consensus reality is an approach to answering the philosophical question
"WHAT IS REAL?"

It gives a practical answer:

REALITY IS EITHER WHAT EXISTS, OR WHAT WE CAN AGREE SEEMS TO EXIST.

The process has been (perhaps loosely and a bit imprecisely) characterised as:

****
***** "WHEN ENOUGH PEOPLE THINK SOMETHING IS TRUE, IT... TAKES ON A LIFE OF *****
***** ITS OWN." *****
****

The term is usually used disparagingly as by implication it may mean little more than "what a group or culture chooses to believe," and may bear little or no relationship to any "true reality," and, indeed, challenges the notion of "true reality."

http://en.wikipedia.org/wiki/Consensus_reality
You are starting to believe

your personal NETWORK of PM2012 connections is feeding and ENRICHENING the PM2012 EGREGOR!!!

and keep in contact with them.

GOLDEN RULE in finding fellow PM2012 RATs:

****
**** DO **** NOT **** TRY **** TO **** PERSUADE **** ANYONE **** TO **** JOIN **** PM2012!!! ****
****

Just...

brilla. ~♥~ shine on.

Just PATIENTLY wait until they find themselves laughing about PM2012 and BEGGING to join teh LVLZ!

Not him, but I've seen it posted in a PM2012-related twitter too, by an anon.
I downloaded it, but didn't look at it yet as I assumed it was a mirror without any new content. Looks like I was wrong 😀

TREASON

A NATION CAN SURVIVE ITS FOOLS, AND EVEN THE AMBITIOUS.
BUT IT CANNOT SURVIVE TREASON FROM WITHIN.

An enemy at the gates is less formidable, for he is known and he carries
his banners openly. But the traitor moves among those within the gate freely,
his sly whispers rustling through all the galleys, heard in the very hall
of government itself.

FOR THE TRAITOR APPEARS NOT A TRAITOR —HE SPEAKS IN THE ACCENTS FAMILIAR
TO HIS VICTIMS, AND WEARS THEIR FACE AND THEIR GARMENT, AND HE APPEALS
TO THE BASENESS THAT LIES DEEP IN THE HEARTS OF ALL MEN.

He rots the soul of a nation—he works secretly and unknown in the night
to undermine the pillars of a city
—HE INFECTS THE BODY POLITIC SO THAT IT CAN NO LONGER RESIST.

A murderer is less to be feared

Cicero, 42 B.C.E.

GRATITUDE is one of the MasterKeys that Opens ALL the Doors.

"There is no such thing as gratitude unexpressed.
If it is unexpressed, it is plain, old-fashioned ingratitude."

If the only prayer you said in your whole life was, "thank you," that would suffice.
Meister Eckhart

Feeling gratitude and not expressing it is like wrapping a present and not giving it. ~William Arthur Ward

Most human beings have an almost infinite capacity for taking things for granted. ~Aldous Huxley

Who does not thank for little will not thank for much. ~Estonian Proverb

I feel a very unusual sensation - if it is not indigestion, I think it must be gratitude. ~Benjamin Disraeli

If you want to turn your life around, try thankfulness:
It will change your life mightily.

Let's show ANONAMOOSE the GRATITUDE of the HIVE MIND for
out of pure ENTHUSIASM and only moved by his willingness to SHARE,

he has contribooted a great piece of ART to the Hive.

All the works sent to PM2012 are released completely for free and in the Public Domain:

Please show your gratitude to him for his action.

Even though PM2012 is a completeley autonomous player in The Game and not related to
PM2012 in any way, we would be more than pleased to have you send him some gifts.

Anonamoose: please feel free to let us know if you'd like us to publish en email for contact
or if you'd like to have a anonamoose ['@'] projectmayhem2012.org email alias instead, pointing to your actual email.
Be warned though, for our friends in the DHS might be more than happy to tag you as an EXTREMELY DANGEROUS and SUBVERSIVE poeTic ERRORIST!!!! };-D

If and when Anonamoose decides to register and let us know about a Bitcoin address,
we will inform you as to how you could show him your gratitude that way.

For the time being, let's all honour Anonamoose's great piece of Art by making a VIDEO using his 'Dangerous Idea Number One.mp3'

Available for download at:

http://projectmayhem2012.org/hivemindRATists.html

Let's make him PROUD of US!
Let's make something that MOVES him for what he has done: to move us deeply all in the PM2012 team.

Bee completely free to choose the theme, bee that a futuristic time, robots walking along dark alleys in the Aftermath of 12.21.2012 11:11,
retro, l33t-alike... surprise the hivemind with your sense of Beauty!
Don't bee afraid to stretch the limits, something funny as two eggs chatting or completely surrealist...
it does NOT need to have any 'meaning' or be understandable by all:
provided that you put ALL OF YOUR HEART in Creating the Seeds of Something Beautiful to pay tribute to our fellow Anonamoose!

NEW HIVE MIND CHALLENGE!!!!!!

#OP_HOMAGE_TO_ARRABAL

Let's show Fernando Arrabal our deep gratitude for supporting Project Mayhem 2012 and the PM2012 team during our direst moments!

The U.S. Department of Homeland Security issued a somewhat unusual bulletin warning the security community about the planned activities of hacking collective Anonymous over the next few months.

The Department of Homeland Security National Cybersecurity and Communications Integration Center (NCCIC),
is aware that Fernando Arrabal has publicly shown is support for Project Mayhem 2012 as an Artistic endeavour, a sculpture of Social Panic Art.

****
****
***** We have received internal information that their bulletin fingerpointing PM2012 has totally backfired, ****
***** for now they FEAR that 'Dangerous Idea #1' might GO VIRAL if they decided to detain the members of the PM2012 team!!! ****
****
****

Let's have Milan Kundera's beautiful words on Arrabal be heard all over the world,

****
****
***** LIKE A THUNDERBOLT TO THE LIARS!!! *****
****

TEXT: http://en.wikipedia.org/wiki/Milan_Kundera

"There are players who do not take anything seriously.
And there are men who openly challenge tribunals and prison.
However, on very few occasions do players appear who
not only do not take anything seriously but also challenge tribunals and prison.
Even when he challenges Franco or Castro, Arrabal is not antiestablishment
or a militant preacher.

HE IS A MAN WHO PLAYS.

HE CONCEIVES ART AS A GAME, AND THE WORLD IS TURNED INTO A GAME THE VERY MOMENT HE TOUCHES IT.

However, this century is a field of forbidden games, a trap set for players."

Article 19 of the Universal Declaration of Human Rights, adopted in 1948, states that:

"Everyone has the right to freedom of opinion and expression; THIS RIGHT INCLUDES FREEDOM TO HOLD OPINIONS WITHOUT INTERFERENCE AND TO SEEK, RECEIVE AND IMPART INFORMATION AND IDEAS THROUGH ANY MEDIA AND REGARDLESS OF FRONTIERS."

Today freedom of speech, or the freedom of expression, is recognized in international and regional human rights law. The right is enshrined in Article 19 of the International Covenant on Civil and Political Rights, Article 10 of the European Convention on Human Rights, Article 13 of the American Convention on Human Rights and Article 9 of the African Charter on Human and Peoples' Rights. Based on John Milton's arguments, freedom of speech is understood as a multi-faceted right that includes not only the right to express, or disseminate, information and ideas, but three further distinct aspects:

THE RIGHT TO SEEK INFORMATION AND ***** IDEAS *****;
THE RIGHT TO RECEIVE INFORMATION AND ***** IDEAS *****;
THE RIGHT TO IMPART INFORMATION AND ***** IDEAS *****.

International, regional and national standards also recognize that freedom of speech, as the freedom of expression, includes any medium, be it orally, in written, in print, THROUGH THE INTERNET OR THROUGH ART FORMS.

THIS MEANS THAT THE PROTECTION OF FREEDOM OF SPEECH AS A RIGHT INCLUDES NOT ONLY THE CONTENT, BUT ALSO THE MEANS OF EXPRESSION.

***** WARNING: DHS outsourced DISINFO about PROJECT MAYHEM 2012 *****
****
****

The U.S. Department of Homeland Security National Cybersecurity and Communications Integration Center (NCCIC),
****** IS DISINFORMING AMERICAN CITIZENS & THE WORLD AT LARGE ****** by trying to link Project Mayhem 2012 with
'physical disruption and targeting of information systems' which is TOTALLY and completely FALSE.

Computerworld.com Sr. Editor Jaikumar Vijayan REFUSES TO PROVIDE US WITH A COPY OF THAT SUPPOSED DHS BULLETIN, on the basis that:

[quote]

It does not appear to me that the DHS bulletin is publicly available yet.
The organization that I received the bulletin from has requested confidentiality.

[endquote]

DHS warns of planned Anonymous attacks
Bulletin from feds highlights group's Occupy Wall Street, Operation Facebook, Project Mayhem campaigns

The two other planned attacks by Anonymous that are highlighted in the bulletin are, Operation Facebook a November 11 protest targeting the social media site for its alleged privacy violations, AND PROJECT MAYHEM, SCHEDULED FOR DEC 21, 2012.

Though there has been little dialogue or hints about the specific tactics, techniques and procedures that Anonymous plans to employ for Project Mayhem there are indications that it could involve physical disruption and targeting of information systems.

The name Project Mayhem is derived from the movie Fight Club in which "the main character is ultimately responsible for destroying buildings belonging to major financial institutions with explosives," the bulletin said.

As reported By Jaikumar Vijayan
September 2, 2011 12:40 PM ET
http://www.computerworld.com/s/article/9219711/DHS_warns_of_planned_Anonymous_attacks

---

Jaikumar Vijayan has admitted to us that he has 'PARAPHRASED' the supposedly original DHS bulletin:

[quote]

Ref your question about this sentence: Though there has been little dialogue or hints about the specific tactics, techniques and procedures that Anonymous plans to employ for Project Mayhem there are indications that it could involve physical disruption and targeting of information systems.

That is a paraphrase of the DHS comentary. This is the actual phrasing from the DHS bulletin as it relates to Project mayhem.

1) "Project Mayhem, (PM) was announced by Anonymous in August 2011, and according to their public website projectmayhem2012[dot]org, is set to culminate on 21 December 2012"

2)" Furthermore, there is no dialogue or hints as to specific tactics, techniques and procedures (TTP) that Anonymous plans on employing on or prior to 21 December 2012. There are also several seemingly related internet wiki-style portals and web forums, operating under the PM name, devoted to discussing random malicious acts - some involving physical disruption and some involving targeting information systems - but no direct discussion of attack scenarios.""

{{{A footnote attached to this statement says this: "Several of these wikis and portals discuss coordination on 4chan[dot]org and other known Anonymous collaboration sites."}}}}

3)""The name “Project Mayhem” is derived from the popular 1999 film Fight Club. The project refers to a secret operation carried out by the Fight Club to topple the corporate American system. In the movie, the Club carries out numerous malicious acts such as defacement of buildings with graffiti, sabotage, and arson. In the finale, the main character is ultimately responsible for destroying buildings belonging to major financial institutions with explosives."

Hopefully this clarifies some of your questions.

[/endquote]

PM2012 would like to remind Mr. Jaikumar Vijayan that:

In Lovell v. City of Griffin, 303 U.S. 444 (1938), Chief Justice Hughes defined the press as, "every sort of publication which affords a vehicle of information and opinion."

This includes everything from newspapers to blogs.

Freedom of the press, like freedom of speech, is SUBJECT TO RESTRICTIONS ON BASES SUCH AS ***** DEFAMATION LAW. *****

Section 230 of the Communications Decency Act of 1996 generally immunizes from liability parties that create forums on the Internet in which defamation occurs from liability for statements published by third parties. THIS HAS THE EFFECT OF PRECLUDING ALL LIABILITY FOR STATEMENTS MADE BY PERSONS ON THE INTERNET WHOSE IDENTITY CANNOT BE DETERMINED.

http://en.wikipedia.org/wiki/United_States_defamation_law

Mr. Jaikumar Vijayan has refused to acknowledge the fact that Nobeli Prize finalist Fernando Arrabal
[http://en.wikipedia.org/wiki/Fernando_Arrabal],
creator with Alejandro Jodorowsky and Roland Topor of Panic Movement

[http://en.wikipedia.org/wiki/Panic_Movement]

has shown publicly his support for Project Mayhem 2012 as a sculpture of Social Panic Art from his personal blog at http://laregledujeu.org/arrabal/

… hemos concebido Project Mayhem 2012 como una escultura de Arte Social Pánico y como un Juego de Hacking de Realidad Alternativa al más puro estilo Arrabal/ Fluxus / Joseph Beuys.
… “Un juego de realidad alternativa (en inglés Alternate Reality Game) es una narración interactiva que utiliza el mundo real como soporte, presentando una serie de recursos mediáticos reales para contar una historia que se ve afectada por la intervención de los participantes.

… Sin que exista un consenso globalizado para definir el concepto, parece claro que se encuentra en un punto medio entre un juego y un conjunto de puzzles. Se ha descrito como la primera forma narrativa nacida de internet, porque su esencia suele radicar en buscar y compartir información.”
… “Reality hacking is a term used to describe any phenomenon which emerges from the nonviolent use of illegal or legally ambiguous digital tools in pursuit of politically, socially or culturally subversive ends.”

Under the Miller test, A WORK IS OBSCENE IF:

(a)...‘the average person, applying contemporary community standards’ would find the work, as a whole, appeals to the prurient interest,
(b)...the work depicts or describes, in a patently offensive way, sexual conduct specifically defined by the applicable state law, and
(c)...the work, taken as a whole, lacks serious LITERARY, ARTISTIC, political, or scientific value.

NEW HIVE MIND CHALLENGE!!!

#OPTYLER_TIGER_TEAM

According to a 1964 definition, it has been described as
'a team of undomesticated and uninhibited technical specialists,
selected for their experience, energy, and imagination,
and assigned to track down relentlessly every
possible source of failure in a spacecraft subsystem.'"
Security tiger teams

In security work, a TIGER TEAM is a specialized group that tests an organization's ability to protect its assets by attempting to circumvent, defeat, or otherwise thwart that organization's internal and external security. The term originated within the military to describe a team whose purpose is to penetrate security of "friendly" installations to test security measures.[citation needed] It now more generally refers to any team that attacks a problem aggressively

TREASON

A nation can survive its fools, and even the ambitious.
But it cannot survive treason from within.

An enemy at the gates is less formidable, for he is known and he carries
his banners openly. But the traitor moves among those within the gate freely,
his sly whispers rustling through all the galleys, heard in the very hall
of government itself.

For the traitor appears not a traitor —he speaks in the accents familiar
to his victims, and wears their face and their garment, and he appeals
to the baseness that lies deep in the hearts of all men.

He rots the soul of a nation—he works secretly and unknown in the night
to undermine the pillars of a city —he infects the body politic so that
it can no longer resist.

A murderer is less to be feared

Steven Pinker: 'IN DEFENSE OF DANGEROUS IDEAS'

"Dangerous ideas are likely to confront us at an increasing rate and we are
ill equipped to deal with them. When done right, science (together with
other truth-seeking institutions, such as history and journalism)
characterizes the world as it is, without regard to whose feelings get
hurt.
[...]
Also, IT'S HARD TO IMAGINE ANY ASPECT OF PUBLIC LIFE WHERE IGNORANCE OR
DELUSION IS BETTER THAN AN AWARENESS OF THE TRUTH, EVEN AN UNPLEASANT ONE."

To get ready for the ÜberLVLZ and to SPOT HIDDEN Project Mayhem 2012 anons in teh ÜberLVLZ CLVB, from today to 12.21.2012 11:11, whenever it's 11:11 a.m. local time, DO THIS:

1. Program the ALARM in your wristwatch to be triggered at EVERYDAY at 11:11 sharp.
If you hear other alarms around you, you'll know you are in the presence of another PM2012 dormant cell waiting 4 teh ÜberLVLZ.

LET'S TROLL THE SHIT OUT OF FELLOW MATRIX DRONES AROUND US!!!!!!!!!!!!!!!!!!!!!!

If they ask you why did you program the ALARM at 11:11, EVERYDAY, INVENT A LIE!!!!!!!!!!!

Or give them a COMPLETELY SURREALISTIC answer:

say a PASSWORD phrase, like this:

"I have a RED PILL to take at 11:11 everyday. I have a strange feeling in my stomach.
It hurts me a little bit when I laugh."

If the person who asked you why do you set your alarm clock at 11:11 a.m. everyday is another fellow PM2012 RAT, they will find out. Wink or slightly touch your *** LEFT EYE *** BOTH OF YOU ***.
That way you both will know that you are PM2012 RATs and can wait until a safer time to CONSPIRE. };-)

REPEAT every day at 11:11 a.m. until you spot fellow PM2012 dormant cells: your goal is
TO FIND AS MANY "THE OTHERS" AS POSSIBLE.

When you spot a fellow PM2012 RAT dormant cell, exchange emails / Facebook / Twitter.

Both of you two, PM2012 RATs, remain as stealthy as possible. DON'T SPEAK about PM2012 with
your lifetime friends UNLESS *** THEY NATURALLY FIND OUT ABOUT and RESONATE with PM2012 ***.

But WAIT until they show a POSITIVE attitude towards what PM2012 stands for.

BEEWARE of MATRIX DRONES!!! They will suspect you are onto something.
Invent EXCUSES. LIVE A LIE.

Don't tell ANYBODY about PM2012 unless the MATRIX DRONES ****** NATURALLY RESONATE ***** with PM2012 by themselves.

Then give them a warm & lulzy welcome and remain in contact with them in STEALTH MODE:

VERY SPECIALLY, do *NOT* talk about PM2012 over email, for your girlfriend/boyfriends might
find out.

DO *NOT* TELL YOUR BOYFRIEND/GIRLFRIEND about PM2012 unless *THEY* independently find out about PM2012, via coinciDANCES mostly... Don't worry, you'll know what we mean when everybody starts to experience extreme MINDFUCKS around anything PM2012 related!!!! mwuaaahahahahahh!!
};-)

2. If you don't wear a wristband alarm clock (GOOD PERSONAL LIFE CHOICE, TO HELL WITH CLOCKS!!!!!),
then LEARN the music and the lyrics in SPANISH of the Alejandro Jodorowsky's song:

Alejandro Jodorowsky. Holy Blood - The End of the World OST theme.
Alejandro Jodorowsky. Santa Sangre - El Fin del Mundo. Canción.

EL FIN DEL MUNDO SE ACERCA YA
Toda esperanza se acabará
YA LAS SEÑALES SE ESTÁN CUMPLIENDO
Se están cumpliendo como escrito está
QUERIDO AMIGO, LIRIO TE LLAMA
No hagas duro tu corazón
RÍNDETE A LIRIO, DALE TU ALMA
Y tendrás parte en la resurrección

http://www.youtube.com/watch_popup?v=I0lEySHkqik

You can either start to sing it low at 11:11 or 11:11 P.M. sharp or to WHISTLE the melody lowly.

...or, depending on how much FEAR have you been losing lately,
as LOUD and stupidly as you feel like, of course!!! };-)

Say to people that it's a song about THE END OF THE WORLD.

They will know there might be something wrong with your head....
Depending on how FOOL and CRAZY you are prepared to look like in front of other people,
you can play the game along, and say, that you've been hearing "voices" or "messages in TV",
as flashes that look like two 11:11 numbers, or flashes with the words PM2012, or PM2012 written
very tiny in the right corner of a product placement in TV... or as an unfocused painting on a background wall...
...or you might suddenly spot the PM2012 HIVE MIND mascot, FAQU, printed in a T-SHIRT that a mainstream young and sexy TV presenter is wearing...

...you get the idea. };-)

Or, depending of your level of FEAR to ridicule, you can actually SING IT OUT LOUD.

You'll know that you are doing progress to kill your FEARS when you realize that as time

'If nature has made any one thing less susceptible than all others of exclusive property,
it is the action of the thinking power called

AN IDEA

which an individual may exclusively possess as long as he keeps it to himself;
but the moment it is divulged, it forces itself into the possession of everyone, and the receiver cannot dispossess himself of it.
Its peculiar character, too, is that no one possesses the less, because every other possesses the whole of it.

He who receives an idea from me, receives instruction himself without lessening mine; as he who lights his taper at mine, receives light without darkening me.

That ideas should freely spread from one to another over the globe, for the moral and mutual instruction of man, and improvement of his condition,
seems to have been peculiarly and benevolently designed by nature, when she made them, like fire, expansible over all space,
without lessening their density at any point, and like the air in which we breathe, move, and have our physical being, incapable of confinement or exclusive appropriation.
Inventions then cannot, in nature, be a subject of property.'

Thomas Jefferson, in letter to Isaac McPherson, 1813.
-->
<!--
1. Ideas aren't physical. Regardless of the legalities, treating ideas as possessions insults their vast combustive power. Jefferson put it best:
'The moment an idea is divulged, it forces itself into the possession of everyone, and the receiver cannot dispossess himself of it.
He who receives an idea from me, receives instruction himself without lessening mine; as he who lights his taper at mine, receives light without darkening me.'
2. Ideas aren't worth jack unless other people can put them to use.
3. Ideas won't change the world unless others can improve on them.
4. Ideas grow by participation, not isolation.
5. Ideas change as they grow. Their core remains the same, but their scope enlarges with successful use.
6. Ideas have unexpected results. No one person can begin to imagine all the results of a good idea. That's another reason to welcome participation.
7. Nobody's going to "steal" your ideas, any more than they can steal your cerebrum. You're the source. Authority over the idea begins with you.

8. Authority derives from originality and respect. You can't get respect for your original ideas unless those ideas prove useful to others.
9. There are two reasons other people are going to "steal" your ideas. First, the only people qualified to steal your ideas are too busy trying to get their own ideas to work.
Second, they already don't like your idea because it's not their idea. (But if your idea gets traction, maybe then they'll start to respect it.)
10. In the software world, patents are hand-held nuclear weapons. They may have some deterrent or "defensive" purposes, but they tend to hurt those who use them at least as much as they hurt others.
Where would Linux be if Linus Tovalds decided to make it a proprietary OS? Where would RSS, blogging, podcasting or outlining be today if Dave Winer had locked his ideas behind patents?

"I don’t have to tell you things are bad. Everybody knows things are bad. It’s a depression. Everybody’s out of work or scared of losing their job. The dollar buys a nickel’s work, banks are going bust, shopkeepers keep a gun under the counter. Punks are running wild in the street and there’s nobody anywhere who seems to know what to do, and there’s no end to it.
We know the air is unfit to breathe and our food is unfit to eat, and we sit watching our TV’s while some local newscaster tells us that today we had fifteen homicides and sixty-three violent crimes, as if that’s the way it’s supposed to be. We know things are bad – worse than bad. They’re crazy. It’s like everything everywhere is going crazy, so we don’t go out anymore.
We sit in the house, and slowly the world we are living in is getting smaller, and all we say is, “Please, at least leave us alone in our living rooms. Let me have my toaster and my TV and my steel-belted radials and I won’t say anything. Just leave us alone.”
Well, I’m not gonna leave you alone. I want you to get mad! I don’t want you to protest. I don’t want you to riot – I don’t want you to write to your congressman because I wouldn’t know what to tell you to write. I don’t know what to do about the depression and the inflation and the Russians and the crime in the street. All I know is that first you’ve got to get mad.
You’ve got to say, “I’m a human being, God damn it! My life has value!”
So I want you to get up now. I want all of you to get up out of your chairs. I want you to get up right now and go to the window. Open it, and stick your head out, and yell,
“I’M AS MAD AS HELL, AND I’M NOT GOING TO TAKE THIS ANYMORE!”

Sometimes we forget to eat. To shower. Or to pee.

Recently, the DHS National Cybersecurity and Communications Integration Center (NCCIC), has warned financial services companies especially to be on the lookout for attempts by Anonymous to "SOLICIT IDEOLOGICALLY DISSATISFIED, SYMPATHETIC EMPLOYEES" to their cause.

DHS WARNS OF PLANNED ANONYMOUS ATTACKS
Bulletin from feds highlights group's Occupy Wall Street, Operation Facebook, Project Mayhem campaigns

September 2, 2011 12:40 PM ET

"The two other planned attacks by Anonymous that are highlighted in the bulletin are [...] AND PROJECT MAYHEM, SCHEDULED FOR DEC 21, 2012.

Though there has been little dialogue or hints about the specific tactics, techniques and procedures that Anonymous plans to employ for PROJECT MAYHEM THERE ARE INDICATIONS THAT IT COULD INVOLVE PHYSICAL DISRUPTION AND TARGETING OF INFORMATION SYSTEMS.

The name Project Mayhem is derived from the movie Fight Club in which "THE MAIN CHARACTER IS ULTIMATELY RESPONSIBLE FOR DESTROYING BUILDINGS BELONGING TO MAJOR FINANCIAL INSTITUTIONS WITH EXPLOSIVES," the bulletin said."

We got all the stuff we need to mirror the entire project mayhem2012 page and put it online again. **ALL OF US** have access to it. **ALL OF US** can mirror it.

This my fellow **BEE'S** is a great opportunity we have received. Maybe this is all part of their plan, maybe pm2012 has taught us all they can teach and would like us to **spread their message**. Let us **thank them for granting this opportunity**, and don't let this opportunity go wasted.

I sense an OP coming...
an OP to **revive project mayhem 2012** and **let it go viral again** **ON MULTIPLE SOURCES** 😀

Let's plan a joint-operation and keep their site online not from 1 computer but multiple! They can't shut us down 😀 Remember: Idea's are bulletproof!
They cannot destroy us, they cannot force us, WE will bee victorious 😀

I am hereby officially suggesting #OP - Mindfuck 2012
(or another fitting title, suggestions anyone?)

It will in its final stages include **a full tutorial how to make your own website using the html files provided to us by the pm2012 team**. (galatorg, you know how to do it so please share your wisdom with your fellow bee's 😀)

In this thread the link to all of these files will of course be provided. People will be encouraged to put their own copy of the site online. From there on we can add our own art. So fellow Rattists, poeTic errorists, bee's and lucyphers. Let us pick up where they left off!! 😀

There is however something that may work against us (or with us, depends on your point of view) with the entire back-up of the pm2012 site put online, people are able to edit pm2012's work or add stuff that the real pm2012 would never put online.

I would like all of your opinions on this joint-op, as i believe we must work together to achieve this. **So fellow bee's let us swarm and make honey!** 😀

Forever all-one

made by banksy (who is called SKYNAB, anagram for banksy, in the sauce from last hivemind page)

I will to bestow

I don't have access to 4chan via this public interface, perhaps I will see you all on the other side ...

But just keep in mind: Lucifer = Beelzebub = Luzbel

Luzbel appears to be the spanish for Lucifer ...

Type: Luzbel, Spanish to English
http://babelfish.yahoo.com/translate_txt

the 'L' is added by PM2012 lulz-bel, never forget the lulz are for Lucifer ...

The names of the devils

Bee Vigilant ...

Thanks ...

I had just received a tweet on my anon account 2 days ago "Watch Out For Batman" as a response to my pm2012 tweet.
Yesterday when the site went down coincidentally the tweet that person sent to me was deleted.

Strange... don't know what to think of it. Was it a warning or was it a sign that we have to watch for batman (for example a cryptic message inside a batman video?). Either way, seems like this person knew something about pm2012 we didnt.
curious indeed...

i don't think they're hacked, i believe the balance of power shifted somehow and they're forced to work harder leaving us out of the picture...or smth like that.
It is however evident that something somehow somewhere has changed...

I'm french but I talk a little spanish too. The gibberish seems to me something like spanglish or indian-talking (like in the Far West films, you know). I can't help with the german things, but here I am to translate whatever you need. I think the first thing we need is to point the really important tweets.

@ Youme2 Don't worry I'm going through all the stuff now ...

But what I think we should be doing is supporting what #PM2012 are doing now by doing these #ops

#OP_HOMAGE_TO_ARRABAL

Let's show Fernando Arrabal our deep gratitude for supporting Project Mayhem 2012 and the PM2012 team during our direst moments!

Let's have Milan Kundera's beautiful words on Arrabal be heard all over the world,

> There are players who do not take anything seriously. And there are men who openly challenge tribunals and prison. However, on very few occasions do players appear who not only do not take anything seriously but also challenge tribunals and prison. Even when he challenges Franco or Castro, Arrabal is not antiestablishment or a militant preacher. He is a man who plays. He conceives art as a game, and the world is turned into a game the very moment he touches it. However, this century is a field of forbidden games, a trap set for players. The first thing by him I read was Y pusieron esposas a las flores, a piece inspired on Franco's prisons. It was in Prague where at that time other prison masters reigned. I said to myself:
> One day, our horrors will be forgotten. However, this piece by Arrabal, this dirty masterpiece, this orchid of perverted imagination, this extraordinary rotten flower of evil will last. No doubt, I am mistaken. It is not this piece, this suffocating homage to de Sade that will remain, but the images of Epinal of the new rewriting of history, imposing their edifying vision of past decades, because from the womb of this serious and stupid century only an even more serious seriousness and a more stupid stupidity can be born. "The world has become mortally and absurdly serious", said Gombrowicz to his critics, who then applauded him and turned him into a deadly serious writer. Oh Arrabal, what's the name of the star guiding your steps? Marx, anti-Marx, Tocqueville, Sartre, Mandela, Bush? For you, nothing is more venerable than this honourable Mafia of History. Your star bears the name of Cervantes. The day you admitted that, solemnly raising your arms towards the sky, the public around you (Marxists or anti-Marxists?), who thought they were listening to a completely charming incongruent, burst into laughter. (You
> know it only too well: it is only possible to make them laugh at those moments when you are being most serious). With the luminous clarity of absurdity, soon after that you expressed the same admission in La hija de King Kong, the last of your books I read. It is a play-novel, where each one of the games- football, rugby, chess- is a prison of rules, as beautiful as an exquisitely finished form. Contrary to the chess player, the artist makes up the rules of the game himself and for himself, simultaneously the architect of the prison and the prisoner itself. La hija de King Kong has fifty chapters (never exceeding three pages) and each one of them has: 1) a fragment of the story of the protagonist; 2) his homage to Cervantes (never exceeding one paragraph); 3) one or two proverbs (similar to those enounced by Sancho); and 41 a sibylline sentence to finish. The games are dangerous: there is prose and mechanisms of writing so wisely, austerely and desperately playful that they suffocate one to death from boredom. Oh Arrabal! How did you manage, with such a monastically severe set of rules and so systematically applied, to carry on being so shamelessly amusing? How did you manage to move me with an unreal and impossible character to the extent of making me read the totally absurd adventures in one go, unable to put it down? After her education in a religious boarding school, the heroine becomes a prostitute, succeeds in finishing off two pimps, and gets away by fleeing to America. The old head of a bunch of gangsters is after her trying to kill her, but ends up falling not for her body nor for her soul, but for her love for Cervantes, of whom she never stops thinking about throughout all her adventures. Cervantes is the god of this novel. In the last chapter, the leader of the gangsters rides a donkey, the Cervantes-loving prostitute, a horse, and they run away together, under the stars on the American prairies, into the distance. Oh Cervantes, our father! Praised be your name! Stay with us, for in this deadly serious and unloving land we have been left alone and only have you!

I wasn't going to post or participate here-in anymore and just go back to GLP as I have very limited accesibility - not even to a graphics program, but I found a website today with the **Bee to Fleur de Leis**; it is from the websites associated with Iona Miller ...

Enjoy, might learn something; for those not familiar with Nicholas De Vere mythos ... ?

Well since mo0se mentioned 'Fernando Arrabal' and his support for Pm 2012, from what i have read this is the way he lives his life very fascinating, his poems are truly amazing love them

This "LINK" contains a list of web resources, latest news, images, videos, blog postings, and realtime conversation about fernando arrabal. We also provide some recomendation so you can surf the internet faster and fun. Make sure to visit the pages that related to fernando arrabal:

poem is in Spanish

Pome by Fernando Arrabal

CURRICULUM VITAE OF FERNANDO ARRABAL

by Ante Glibota

WHO'S WHO IN THE WORLD 2000 17th Edition

The Spanish author Fernando Arrabal was born in Melilla (Spanish Morocco) on August 11, 1932, shortly before the Civil War was to tore his country apart. His father, officer of the Spanish Army , is sentenced to death at the beginning of the Civil War for being opposed to the military coup. His sentence is commuted to hard labour for life. He is transferred to different jails, escapes from the last one on November 4, 1941 and disappears forever.

The trauma created by this tragedy marks Fernando Arrabal 's life and work "... the knowledge brought by Arrabal is tinged with a moral light which belongs to the very substance of his art".
(Vicente Aleixandre, Nobel Prize).

Fernando Arrabal has published 12 novels (among which the autobiographical Baal Babylone - Viva la muerte in 1959), 6 collections of poems, nearly 70 plays (till now, his complete theater has been published in 19 volumes in France), 16 essays and epistles (among which the famous Letter to General Franco, published during the dictator's lifetime), nearly 150 books for bibliophiles and poems illustrated by Dalí, Picasso, Saura, Olivier O. Olivier, Dorny, Cortot, Pouperon, Fassianos...

He has directed 7 full-length films, the last one of which devoted to Jorge Luis Borges and entitled Jorge Luis Borges - Una vita de poesia, has just been released .

In 1962 Fernando Arrabal founds the "Panic Movement" together with Roland Topor and Alexandro Jodorowsky. "Panic" comes from the God Pan, the All. The "Panic" man was a man of total refusal, refusal of all danger, he did not expose himself and did not die a hero's death.

Although he is one of the most "controversial" writers, he has received many international prizes and distinctions. His work has been translated in most languages (he is notably one of the French speaking authors that is the most translated in Europe). The sun never sets on his plays among the most performed in the world.

His multiple activities are also expressed in the plastic arts. He has been exploring these through a profusion of sculptures, paintings, collages, drawings, of which many exhibitions and retrospectives have been held in galleries and museums in different countries.

"Merrily playful, rebellious and unconventional, Arrabal's work is the syndrome of our century of barbed wires

and camps. : a way to keep in reprieve".
(Dictionnary of French language literatures).

When he is not travelling all over all the continents to give lectures, to attend performances of his plays, "to take note" of the world's state and to defend human rights where they are flouted, Fernando Arrabal lives and works in Paris.

EXCELLENT PIC CK...

So I've been looking at this pic below and the "Lucifer" text and upsidedown/back-to-front "Lucifer" text that can also be read as **GABRIEL**...and I've been thinking that there's something more to it then initially meets the eye...

Remember we were told to **follow the "White Rabbit"** of coincidance/synchronicity...and doesn't this pic look like a white rabbit aswell

Ok so here are some things to consider about Gabriel

- In occult tradition **Lucifer** is the correspoding daytime demon of **Gabriel**

- Gabriels symbol is a 9 pointed star

Remind you of anything from this thread?

> "The Enneagram originated in Central Asia, and was first introduced to the West by the enigmatic teacher G. I. Gurdjieff

- The correspoding Magickal script to use for Gabriel is **Theban** (remember my post on Crowleys The Battle of the Ants and "Thebes Glory Found", you can view it here)

- One of his fixed stars (cancer) is **Sirius**...remember the aliens that Robert Anton Wilson and Grant Morrison said abducted them/or not hehe...were from **Sirius**

- He is a **teaching angel**

- **81** is one of the numbers of the Moon used to represent Gabriel...**81 is also the number of lines in the Source code of http://www.projectmayhem2012.org current page** ☺

- But most important for our purposes **GABRIEL** is the trumpeteer of the Last Judgment, **The Archangel of THE APOCAPLYSE** ☺

> a·poc·a·lypse
>
> a prophetic revelation, especially concerning a cataclysm in which the forces of good permanently triumph over the forces of evil.
>
> any revelation or prophecy.

Now since Lucifer was also considered to be an angel of music I decided to look up Gabriel and occult symbolism and coicincidetly got these image results of Peter Gabriel

So with all the above these quotes in the source code are starting to resonate with me...

'To succeed is to learn to fail.'

...was this page put up to give us a taste of what it would be like to fail after all the hard work that has gone in? maybe Yes?, maybe No?...if anything I think we all showed great composure in the face of defeat...have we passed the test PM2012? 🙂

and this quote

'The night is darker just before dawn.'

Well one of the hours of the day ruled by Gabriel in occlutism is the **1st hour of the day**, **THE DAWN!!!**...are the games about to start anew?

And that complete phrase Comes from batman and is spoken by Harvey Dent it reads as

"The night is darker just before the dawn.

I promise the dawn is coming"

and as we know the tune on that Batman trailer that was linked is **Before The Dawn by Evanescence (feat David Hodges)**

So if you are reading PM2012...SHINE ON!!!...you crazy Diamond

we're waiting to follow the rabbit 🐰

2011 is the year of the rabbit after all 🐰

And all our Clocks are set to ring at 11:11

Remember when you were young, you shone like the sun.
Shine on you crazy diamond.
Now there's a look in your eyes, like black holes in the sky.
Shine on you crazy diamond.
You were caught in the crossfire of childhood and stardom,
blown on the steel breeze.
Come on you target for faraway laughter,
come on you stranger, you legend, you martyr, and shine!
You reached for the secret too soon, you cried for the moon.
Shine on you crazy diamond.
Threatened by shadows at night, and exposed in the light.
Shine on you crazy diamond.
Well you wore out your welcome with random precision, rode on the steel breeze.
Come on you raver, you seer of visions,
come on you painter, you piper, you prisoner,
and shine!

I think somewhere along the line you missed the point of this thread caveman...

Basically **ProjectMayhem2012 is a reality hacking game by Anonymous** that poses riddles to be solved. **After each riddle is solved a part of the project is revealed to the hivemind.**

PM2012 are developing **a wikileaks/wikipedia style, uncersorable, cyrptographic program called TYLER**, which will be **out of beta testing on the 5th of Novmeber 2012.**

One of the parts of the project that was revealed after the riddles were solved is dangerous idea No.1. which works in tandem with **TYLER**. dangerous idea No.1 is

> Imagine we plant Trees.

So basically what **Project Mayhem 2012 is trying to set up is a wikileaks style platform that does not have the Achilles heal of the editor**, where the leaks come from members of the general public who have witnessed illegality/corruption/fraud in the workplace and wish to expose it.

From my understanding of Anonymous this is what it's about...Freedom of speech, anti censorship, anti-corruption, anti-fraud and Anonymity for anyone who wants to shine a light on it...and **PM2012 is developing a platform to aid the public in this cause.**

Here's a description of the program **TYLER** from PM2012 (released to us after we solved some of their riddles

> **TYLER is a massively distributed and decentralized Wikipedia-style P2P cipher-space structure impregnable to censorship.**

> **TYLER will avoid single point of failures by implementing a distributed and crowd-sourced karma-based TRUST 'Authority' in order to prioritize leaks relevance and visibility while minimizing information poisoning. This solution successfully solves the single point of failure inherent to the role of an Editor.**

Sure various "moonbat" ideas have been discussed in this thread but only as a means to solve the riddles posed by PM2012, attributing any belief to any of the concepts laid out in this thread is a purely individual choice.

If this is ALL complete "moonbat" theory Caveman can you explain why **The Department of Homeland Security has taken a keen interest in PM2012?**

Computer World Article on DHS bulletin

When the Author of this article, Jaikumar Vijayan, was requested to provide specific information about this bulletin he wrote back the following

> Ref your question about this sentence: Though there has been little dialogue or hints about the specific tactics, techniques and procedures that Anonymous plans to employ for Project Mayhem there are indications that it could involve physical disruption and targeting of information systems.
>
> That is a paraphrase of the DHS commentary. This is the actual phrasing from the DHS bulletin as it relates to Project mayhem.
>
> 1) "Project Mayhem, (PM) was announced by Anonymous in August 2011, and according to their public website projectmayhem2012[dot]org, is set to culminate on 21 December 2012"
>
> 2)" Furthermore, there is no dialogue or hints as to specific tactics, techniques and procedures (TTP) that Anonymous plans on employing on or prior to 21 December 2012. There are also several seemingly related internet wiki-style portals and web forums, operating under the PM name, devoted to discussing random malicious acts - some involving physical disruption and some involving targeting information systems - but no direct discussion of attack scenarios.""
>
> {{{A footnote attached to this statement says this: "Several of these wikis and portals discuss coordination on 4chan[dot]org and other known Anonymous collaboration sites."}}}}
>
> 3)""The name “Project Mayhem” is derived from the popular 1999 film Fight Club. The project refers to a secret operation carried out by the Fight Club to topple the corporate American system. In the movie, the Club carries out numerous malicious acts such as defacement of buildings with graffiti, sabotage, and arson. In the finale, the main character is ultimately responsible for destroying buildings belonging to major financial institutions with explosives."
>
> Hopefully this clarifies some of your questions.

PM2012 fashioned itself on the art of Culture Jamming, Panic Art, Discordianism to make the site an interesting journey and as they say themselves to hack the limbic systems of people to get them inspired to act.

As such only two weeks ago **NOBEL PRIZE NOMINEE FERNANDO ARRABAL came out in support of ProjectMayhem 2012**

I suspect you haven't read this thread in it's entirity caveman so I'll give you a few main points revealed in it and you tell me if it's still silly nonsense...

The TL;DR version of this thread with Dox for you Caveman

1. PM 2012 is supported by a Nobel Prize Nominee. Fernando Arrabals Blog

2. PM 2012 has an actionable plan for Anonymous to participate in.**Active #OP on this site**

3. PM2012 has been pointed out specifically by The Department Of Homeland Security as a threat. **Computer World Article on DHS bulletin**

4. PM2012 was going to be endorsed by PHRACK the well known hacker magazine.**Communications between PM2012 and PHRACK**

5. PM2012 has been in communication with Julian Assange about this project.**Emails between PM2012 and Julian Assange**

Whether or not ideas contained within this thread do or do not fit into your view of reality is irrelevant **the above MAJOR points of PM2012 from my perspective show that it doesn't belong in the /b/atcave**...but that is the Mods call, **two moderatorsHijaqd and Nightingale I know support this thread, with a third Schism and the community approving the #Op for active ops**...so I ask you **Caveman are you acting on your own interpretation of this thread (which I suspect you have only skimmed through) or by the concensus of the community?**

If you feel this should be moved to the /b/atcave and **at least TWO other moderators don't agree with you** maybe **a community poll should be taken on this rather then just your own opinion?**

It was discussed in the IRC last night. Hijaqd agreed with me. No moderators disagreed with me. Don't blame me for the shitty state of your thread.

If you want to open a thread in off topic to discuss a puzzle, that's fine. The moment you start rambling on about spirit channeling or quantum mysticism or the last Grandmaster of the Priory of Zion, it belongs in the /b/atcave. If Nightingale wants to personally manage the thread, it's her responsibility to keep it on topic and to split off the moonbat and trolling.

Or you could just discuss it in the /b/atcave where such things don't matter.

Ok that's a fair enough explanation it is a pity that this thread wasn't moderated better early on to keep the thread on topic, Nightingale has tried but don't think she's been on that much lately...oh well

@caveman

so you're saying that every mod was online @ irc to vote about this thread? IF it wasn't then it deserves a revote as probably at least 1 mod would disagree.

This thread wasn't hurting anyone and nobody payed attention to it, untill YOU came along. Now it's another target for trolls downstairs.

We don't interfere with your work, so don't interfere with ours...
Moderate the threads that really deserve it, not this, this action of yours is just plain sad after so many time that it was in off-topic...

So why bother voting about it now...

i'm not wasting more words on this, let's try to keep this thread clean as possible. Meanwhile i'll try to get someone who has knowledge of making websites to help me put up the original pm2012 website up again. I'm still waiting for Galatorg to help us though 😃

Sure various "moonbat" ideas have been discussed in this thread but only as a means to solve the riddles posed by PM2012, attributing any belief to any of the concepts laid out in this thread is a purely individual choice.

If this is ALL complete "moonbat" theory Caveman can you explain why **The Department of Homeland Security has taken a keen interest in PM2012?**

Computer World Article on DHS bulletin

When the Author of this article, Jaikumar Vijayan, was requested to provide specific information about this bulletin he wrote back the following

In the finale, the main character is ultimately responsible for destroying buildings belonging to major financial institutions with explosives."

Well since these pastebins are from PM2012 themselves if they were forging Julian Assanges emails I think they would have removed that phrase don't you LoLmon?

...of course I have no way of verifying these emails so maybe for clarity sake I should have said "alledged email communication between Julian Assange and PM2012"

...As a side note to this I would imagine Julian Assange has his email address mirrored to a few locations for security purposes and there also seems to have been PGP encryption on the emails originally, so I am kind of inclined to think they are genuine.

I presume since you have not commented on them that you have checked the Nobel nominee backing, DHS bulletin story, and Phrack stories to confirm their authenticity???

Best of luck reading this whole thread of 89 ten foot long pages LoLMon and fair play if you do, respect!...it's a mammoth...don't be too put off by all the crazy stuff you'll encounter and remember that we did throw ourselves headfirst into all the syncronicities in an attempt to solve the enigmas...most importantly the PM2012 website was a form of social panic art and in no way a "cult", even though some here tried attributing that title to it.

PM2012 was designed as a MINDFUCK afterall to draw people into solving the puzzles and this thread (crazyiness and all) was essentially a research thread to decipher those enigmas...

If Dangerous idea No.1 goes viral and TYLER eventually gets developed the "storm in a teacup" this thread has created over the months will have been worth it...

The thread has been derailed more then a few times, not pointing fingers or placing blame, and no the thread was fine before Caveman came to it, it got f'd up when r3x found it and made a huge deal out of it, I had my ragefest last night, not gonna rage more today.

Stick to the research for now guys, I have a PM from Anonamoose, the rest of you are free to PM me as well, I am still trying to work through the thread and get caught up, while also being the only active admin on the site so bear with me, I will try to come up with a solution that works for everyone in the meantime.

"Everyone has the right to freedom of opinion and expression; THIS RIGHT INCLUDES FREEDOM TO HOLD OPINIONS WITHOUT INTERFERENCE AND TO SEEK, RECEIVE AND IMPART INFORMATION AND IDEAS THROUGH ANY MEDIA AND REGARDLESS OF FRONTIERS."

Today freedom of speech, or the freedom of expression, is recognized in international and regional human rights law. The right is enshrined in Article 19 of the International Covenant on Civil and Political Rights, Article 10 of the European Convention on Human Rights, Article 13 of the American Convention on Human Rights and Article 9 of the African Charter on Human and Peoples' Rights. Based on John Milton's arguments, freedom of speech is understood as a multi-faceted right that includes not only the right to express, or disseminate, information and ideas, but three further distinct aspects:

THE RIGHT TO SEEK INFORMATION AND ***** IDEAS *****;
THE RIGHT TO RECEIVE INFORMATION AND ***** IDEAS *****;

International, regional and national standards also recognize that freedom of speech, as the freedom of expression, includes any medium, be it orally, in written, in print, THROUGH THE INTERNET OR THROUGH ART FORMS.

THIS MEANS THAT THE PROTECTION OF FREEDOM OF SPEECH AS A RIGHT INCLUDES NOT ONLY THE CONTENT, BUT ALSO THE MEANS OF EXPRESSION.

how much or even any of TYLER has been developed to date.

I do know however that they are still looking for more developers as they put this info into one of the source code pages...so if you or anyone else know of some people that may be interested in this maybe you can pass it on

Thank you for answering my questions. Even though I don't fully understand, at least I now have some idea of what this thread is about.

So much was posted about this had to do with "Chaos Magic" and with all the strange pictures, I didn't know what to believe. I know that Hijaqd has been supportive and I have a great deal of respect for him. Given this, I wanted to understand better.

Thank you for your answers and patience.

Some interesting new tweets

this one from Alejandro Jodorowsky and retweeted by PM2012

So it seems PM2012 and Jodorowsky are using the same spanglish, don't ask me why...maybe Jodorowsky, like arrabal is about to come out in support of them? 😐

and I just got this via email http://twitter.com/#!/pm2012org/status/117361959392911360 they just tweeted this and it's a link to the soundtrack I did for Dangerous Idea No.1 😐

They set up a soundcloud page where you can download the track from. Link

One thing is very apparent they have gotten more active since posting that frontpage on their website very busy on twitter, new youtube page, new soundcloud page...what next facefook???

...I think they could be trying to get us to follow their lead

Anyone get around to mirroring the complete PM2012 site yet from that zip file on mediafire?

PM2012 just tweeted an NEW Enigma to be solved!!!

> pm2012org Project Mayhem 2012
> IIIIth ENIGMA!11! What is the ♥ of the Crown? pastebin.com/AWyTWxki | »-(¯`·.·´¯)->#GOGOGO!!!<-(¯`·.·´¯)-« twitpic.com/6psvzh

It's a link to this
pastebin page and the Enigma is titled the **1111th enigma** and look at the photo they just tweeted of Fernando Arrabal aswell...It's him holding up a clock with 11:11 on the time!

Here's the text of the latest Enigma, lets see if we can solve this puzzle fast and see what else PM2012 have to reveal about their plan, as they say themselves the clock is tictoktiktocticking

SWEDENBORG: THE MAN AND HIS WORK

http://freemasonry.bcy.ca/aqc/swedenborg.html

Emanuel Swedenborg (1688-1772) was a Swedish philosopher and scientist who, at 56, had a spiritual awakening and wrote numerous books on his theological views and related topics. He advocated a version of Christianity where works count as much as faith, with the trinity existing in Jesus, instead of three separate entities. Swedenborg derived inspiration from dreams and visions, and claimed to be able to visit heaven and hell at will. His works were widely read after his death and highly regarded by poets, writers and mystics such as Blake, Baudelaire, Strindberg, Balzac, Yeats, Jung, and William James. The following electronic texts have been converted automatically for sacred-texts by a volunteer. Swedenborg's writings are indexed by paragraph number. Each of the texts have been arbitrarily separated into 50-paragraph files:

> Which God gave Him, to show unto His servants, signifies for those who are in truths from good. This is evident from the signification of "gave Him to show the revelation," as being to declare predictions, that is to say, predictions for those; and from the signification of "His servants," as being, who are in truths from good. Such are meant by servants of God, because those who hearken to and obey God are called, in the Word, servants of God. Hearkening and obedience take place with those who are in truths from good, but not with those who are in truths alone, or in truths without good; for these have truths in the memory only, and not in the life; whereas those who are in truths from good have truths in the life, and those who have truths in the life do them from the heart, that is, from love. Be it known, that no truth ever enters into the life of man unless the man be in good, for good is of love, and love makes the whole man; man therefore receives into his life all truths that are in accord. This may be abundantly seen from the fact, that whatever a man loves he appropriates to himself; and everything else he casts from him, yea, holds it in aversion. By good is here meant the good of love to the Lord and the good of love towards the neighbor; for this good is the only spiritual good, and with this truths of faith are in accord.

To add explanation God = flow of evolution? Only those who follow their heart can be open to the flow & therefore receive the authentic crown of knowledge?

Be more confident mate. If you're passionate about something, sing it allowed. If you've gathered something from something, and think someone else could as well, whether it's the simplest idea or realization amongst a load of psychological babble, just be sure to mention it first and feel free to share.

Anyways, per request of Mr. DNA.

Project Mayhem ... we have designed a sculpture of 2012 Panic and Social Art as a Game Alternate Reality Hacking the style Arrabal / Fluxus / Joseph Beuys.
... "An alternate reality game (Alternate Reality Game in English) is an interactive narrative that uses the real world for support, presenting a series of real media resources to tell a story that is affected by the intervention of the participants.

... There is no global consensus in defining the concept, it seems clear that at a point midway between a game and a set of puzzles. It has been described as the first narrative born of the Internet, because its essence usually lies in seeking and sharing information. "
... "Reality hacking is a term phenomenon and Stock Used To Which describes you emerge from the nonviolent use of illegal or ambiguous Legally digital tools in pursuit of politically, socially or culturally subversive ends."
... However, as we know, there's nothing more dangerous in the universe that a work of art elevated to the Mirror ...
... With pleasure we are at the beck and call for any clarification ARRABAL it deems appropriate.
PANIC ... ARRABAL Receive our dearest greetings, PM2012

I think it's just because Anonamoose got fed up with trolling and 12DNAhelix's cosmic ramblings.
I don't think MrDNA is trolling, he was even not sure about posting the video.

Interesting. Very interesting.

Then it's a good thing I'm not in the business of credibility.

If you ever do learn that a message can still bear relevance to something that doesn't appear on the surface like the form you expected. Clues can come from any place.

In these times, It is unwise to rubbish things just because you don't understand them.

ok not sure who has been following PM2012's recent tweets but here's a few links they're pointing us to, not sure if they're more clues or plain old mindfucks but there is a new 'hivmind task' in pastebin.

http://pastebin.com/fViyHaAi

and this one is a google link to the freemasonic G.O.D. code Gomar Oz Dabar

http://www.google.com/search?&q=Gomer+Oz+dabar

They also made a tweet which leads to this Pastebin which seems to be an update from the source code of the last page of PM2012 (the one we "accidently" found)...in it there is a link to an announcement that was made yesterday by cern that they think they have aboserved the impossible and that neutrinos have been observed travelling at FASTER THEN THE SPEED OF LIGHT!!!!

http://www.interactions.org/cms/?pid=1031063

as PM2012 lightheartedly puts it

"The Work is done.REALITY HAS STARTED TO COLLAPSE."

There's a bunch more tweets with links, if you want to check them out go to http://twitter.com/#!/pm2012org and maybe subscribe if you want to keep up with what they're up to.

My signature was a typo of a joke someone made in response to Mod Censorship that took place on our IRC channel.

I was merely assisting Mr. DNA in his requests to post videos. You shot his information down. He learned the hard way. However, just because you and a few rejects are giggling like school girls over every little irrelevant piece of information you find and spinning it so it would appear as if it's somehow related to Project Mayhem's puzzle pieces, doesn't necessarily mean you're an expert in psychological analysis. (Come to think of it in that regards, you're no different than the spastics who try to find reason and evidence in every useless bible verse or prophecy.) You naturally assumed I was trolling when I was merely trying to be helpful to a new comer actually passionate about project Mayhem. We can determine through your pathetic need for attention and obvious failure in basic observations that maybe you're not the appropriate person to be attempting to solve silly little riddles in the first place, and should possibly sit down and realize attempting to solve said riddles is nothing to be proud of, ceasing with the childish displays of "Egofagging." (I'm starting to like Anon talk teehee)

Anyways, that is all. Carry on with your with your amusing display so us watchers can be slightly entertained at your unnecessary whining and perceptually false victories. But I know what I'm witnessing is nothing short of new or entertaining.

No need for apologies after all that Bashar video is mighty faggy.

Sometimes long shots can be right on cue.

Will try and keep any future posts on the same planet.

ok just a quick thought but I think "the heart of the crown" is the concept of "True Will" i.e. Tiferet is the "heart" of Kether "crown"...no time to go into details as have to rush off to work, have a look into it yourselves...

Just checking in to see how things are progressing here-in, regarding the interconnectivity of filamentary tubules (even though there have seemed to be more assholes & dicks than hearts of the crown) ...

... but, not even I would have posted Bashar's material 🙂 ...

The question I would like to know is whether or not Fernando Arrabal is a Jesuit or what is his relationship with & to the Jesuits ?

What is the relationship between the OTO & the Jesuits ?

What is the relationship between them all and Zionist Israel & the House of Rothschild ???

Seeing as the Rothschild's ((Eveylyn currently)) as well as Henry Kissinger are both SMOM.

Quasi-Luciferian-Priory of Sion-Jesuit front of some sort I still think Project Mayhem 2012 to be (the whole of Anonymous actually & Whatis-theplan), truly seeking to liberate the human species though ... ???

Do they really believe 11:11 12/21/2012 is the synchronization point ??

((how is it that they do, when it does not appear there is anyone who has directly perceived the 144,000 faceted core & the majority still think 2012 is about "Galactic Synchronization" solely)) ...

I sure hope a pathway unfolds (through the heart) in which the best interests of the greater majority & the entirety is held as it's mainstay focus (via the higher mind); as opposed to furthering the agenda of the Synarchy ...

With the Gnostic Catholic Church & SMOM listed under the the auspices of the OTO ...

and this work by Fernando:

Tower Struck by Lightning
http://www.goodreads.com/book/show/131868.Tower_Struck_by_Lightning

The Cosmic Chessboard
http://www.nytimes.com/1988/09/25/books/the-cosmic-chessboard.html?pagewanted=all&src=pm

What is the association or lack there-of between the backers of Project Mayhem & the Jesuits ?

Still appears to me that who is being dealt with via PM2012, are those who have not used properly the understanding gained; which has gotten us to where we are today.

But hey, I have to call them like I intuitively sense them to be.

---

I also want to say something regarding the 'triangle' or the trinity which has finally crystallized for me; I think that there are actually two trinities ...

Father-Son-Holy Spirit

Mother-Daughter-Holy Soul

Which some might say the Hexagram represents, Shiva (Fire) & Shakti (Water) ...

Shatkona
http://www.aracnet.com/~wpbenz/Site%203/Shatkona.html

There is also a 7th central axis (bindu point); this mirrors similarly the base creational geometry I have attempted to point out previously of 6 around 1 ((and then there is the 12 around 1)) ....

This 6 around 1 "seed syllable" is detailed in the yezidi mythos of the peacock angel, god creating earth & the heavens in 6 days while resting on the seventh, the temple menorah, the seed of life, the buddhist wheel of life, etc.

As far as I know, the heart of the crown is a 1000 petaled lotus known as Sahasrara; although that is probably not the answer being sought.

Sahasrara
http://en.wikipedia.org/wiki/Chakra#Sahasrara:_The_Crown_Chakra

I want those hiding in the shadows to know that "WE" are against any "ANTI-CHRIST" agenda; but we are for an "Omni-Messiah'; awakening and embodyment by each of the united dualized principles and our full & total inherent potential - awakening en masse into the 'Greater Body of Christ' ((what the second coming of "christ" is about)).

You all going to create chaos & mayhem so they can bring forth their False Maitreya World Teacher; where does the three world wars agenda fit into all this or the fact that this planet is still being weaponized & raped ... ??

Share International
http://www.share-international.org/

Three World Wars
http://www.threeworldwars.com

We are this very moment barreling headlong down the wrong pathway, I guess it is a very fine line; but I still do not see the tides turning and we are not even close to the playing field being leveled by the turnout for Occupy Wallstreet ...

... the revolution in AmeriKa has begun though it appears, even if as by a whimper; which is fucking bullshit - Rothschild needs to be destroyed and Occupy Wallstreet thus far is a Joke ...

They aren't scared yet, where is our feast of fools & jubilee ... ?

... and to all you haters = much love ...

Regards,
12DnA

Another idea I have had on this is that "the heart of the crown" stems from the answers of the last two riddles being in someway related to "lucifer/lucipher/lucypher". It is the legend of the gemstone that fell from **lucifers crown** when he was cast from heaven often refered to as "**lucifers Heart**"

It also ties into some of the things we have been discussing here about the origins of the philophers stone and the emerald tablet of hermes

> Conventionally, "Lucifer's heart" is referred to much in orthodox Christianity where it is considered the source of all pride & the original 'womb' of sin.
>
> The usage of the term for an object is the Lapsit Exillis, "the stone of the fall / exile." I am unsure of the

> origins but t it dates back to medieval grimoire mysticism & cultural epic, at least to the time of Wolfram von Eschenbach.
>
> It comes from a myth that **Lucifer's heart or lost power is a gem stone**, particularly a diamond or white sapphire (**sometimes an emerald or moldavite**).
>
> This diamond is originally from some ornament of Lucifer's before his fall but was lost to him, **usually it is attributed to a gemstone from his crown** (which was said to be knocked from his head by Michael when he was cast from Heaven) or from his breastplate. This idea goes along with his depictions in medieval lore as a jeweled prince before his fall. However cast off or from him, **the stone is usually identified as a meteorite (from Heaven) & is equated with the Philosopher's stone & with the Shamballa stone. It is also sometimes identified as the Grail stone**, **which was a moldavite (or emerald)** dropped from Lucifer's crown that had fallen from the sky. This stone was supposedly fashioned into what is known as the Holy Grail.

It is no coincidance then (or is it 😐) that the colour of tipareth, the heart sephiroth in the tree of life is green (the emerald tablet?) and that the metal associated with tipareth is gold (the metal which in alchemy is supposedly produced by the red stone)...Is the "red stone" of alchemy perhaps in this instance the "heart of lucifer" which we have seen above was knocked from his crown?

Q. What is the ♥ of The Crown?
A. Lucifers heart, the gemstone knocked from his crown on his decent. The emerald tablet of hermes?

Kind suggestion 12DnAHelix:

To better use energies, why don't we focus into what PM2012 have **ACTUALLY PROPOSED (=TYLER & Dangerous Ideas 1 & 2)** and **judge that** vs. what we *THINK* they might "be" or "be not"?

Judging something by what that "something" has **proved to be or to not be** is much easier than judging something for what it appears or appears not to be., really.

There are not 'reptilian ideas', 'jesuitic ideas', 'luciferian ideas' or '144.000 faceted core' ideas.

In other words, ideas are just that: **ideas**.

So, what do you think about TYLER & Dangerous Ideas #1 & #2? How do you judge the epicity or *lack of* in those **ideas**?

- Personally, I think that Dangerous Idea #1 + TYLER potential TO ACTUALLY CHANGE THE WORLD for the better might be **par to the discovery of Fire, Wheel or electric energy**. Yes.
- Personally, I think that Dangerous Idea #2 of seeding Beauty & Consciousness and SHARING what you CREATE might be **par to the discovery of 'The Emerald Tablet' teachings**.
- Personally, I think that hivemind11001010010.html (pastebin (dot) com (forwardslash) LSfdQSYV) (the so-called PM2012 legacy page) ideas (SPECIAL OPS: #OP_11:11_PANIK_DANZ & #OP_MINDFUCK_THEM_HARD) are **par to the re-discovery of social activism and Performance Art**.
- Personally, I think that touching the nuts of the 'Men in Black' at FBI/CIA/NSA/etc as shown by the supposed Department of Homeland Security warning about PM2012 possible "disruptions" (Google: DHS_warns_of_planned_Anonymous_attacks) is PROOF that those ideas are considered to be REALLY DANGEROUS indeed by the very same people that support this corrupted world.
- Personally, I think that, to top it all, having a Nobel Prize finalist like **Fernando Arrabal supporting PM2012**, someone who was in friends with Dali and some of the greatest artists in the XXth century, someone **who has actually risked his own life by verbally fighting against dictators (Google: letter from Arrabal to Francisco Franco) when they were still alive**, someone who has been called 'one of the three avatars of modernism' and **the most performed living dramatic author worldwide** speaks volumes for **what PM2012 has already achieved** and adds a level of *epicity* that I hadn't seen before in any other operation in relation with Anonymous. Have you?

In other words: I think that PM2012 might have shared with us a REAL CHANCE to turn the world upside down.

But hey, you might be right, it still could be the grey aliens behind it all and that's just my personal *belief* which I'm not going to try to force upon anybody.

just my 0.01 cent$.

Only time can or will tell how things play out, but one becomes quite jaded after 16 years of waiting for the tides to even begin to be turned ...

It's almost like slow motion in reverse ...

I am sorry if I am skeptical, I am not necessarily against the ideas that are being outlined here-in and offered; I am actually for them as my own efforts have been along similar lines in some manners.

But I am just still trying to point out that there is more going on here than maybe meets the eye ...

.. and that the web is much more tangled and contrived than the majority have begun to gain glimpses upon, especially when it gets into high level secret society intrigue ...

In reality this thread hasn't even touched on unveiling anything truly heinous or what's really been going on ...

I just hope that the revolution is for real, personally; I don't like to see associations with any sinister elements; and if you look into it - there are alot of sinister elements having been involved throughout time ...

if you look into the 'occult'; there has been alot of improper use of the understanding gained ...

these are the only points I am trying to make ...

and the grey aliens perhaps might partially be behind influencing thinking about 'hive mind matrices or archives'; seeing as Aleister Crowley brought forth the image of LAM (maybe there are also other "invisibles??" involved).

There is alot to learn, and honestly; I don't think anything I have thus far said here-in hasn't been of some value or use contextually.

You still don't see me telling others what they can and can not think or post, I may put forth a cautious attitude - and tone of approach; but I also have attempted to get you people to look into some of the stuff which is now seemingly being divulged .

I personally did not know that the OTO or Oriental Templars were that high up the structure, it is a tangled web however you look at it; might still be prudent to look into the Unhived Mind ...

Let's see it be taken out again
http://forum4.aimoo.com/theunhivedmind

Perhaps it can be viewed that this effort is being sanctioned from some of the highest level occult players on the planet ...

... or so it seems and is being fronted in that manner.

I still question the motivation behind it all & the objective; or the eventual outcome sought.

Is it a Luciferian New World Order ??

Isn't that what the 'conspiracy movement' has always warned us about ?

Where is the heart of creation in all of this ???

Is effort being put forth and directed through the framework being provided in a manner that truly can transform not only our worldviews; but this planetary civilization's infrastructure ?

As far as I am concerned, most of this all is catch up; yes there has been some mindblowing tidbits put out there - and begun to be compiled and looked at ...

I think the cusp of the wave has the highest aspirations, ones that are noble as well; we only have one chance to get it right - through this period of bottlenecking - and species wide identity & direction crisis ...

Turning things upside down is fine, but in truth and reality they need to also be turned inside out / outside in ...

There are concepts that need to be touched upon ...

Notions like: ""Post Trans-Industrialization"" and ""Neo-Civilization"" ..

We need new 'mythos' for the 21st century ...

I don't have anything to contribute regarding ''Tyler'' at this point nor do I have any 'judgements' in these regards.

I am not a computer programmer or a hacker; except perhaps of the omni-dimensional multi-universal cosmosphere.

Hopefully we each will soon be hackers of reality in these regards, and can glimpse the as above / so below delineated in the base creational geometries & their mirrors at the highest levels of completion.

... gaining access to the holographic storage modules that exist within us at the quantum level within our dna, and opening the doorway into the soul matrix so that the 'original intended blueprint' can begin working it's sigil magick - granting access to interdimensional travel & hyperspatial information systems...

You peepz need to create some waves if you want this to go anywhere, anonymous does; occupy wallstreet does ...

many more waves ...

We have to get it right the first time, and there isn't any turning back ...

Perhaps this effort can help to increase the involution of novelty ...

There is hope in the younger generation, and for them ...

A stand does need to begin to be taken ...

Somehow the whole structure as it has been established needs to be invalidated, in a court of universal law - it would be ...

One more thing, 11:11 12/21/2012; the whole thing about 2012 is that it is the completion of the 13th 144,000 day time cycle ...

http://en.wikipedia.org/wiki/Baktun

To try and say that the numerical sequence 144,000 is insignificant in these contextual realms is probably not the correct approach.

11:11 = 8.8.8 ~ 13.0.0.0.0 = 144,000

((also 12 around 1 figures into the dynamic these are both ''seed sylabels' in the same manner as the sound tone "aum"))

This is the kind and level of information that "TYLER" needs to allow access into gaining ...

Got a nice find, specially for Anonymoose, but also relevant:

Gentlemen, here is the element of Alchemy, and Lucifer himself!

http://en.wikipedia.org/wiki/Phosphorus

> **Name given from Greek mythology, Φωσφόρος meaning "light-bearer" (Latin Lucifer), referring to the "Morning Star", the planet Venus.**

> Elemental phosphorus exists in two major forms: white phosphorus and red phosphorus

(article talks about **black**, **white**, **red** phosphorus...)

> Phosphorus is essential for life. As phosphate, it is a component of DNA, RNA, ATP, and also the phospholipids that form all cell membranes.

> Discovery:
> The discovery of phosphorus is credited to the German alchemist Hennig Brand in 1669, although other chemists might have discovered phosphorus around the same time.[28] Brand experimented with urine, which contains considerable quantities of dissolved phosphates from normal metabolism.[10] Working in Hamburg, Brand attempted to create the fabled philosopher's stone through the distillation of some salts by evaporating urine, and in the process produced a white material that glowed in the dark and burned brilliantly. It was named phosphorus mirabilis ("miraculous bearer of light")

Does it remind you of a certain Book of Aquarius?

Also, check the wiki link for a curious synchronicity: a bee-hive styled phosphorus structure!

Off to see what I can find.

With the scraps of Art from other Anons I have created this for teh r-Evolution
I'm quite focused on #OccupyWallst/#Occupytheplanet just like everyone else is (Including pm2012) since it seems the r-Evolution has come early.
Doesn't it feel like we (the people) finally have society in our hands, and we are just punching society and will not let go until our work is done?

Some steps towards magical discipline

Some steps towards magical discipline

http://www.rosae-crucis.net/resources.htm

Think of some activities which you perform every day of your life, with no particular effort. You shower and brush your teeth? Of course. Make coffee and eat a meal? Chat on the telephone to family or friends? Switch on the TV? Write e-mails or surf the Net? Naturally, you say, who could get through the day without doing one or all of these things? They're part of life, built into the daily routine. Here's another question then: what about your magical work? Do you do that every day too? Every day? ….. "Oh – er – well, I've been busy lately, just haven't had much time. You know, work, friends, family commitments. Well, I was about to start yesterday, but then the phone rang and I just didn't get round to it. But I'm definitely going to do something tomorrow."

Have you heard something along these lines before? Does it have an uncomfortable ring of familiarity? The member in our imaginary scenario is sincere in his motivation and has a genuine love for magical work, so why the excuses? Why does he find it such a struggle to keep up a regular discipline of daily rituals, and is there a way through this problem? I've been through similar phases myself. I've used every excuse in the book and I could take a degree in displacement activities. I am also, by nature, the laziest person on this side of the Abyss. However, gradually, through painful trial and error and some hard lessons, I have learned a few secrets about building and, most importantly, maintaining a firm pattern of consistent daily discipline, which I will gladly share.

I originally trained as a music teacher, and I can perceive certain similarities between magical and musical work. Both are concerned with the manipulation of energy, vibration and emotion, and both require huge amounts of personal effort and steady application. I was fortunate in being able to bring the discipline into my magical work which I'd learnt over the years as a musician, and it could be that some of the insights which I gained will be useful to those who are struggling to keep up their daily rituals.

There is no doubt that firm discipline, preferably formed during the earliest stages of the work, will pay incalculable dividends later on. The establishment of this discipline demands will-power, determination, self-mastery and self-knowledge, all of which are essential attributes for the aspiring magician. The habit of daily practice must become so embedded into the routine that it becomes virtually impossible to neglect it. The magician, whether beginning or advanced, should make contact with the Light/the Divine force every single day of his or her life.

This is the ideal, and it all sounds very fine. But what about the reality? The reality is that we are human beings, with mood-swings, problems, jobs and families, and we don't always feel spiritual, focused and disciplined. What happens when we just don't feel like doing our daily rituals, when suddenly we realise with a guilty shock that it's actually a week since we performed the LBRP, and we have started avoiding our mentor in the street? Why do many people have such difficulty in keeping up their daily ritual work and, most importantly, what can be done to help them?

The first step towards a well-grounded discipline is to have a thorough awareness of the aims and purposes of the work. Most people find it difficult to be motivated if they have no clear objective, so it is vital for the student to meditate seriously on what s/he personally hopes to achieve through the ritual work. Our goal-oriented society creates particular problems for students on the occult path, who have been educated in the world to expect tangible results for their efforts. The disciplined occult student will surely obtain results if s/he sincerely perseveres – but the main stumbling-block is that the results may not be immediately obvious. This lack of a tangible result can lead frequently to disappointment and loss of motivation in the early stages, if it is not properly understood. Sadly, many beginning students arrive at the following apparently logical conclusion: 1) if I do the daily rituals, I don't seem to get any results 2) if I don't do the daily rituals I still get no results but, on the other hand, at least I don't have to make any effort.

At this stage, it is vital to have faith in the process and to trust that, if you persevere diligently, there will be results, although maybe not in an immediately recognisable form. After all, if you plant a seed and water it regularly, you can't see anything happening for some time. So do you just stop watering it? No, of course not; this would be somewhat counter-productive. Instead, you must simply continue to nurture the seed, while trusting that the creative process is unfolding beneath the surface. Magical work is similar in this respect, and it is certainly not only the neophyte who spends prolonged periods groping through apparent darkness. It's during these frustrating, confusingly dry periods that a mentor can be especially valuable: someone who has been through similar problems, and who can help to maintain the student's faith in the work, support them and boost their motivation. The mentor, like the Kerux, can lead and light the way through the darkness until the student can see the path ahead for himself. (I feel, incidentally, that the Swedish word “handledare”, one who leads by the hand, expresses this concept much more satisfactorily than the English word “mentor”).

Having sincerely meditated on his/her personal aims and motivation, it is vital for the student magician to form a clear will and intention to do the regular work. This may sound obvious, but all too often there is a lack of firmness at the outset which can undermine the work later on. There must be no vagueness here and no room for excuses, unless in the case of severe illness or a family emergency. It can be an excellent plan to make the intention into a formal, personal magical vow, as this will help to guard against weakness during the difficult periods which will inevitably come. It is never too late to do this. An experienced magical colleague, after fighting a battle with inertia for over 10 years, performed a ritual of solemn intent, wrote and signed a vow to his H.G.A. and fixed the document over his altar as a perpetual reminder: today he claims that this one act revolutionised his approach to his daily magical work. Such a vow, perhaps together with a reading of the Neophyte Obligation, could be renewed on the anniversary of one’s initiation, in the form of a ritual of rededication.

However, even with firm intentions and a magical vow in place, the way of discipline is never going to be easy, and there are certain techniques which can assist in forming good working habits. If work and family allow, it is advantageous to establish a routine of doing rituals at the same time in the same place each day. This is the single most effective factor which I have discovered so far. The human body and psyche adapt favourably to an established routine (this can be seen even in very young children), and this natural tendency can be usefully harnessed when attempting a regular discipline of any kind.

If possible, try to select a time which fits the natural cycle of your own personal body-clock. If you are, as I am, a zombie in the mornings, then there is little value in rising for dawn rituals at this stage. It’s best to choose a time when you are feeling alert and refreshed, and preferably not immediately before or after a meal (both hunger and repletion can be equally distracting). For the first week or so, try setting an alarm-clock for the chosen time, and stick to it faithfully. If your body or mind object and rebel (and they will), simply ignore their protests and carry on calmly with the work, always remembering the firmness of your original intention. After a week of working regularly in this way, the alarm-clock is rarely necessary – something goes “click” in the brain at the appointed time, and this is a very good sign that the routine is becoming firmly established and internalised.

As I mentioned earlier: in addition to selecting a regular time, it is helpful to do the work in the same place each day. Of course, not everyone has the luxury of a separate temple room; however, one area, even if it is only a desk or small table, should be set aside as a permanent place for ritual practice, as this will be a powerful aid towards triggering an appropriate state of mind for the work. Wearing robes, using a favourite incense or wearing a particular item of magical jewellery set aside for ritual use will all serve to enhance this “trigger” effect. Later on, it will be quite easy to achieve the correct mood and focus without any “props”, but until that happy stage is reached, it makes sense to use whatever works best.

It is better not to be too ambitious regarding the duration of the ritual practice, particularly if discipline has already been a problem. Over-fatigue will act as a serious disincentive to further practice. Quality and regularity are much more important than length: it is more valuable to do a modest, short session on a regular daily basis than to indulge in lengthy ritual extravaganzas at erratic intervals.

As the student advances through the grades, the quantity of required ritual work increases. My own experience is that, if work and family commitments permit, it can be enormously helpful to divide the work into two (or even three) shorter sessions. Again, it is best if regular times can be firmly established. Experience will be the guide as to which kinds of rituals work best at particular times of day. If certain invocations need to be performed at astrologically elected hours, this will of course be a governing factor. Equally, if the student chooses to perform regular solar adorations, such as those in Crowley’s Liber Resh vel Helios, the times for these will obviously be set astronomically and can be usefully combined with other ritual work.

The keeping of a daily magical diary is an essential tool for the disciplined magician. It should be as ruthlessly honest and objective as is humanly possible, giving precise dates, times and content of ritual practice, together with details such as the phase of the moon and the student’s own state of mind. This objective record can be a powerful incentive to regular daily work. Excuses about phone-calls and social visits make no impression on a magical diary: a day without ritual is an uncompromising blank page, and the mere knowledge of this can be sufficient to spur one on to daily activity.

Many people find it quite difficult to work on their own over long periods: therefore another valuable source of inspiration and motivation can be to team up with a fellow-member for regular rituals, preferably one of the same grade who is going through a similar process. This can provide valuable support and feedback, and can do much to restore enthusiasm if the work has become a little stale. It is, however, unwise to draw comparisons between one’s own progress and that of another member, as each person’s magical path is unique and each member develops at his or her own individual pace.

Although the need for constant vigilance and discipline will never disappear completely, the student should find, after steady long-term effort, that the daily practice eventually takes on a momentum of its own, as the heart and soul become increasingly focused on the Higher. The realization that this is happening is one of the greatest rewards of steady and faithful application to the work, and makes sense of the struggle which has gone before. At this stage, it is truly both a duty, a joy and a privilege to perform the daily rituals, and the period set aside for the work becomes the high point and the focus of the entire day. It is then, if we are fortunate, that we may be granted a vision of the true purpose and nature of our work:

“If we are willing to persevere, to be patient, and to work at self-discipline, to aspire and to invoke often, the Angel will allow us to do all of this. For every step we make in His direction, he will take two”

(Israel Regardie, The One Year Manual)

Sorry not a whole lot of pretty pictures ...

Just wanted to insert a few contextual items into the mix for context, I would also suggest looking into the workings and dynamics of each of the 'cabal sects' listed under the auspices of the OTO ...

People want me to focus on what is, as opposed to 'what if' (or however it is you peepz are all trying to micromanage me); so seeing Alejandro Jodorowsky & Fernando Arrabal were orchestraters of the 'Panic Movement'.

Panic Movement
http://en.wikipedia.org/wiki/Panic_Movement

I don't think I have seen anyone here-in refer to Occulture, and as you can see a quote from Alan Moore is in the definition. If it has been referred to, I apologize.

I would categorize Project Mayhem 2012 as existing in this realm of Occulture.

Occulture definition:
http://artandpopularculture.com/Occulture

The term Occulture was coined by a guy named Genesis P-Orridge, so I would suggest doing a query for this gender identity confused freak.

Genesis P-Orridge
http://en.wikipedia.org/wiki/Genesis_Breyer_P-Orridge
http://www.genesisbreyerporridge.com/

Artist Provocateur Genesis Breyer P-Orridge Lives By the Last Exit To Brooklyn
http://www.villagevoice.com/2011-02-16/news/genesis-p-orridge-throbbing-gristle-home-manhattan/

Not much comes up if you do querying for occulture, a little more in depth search might bear more fruit.

Occulture
http://www.stewarthomesociety.org/features/aocfeat.htm

That website has an interesting section entitled:

THE SLEAZE CINEMA OF ALEJANDRO JODOROWKSY
http://www.stewarthomesociety.org/sex/jodow.htm

In these realms, I would also suggest looking into paratheatre ...

The Concept of Paratheatrical
http://www.jstor.org/pss/1146050

Paratheatrical Research
http://www.paratheatrical.com/

Not much else comes up:
http://www.paratheatre.com/

Regarding the occult ..

If anyone is looking to gain further (introductory level) contextual frame of reference regarding the occult; I would suggest looking into the work of Colin Wilson.

Especially his book: ""The Occult"", I could only find a 12 page excerpt on scribd; more thorough searching might bear more fruit.

Colin Wilson
http://en.wikipedia.org/wiki/Colin_Wilson

There is an interview with him on Red Ice Radio / youtube.

YES, YES, YES !!!!

This is what I have been trying to tell you people, but not that it is just the base creational pattern for the entire universe ...

but that as a base creational geometry, the seed of life is mirroed at the highest levels of completion ...

as an omni-dimensional multi-universal cosmosphere ...

REI UNIUS was discussed earlier in the thread Youme2...it means "of the one thing" in latin, which also references alchemy...think it was around page 9 of this thread. and I think "inversion is the name of the game"

maybe a joke as in the name of the game is turning everything on it's head

and well spotted on the new source code Youme2 that has changed, I was suspecting as much since we

were given the current enigma and the curiosly cryptic Hivemind task to analyse.

If 12DNA posts nonsense in this thread again, the following events will occur; Myself as well as other posters on the forums will sock it up, talk about zionist reptilian aliens taking over if we don't raise our vibrations, pony bomb it, and then direct a mod who cares nothing of Project Mayhem to /B/atcave this shit and possibly lock it.

You have been forewarned.

Why would you do that? It has been explained time and time again that the batcave shit is all part of the game and the thread doesnt hurt anything.

Also, they have re-updated http://projectmayhem2012.org/ though everything seems to be the same but the main picture.

You seem to have run a foul of something with wicked claws. What did that to you?

Well I believe Hijaqd is working on sorting through all "off Topic" posts in this thread, but as I'm sure you can appreciate it's a mammoth task being over 90 pages between the two parts...give him a little time. Any "off Topic" stuff wouldn't have been a problem if the thread was modded a bit more earlier on...but I agree some of the tangeants that certain posters have gone off in has not been helpful.

I'll PM Hijaqd tomorrow and see how he's getting on with finding a solution to tidying up some of the mess in this thread, but before you all get trigger happy on a thread because of one users posts lets see if we can reach a moderated solution first.

Thankyou Geno and Durandarte for your concern in keeping this thread on topic and in focus. As has been stated the subject matter involved in solving the enigma can become quite a hornets nest of moonbattery if personal beliefs start getting pushed as opposed to focused and defined research into solving the enigmas. Left unchecked by moderators I'm afraid this thread has in parts become the flame to the moonmoths some moderation is needed to keep it on topic.

but as the old saying goes "don't throw the baby out with the bathwater"

As far as there "Being no secret."

Reminds me of something.

> The art of intelligence and spying is not the practice of being the best liar, but rather that of being best able to serve up the truth.
>
> One other thing that is always important to keep in mind, is serving chicken surrounded by caviar will distract from the cheap center, but you can always stuff the chicken with gems.
>

Originally intended for diabolical purposes, I found a deeper meaning within myself from my experiences dealing with this. And as you know, Universal truth is whatever applies to you - yourself.

Stuff the chicken with gems to me was more of a metaphor of discovering the beauty inside yourself, because when you found out of the cheap center, after spending so much time sorting through the mysteries or lies or half-truths, you realize the answer was always within you.

Yeah, cheesy cliches. But they tickle me deep down. It is all art and creativity after all.

Forgive my ramblings.

BACK TO THE 1111TH ENIGMA!!!!

pm2012 gave us more clues, how nice of them
i skimmed through them for now, because i dont feel like spending time on this now, im tired from school and didnt get many sleep. So...

http://piratepad.net/azCMfaYW6W
http://piratepad.net/LZrXRgTBoA
http://piratepad.net/0TbMEoGIDz

> "...the Pope dances with Zarathustra, for his bachelorhood is less and less hereditary..."

that was the correct translation i couldnt figure out

and i noticed this too

> The End of The World is Near
> All Hope will be Gone
> Now the signs are being fulfilled
> They are being fulfilled as it is written
> Dear Friend, the Lily calls you
> Don't make hard your heart
> Surrender to the Lily, give she your soul
> And you will be part of the resurrection.

The lily....priory of sion of course
and then i did some quick digging and found this!! It contains A LOT of relevant info i believe!

http://www.perillos.com/socang_4.html

> The mortal remains of Jean Cocteau reside in Milly-la-ForÃªt, in a chapel whose walls are painted by the master himself. One side of the structure is totally dedicated to a religious theme: **the resurrection**

> **of Christ**. **This idea of resurrection is always very close to the heart of Cocteau**. **For sure, the theme is at the** **heart** **of the Catholic Church**, **if not at the core of its very existence**. But when we look at this fresco more closely, we immediately note that there are certain items that are not conform the dogma. As Cocteau said himself: we need to look beyond the things as they seem to be. So: why are there two crowns of thorns? We can only think of the church of SauniÃ¨re, in which we have two â€œJesus as a childâ€�, they too placed prominently in the choir. Does Cocteau wish us to ponder whether there was a double of Christ? **The second crown, on the right, also seems to be somewhat more surreal than the other**. **It is in fact an angel who discovers it, while lifting up a veil(LITTERAL MEANING OF APOCALYPSE AND REFERS TO ENDING OF THE WORLD FROM THE LITTLE POEM I QUOTED FROM PM2012**,
>
> whereas the niche in which the other is placed â€œaccidentallyâ€�, is next to the depiction of a Roman soldier. **Christ, standing, has his aureole, as he should have. Around his head? No, around his hand! It is therefore impossible not to remark how his index finger is pointing towards the sky**. As such, the Christ as painted by Cocteau makes the sign that is typically associated with John the Baptist, including in the paintings of this saint as executed by Leonardo Da Vinci. But it is clear that times have changed, for in his time, Leonardo Da Vinci would never have dared to be so clear about it! **Cocteau, who stated he had this â€œfraternal bondâ€� with our Florentine artist, similarly used this church to convey his message â€“ and decided that this was where he wanted his mortal remains to remainâ€¦ while his spirit lived in the Angelic Realm?**

I also found this

> **Inversionsâ€¦ everything is inverted**
>
> It is known and clearly on display in his movies that Jean Cocteau had a great respect for mirrors which were, for him, entrancesâ€¦ gateways to communicate with another world, the world of angels. The best examples of this are â€œOrpheusâ€� and â€œTestament of Orpheusâ€�. The mirror as an access to another dimension is an old concept. The Irish Celts stated how the surface of a lake, which reflects the landscape, was seen as a possible entrance to another dimension.
> SauniÃ¨re too was passionate about inversions. The most obvious example of this is the model, which he ordered at the end of his life, as something of a testament. The model is the inversion â€“ the mirror â€“ of a geographical location near the village of Perillos. But there is another example of SauniÃ¨reâ€™s devotion to mirrors, and this is obvious in the church of Rennes-le-ChÃ¢teau. First, there are the inverted stations of the cross, which go contrary to the normal direction. But it is mainly the work of Alain FÃ©ral that revealed a â€œmirror churchâ€� that is present in the village. Next to the visible church, sits an â€œinvisible churchâ€�, inside the Calvary garden. Key features were placed there in such a way that they would mirror the â€œactual churchâ€�.
> The lateral alleys of the garden reproduce the walls of the church. The central alley of the garden equally mirrors the central corridor of the church. This could, indeed, be a mere coincidence, but there is more. The work of FÃ©ral shows that the altar inside mirrors the Calvary, just like the Visigothic pillar of the Virgin mirrors the confessional. The confessional is for the sinners, those who confess, whereas the pillar carries the words â€œPenitence â€“ Penitenceâ€�. And perhaps it is a coincidence, but one stained glass window of the sanctuary carries an inverted wordâ€¦ **NOISâ€¦ SION**?

wtf? inverzion is the name of the game, right? 🙂

also interesting:

What is the heart of the crown?
Answer: The idea of ressurection?

I will look closer into it tonight, for now i'm gonna relax!

also @ pm2012
I noticed much was translated to deutsch, irish etc.
Would you like it in dutch too? Not that most countries speak dutch, also almost all dutch ppl can speak english but w/e. If you say yes, then i'll translate it in dutch for you!

I honestly think there are a few here-in who are not very bright, I am not even going to give you who are not very bright the time of day.

Ignorance is not very becoming, espcially as it relates to the unfoldment of timelines within the spatial field; or which eventual outcome will be arrived at.

Put this thread and effort in the batcave, sooner or later it is going to break out beyond the bounds of this nest of dully glowing individuals ...

If you wanted this effort to go somewhere, it would have been taken to GLP initially; as opposed to whatis-theplan ...

Although I wouldn't be suprised if whatis-theplan is somehow associated with those behind PM2012.

Still, nothing that I have thus put forth is outside the scope of what is going on here; none of it - if any of you truly were consciously aware.

If anyone censors or removes any more of my posts, I am out; and I will not return - do you really want to tempt the fates though ?

This effort wouldn't have gotten to this point even, had I not been here; or perhaps it would have ...

But the fact of the matter is that I am here and have been ...

The dragon lore should enter into the mix, as it is intertwined into this dynamic - which reaches up into the apex down into the base ...

Honestly, I am really tired of stupidity ...

You people (who think their snide humor is funny) are supposed to be the cutting edge of consciousness at the cusp of the wave ...

... WHY AREN'T YOU ??? ...

That's all I have to say in these regards.

Yes, more clues; maybe you all will wake the fuck up.

😳

For non-dupes, perhaps now the "meat" is truly being hinted at; without which - how can we have any pudding.

I will address this specifically, so let me forewarn you in reciprocation.

As far as I know, the House of Rothschild are not associated with the factions of reptilian/draconian intelligence whom I have been associated with.

The Rothschild's are Sabbatean Frankists (and court jews), and if the house of rothschild were on the same side as those who I have been in communication with; they probably would have listened and taken me seriously ...

There is good and evil within all life form morphs, and personally I do not ascribe to David Icke's notions in their entirety - never have, nor will I ever ...

There is more to the picture than even he is aware of, more than I am aware of also ...

---

If you people weren't serving the agenda you front that you are fighting, you would know that the House of Rothschild should be Anonymous #1 target ...

The House of Rothschild should be the first dominoe to fall ...

The family, not the structures they established; but ANONYMOUS mostly seems to be composed of dupes ...

When ANONYMOUS was chasing after Scientologists, I was going after the House of Rothschild; one young man (actually years before anonymous came into being).

What were you doing, suckin' your mom's teetas still ??
